

HITHOS 70" H LED Kitchen Pantry Cabinet

HITHOS 70" H LED Kitchen Pantry Cabinet with Charging Station
Instruction Manual

Model: 70" H LED Kitchen Pantry Cabinet

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference. Failure to follow these instructions may result in injury or damage to the product.

- Always assemble the cabinet on a soft, clean surface to prevent scratches.
- Ensure all parts are present and undamaged before beginning assembly. Contact customer support immediately if any parts are missing or damaged.
- Do not overtighten screws during assembly, as this may damage the material.
- For stability, ensure the cabinet is placed on a level surface.
- Do not exceed the maximum load capacity of shelves or the charging station.
- Keep children and pets away from the assembly area.

2. PRODUCT OVERVIEW

The HITHOS 70" H LED Kitchen Pantry Cabinet is designed to provide versatile storage and functionality for your kitchen or dining area. It features a built-in charging station, adjustable RGB LED lighting, a wide storage drawer, and multiple cabinets with adjustable shelves.

3. PACKAGE CONTENTS

Your HITHOS pantry cabinet is delivered in two separate packages (Box A and Box B), which may arrive on different days. Please ensure you have received both packages and all components before starting assembly.

Included Components:

- All necessary engineered wood panels for the cabinet structure.
- Hardware kit (screws, dowels, cam locks, hinges, drawer slides, handles).
- Charging station unit with AC outlets and USB ports.
- RGB LED light strip and controller.
- Adjustable shelves (6 total).
- Instruction manual.

Note: Please check the parts list in the separate assembly guide provided in the packaging to verify all components are present.

4. ASSEMBLY INSTRUCTIONS

Assembly of this cabinet is designed to be straightforward. For a stress-free experience and to ensure proper construction, we recommend that **two adults** complete the installation.

General Steps:

1. **Unpack and Organize:** Carefully unpack all components from both boxes. Lay out all parts on a clean, soft surface. Group similar hardware items together.
2. **Identify Parts:** Refer to the detailed parts list and illustrations in the separate assembly guide to identify each component. Each part is typically labeled with a number or letter.
3. **Assemble Base Unit:** Begin by assembling the base frame of the cabinet, following the numerical sequence in the assembly guide.
4. **Install Drawer Slides:** Attach the drawer slides to the cabinet frame and the drawer box as instructed.
5. **Construct Drawer:** Assemble the drawer box and insert it into the installed slides.
6. **Assemble Upper Section:** Build the upper cabinet sections, including the microwave stand area.
7. **Install Charging Station:** Secure the charging station into its designated slot in the microwave stand area. Ensure the power cord is routed correctly.
8. **Attach LED Lights:** Adhere the RGB LED light strip to the underside of the upper cabinet section, ensuring the controller is accessible.
9. **Mount Doors and Hinges:** Attach hinges to the cabinet doors and then mount the doors to the cabinet frame. Adjust hinges as needed for proper alignment.
10. **Insert Adjustable Shelves:** Place the adjustable shelves at your desired heights using the provided shelf pins.
11. **Attach Handles:** Securely fasten all cabinet and drawer handles.

Tip: If you encounter any gaps or misalignment with the cabinet doors, refer to the hinge adjustment instructions in your assembly guide. Minor adjustments can often resolve these issues.

5. OPERATING INSTRUCTIONS

5.1. Charging Station

The built-in charging station provides convenient power access for your kitchen appliances and electronic devices. It is located in the open countertop area of the cabinet.

- **Power Connection:** Plug the cabinet's main power cord into a standard 120V AC wall outlet.
- **AC Outlets:** Two 125V/12A AC outlets are available for appliances like coffee makers, blenders, or microwaves.
- **USB Ports:** Two 5V/2A USB ports are provided for charging smartphones, tablets, or other USB-powered devices.
- **Maximum Load:** The charging station has a maximum load capacity of **1500W**. Do not exceed this limit to prevent electrical overload.

Convenient Built-in Charging Station

It offers a clean, organized solution to keep your everyday electronics powered and ready for use.

5.2. RGB LED Light

The integrated RGB LED light strip illuminates the countertop area, allowing you to customize the ambiance of your space.

- **Control Methods:** The LED lights can be controlled via a dedicated mobile application (download instructions typically found in the LED light packaging) or a physical key control (if included).
- **Color Options:** Access over 60,000 colors through the app to match your mood or decor.
- **Timing Mode:** Set schedules for the lights to turn on or off automatically.
- **Adjustable Brightness:** Dim or brighten the lights to your preference.
- **Mic Mode & Music Sync:** Some models may feature modes that allow the lights to react to sound or music, enhancing the atmosphere.

5.3. Storage Features

The cabinet offers diverse storage solutions to keep your kitchen organized.

- **Adjustable Shelves:** Six adjustable shelves are distributed across the upper and lower cabinets, allowing you to customize storage space for items of various heights.
- **Wide Storage Drawer:** A spacious drawer is ideal for organizing small, frequently used items such as utensils, napkins, or small pantry staples.
- **Microwave Stand Area:** The open countertop section is designed to accommodate a microwave or other small kitchen appliances, serving as a dedicated coffee bar or food prep zone.

Figure 5.4: An illustrative diagram highlighting the designated storage zones within the cabinet, including areas for spices, tableware, cookware, and home appliances, demonstrating its organizational potential.

6. MAINTENANCE

Proper care and maintenance will ensure the longevity and appearance of your HITHOS pantry cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the engineered wood finish.
- **Spills:** Clean up spills immediately to prevent staining or water damage.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary, but do not overtighten.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the finish.

7. TROUBLESHOOTING

If you encounter any issues with your HITHOS pantry cabinet, refer to the following common troubleshooting tips:

- **LED Lights Not Working:**
 - Ensure the cabinet's main power cord is securely plugged into a functional wall outlet.
 - Check the connection of the LED light strip to its controller and power source.
 - Verify that the LED controller is powered on and functioning correctly (e.g., check battery if remote-controlled).
- **Charging Station Not Providing Power:**
 - Confirm the cabinet's main power cord is plugged in and the wall outlet is active.
 - Ensure the total wattage of connected devices does not exceed the 1500W maximum load.
 - Test the charging station with a different device to rule out device-specific issues.
- **Cabinet Doors Misaligned:**
 - Adjust the hinges using a screwdriver. Most hinges allow for vertical, horizontal, and depth adjustments. Refer to the assembly guide for specific hinge adjustment instructions.
 - Ensure the cabinet is on a level surface. Uneven flooring can cause door misalignment.
- **Drawer Not Sliding Smoothly:**
 - Check that the drawer slides are correctly installed and aligned.
 - Ensure no objects are obstructing the drawer's movement within the cabinet.
 - Verify that all screws on the drawer slides are tightened.

If these steps do not resolve the issue, please contact HITHOS customer support for further assistance.
