6. Maintenance

6.1 Cleaning the Velvet Fabric

- **Regular Cleaning:** Gently vacuum the velvet fabric regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain and damage the pile.
- **Damp Cloth:** For stubborn spots, lightly dampen a clean, soft cloth with mild soap and water. Test on an inconspicuous area first. Gently blot the stain, then blot with a clean, damp cloth to remove soap residue. Allow to air dry completely.
- **Avoid:** Do not use harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the velvet.

6.2 General Care

- Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Avoid prolonged exposure to direct sunlight to prevent fading of the fabric.
- Keep the chair away from heat sources and excessive humidity.

7. Troubleshooting
