roomfitters RF-W487S00515

roomfitters King Size Upholstered Bed Frame

MODEL: RF-W487S00515 - INSTRUCTION MANUAL

Introduction

Welcome to your new roomfitters King Size Upholstered Bed Frame. This manual provides essential information for assembly, usage, maintenance, and troubleshooting. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety First:

- Ensure all components are present and undamaged before assembly.
- Do not use power tools for assembly unless explicitly instructed, as this may overtighten fasteners and damage the frame.
- Keep small parts away from children during assembly.
- Assemble the bed frame on a soft, clean surface to prevent scratches.

Parts List

Before assembly, verify that all parts listed below are present. If any parts are missing or damaged, please contact customer support immediately.

Component	Quantity
Headboard	1
Side Rails	2
Footboard	1
Center Support Beam(s)	As required by design
Support Slats	Multiple

Component	Quantity
Support Legs (for center beam)	As required by design
Hardware Pack (bolts, washers, nuts, Allen wrench)	1 set
Installation Manual	1
Installation Tool	1

Setup Instructions

Follow these steps to assemble your roomfitters King Size Upholstered Bed Frame. It is recommended to assemble the bed frame with two people for ease and safety.

- Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify each part using the parts list.
- Attach Side Rails to Headboard:** Align the connection points of the side rails with the headboard. Secure them using the provided bolts and washers. Hand-tighten initially.
- Attach Footboard:** Connect the other ends of the side rails to the footboard. Secure with bolts and washers, hand-tightening.
- Install Center Support:** Attach the center support beam(s) to the designated points on the headboard and footboard or side rails. Install any support legs for the center beam, ensuring they are stable.
- Place Support Slats:** Lay the wooden support slats across the frame. Ensure they are evenly spaced and secured into place using any provided fasteners or clips.
- Final Tightening:** Once all components are in place, use the provided Allen wrench to fully tighten all bolts. Do not overtighten.

Usage Guidelines

This bed frame is designed for use with a King size mattress. A box spring is not required due to the robust platform support system.

- Ensure the mattress is properly centered on the frame to distribute weight evenly.
- Avoid standing or jumping on the bed frame, as this can cause damage to the slats or frame structure.
- Do not exceed the recommended weight capacity of the bed frame.

Care and Maintenance

Proper care will extend the life and appearance of your bed frame.

- **Regular Inspection:** Periodically inspect all fasteners (bolts, screws) to ensure they remain tight. Retighten as necessary to maintain stability.

- **Cleaning Upholstery:** For general cleaning of the upholstered fabric, wipe with a damp cloth. For routine dusting, wipe with a dry cloth.
- **Avoid Harsh Cleaners:** Do not use harsh chemicals, abrasive cleaners, or solvents on any part of the bed frame, as these can damage the finish or fabric.
- **Spill Management:** Blot spills immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain.

Troubleshooting

Refer to this section for solutions to common issues.

Issue: Bed frame feels unstable or produces squeaking noises.

Solution: Check all bolts and screws. Tighten any loose connections using the provided Allen wrench. Ensure all support legs, especially those for the center beam, are making firm contact with the floor and are not bent or damaged.

Issue: Wooden slats are shifting or falling out of place.

Solution: Ensure all slats are correctly positioned within their designated slots or supports. Verify that the mattress is evenly distributed across the slats and not causing excessive pressure on one area. If applicable, ensure any slat securing mechanisms are engaged.

Product Specifications

Feature	Detail
Model Number	RF-W487S00515
Brand	roomfitters
Size	King (U.S. Standard)
Material	Foam (Upholstery), Wood (Slats), Metal (Frame)
Product Dimensions (L x W x H)	88.5" x 85.5" x 24"
