

Visoud K18

Visoud K18 Wireless CarPlay Adapter User Manual

Model: K18

1. INTRODUCTION

The Visoud K18 Wireless CarPlay Adapter provides a convenient solution for converting your vehicle's wired CarPlay or Android Auto system into a wireless one. This adapter allows for seamless integration with your smartphone, offering features like one-touch disconnect and quick reconnection for an enhanced in-car experience.

2. PRODUCT OVERVIEW

The K18 adapter is designed for ease of use and reliable performance. Its compact, T-shaped design integrates smoothly into your car's interior. Key features include:

- **Wireless Connectivity:** Converts wired CarPlay/Android Auto to wireless.
- **One-Touch Disconnect:** Effortlessly disconnect your device with a single press.
- **Quick Reconnection:** Reconnect or switch between devices rapidly.
- **Plug and Play:** Simple setup process for immediate use.

3. SETUP INSTRUCTIONS

Follow these steps to set up your Visoud K18 Wireless CarPlay Adapter:

1. **Plug into USB:** Connect the K18 adapter to your car's USB port that supports wired CarPlay or Android Auto. The adapter will power on.

Image: The K18 adapter connected to a car's USB port, illustrating the first step of installation.

2. **Pair with Phone:** On your smartphone, enable Bluetooth and Wi-Fi. Search for the adapter's Bluetooth name (usually displayed on your car's screen or the adapter itself) and pair with it. Confirm any pairing requests on both your phone and car screen.

Image: A smartphone displaying the Bluetooth pairing process with the K18 adapter, indicating the wireless connection setup.

3. **Connect & Use:** Once paired, your car's infotainment system should automatically launch wireless CarPlay or Android Auto. The initial connection typically takes about 15 seconds. Subsequent reconnections are faster, usually around 5 seconds.

4. OPERATING INSTRUCTIONS

The K18 adapter features a physical button for convenient control:

- **Single Tap to Disconnect:** While a device (Device A) is connected and active, a single press on the adapter's button will disconnect Device A from CarPlay/Android Auto.

Physical Button Control

Effortlessly disconnect with a single press or quickly reconnect

Image: Illustrates the process of disconnecting a device by a single tap on the K18 adapter's button.

- **Double Tap to Reconnect/Switch Device:** If a device is disconnected, or if you wish to switch to another previously paired device (Device B), a double press on the adapter's button will initiate reconnection or switch to Device B.

Physical Button Control

Effortlessly disconnect with a single press or quickly reconnect

5. COMPATIBILITY

The Visoud K18 Wireless CarPlay Adapter is designed for broad compatibility:

- Works with approximately 98% of cars equipped with factory wired CarPlay.
- Supports iPhones running iOS 10 and newer.
- Supports Android smartphones running Android 11 and newer.

6. TROUBLESHOOTING

If you encounter issues with your K18 adapter, consider the following:

- **No Connection:** Ensure your car's USB port supports wired CarPlay/Android Auto. Try a different USB cable if applicable. Confirm Bluetooth and Wi-Fi are enabled on your phone.
- **Intermittent Connection:** Check for firmware updates for the adapter (if available from Visoud support). Ensure no other Bluetooth devices are interfering.
- **Slow Response:** Restart both your phone and the car's infotainment system.
- **CarPlay/Android Auto Not Launching:** Verify your phone's operating system meets the minimum requirements (iOS 10+, Android 11+).
