

Lugia Arctic (Model 8721249467424)

Lugia 1.8L Slushie Maker with Compressor - Instruction Manual

Model: Arctic (8721249467424)

Brand: Lugia

1. INTRODUCTION

Thank you for choosing the Lugia 1.8L Slushie Maker. This appliance is designed to prepare a variety of frozen beverages, including slushies, milkshakes, frappés, smoothies, and frozen cocktails, using an integrated compressor for automatic cooling. This manual provides essential information for safe operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

The Lugia 1.8L Slushie Maker, ready to prepare a variety of frozen beverages.

2. SAFETY INSTRUCTIONS

Please read all safety instructions carefully before using the appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Ensure the appliance is placed on a stable, flat, and dry surface.
- Do not immerse the main unit in water or any other liquid.
- Keep the appliance away from heat sources and direct sunlight.
- Do not operate the appliance with a damaged cord or plug.
- Unplug the appliance from the power outlet when not in use and before cleaning.
- This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction.
- Children should be supervised to ensure they do not play with the appliance.
- Only use accessories recommended by the manufacturer.

3. PRODUCT COMPONENTS

Familiarize yourself with the main parts of your Lugia Slushie Maker:

- Main Unit with Integrated Compressor
- 1.8L Transparent Mixing Bowl
- Mixing Paddle
- Dispensing Tap
- Drip Tray
- Lid
- LED Touch Control Panel

4. SETUP

Follow these steps for initial setup:

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Placement:** Place the main unit on a clean, dry, stable, and level surface. Ensure there is adequate ventilation around the appliance.
3. **Initial Cleaning:** Before first use, wash the mixing bowl, lid, mixing paddle, and drip tray with warm, soapy water. Rinse thoroughly and dry completely. Wipe the main unit with a damp cloth.
4. **Assembly:** Insert the mixing paddle into the mixing bowl. Place the mixing bowl onto the main unit, ensuring it is securely seated. Attach the lid. Position the drip tray under the dispensing tap.
5. **Power Connection:** Plug the power cord into a grounded electrical outlet.

Eenvoudig schoonmaken

Met spoelprogramma en
afneembare onderdelen.

The self-cleaning function simplifies initial and post-use cleaning.

5. OPERATING INSTRUCTIONS

The Lugia Slushie Maker features an intuitive LED touch screen and 7 automatic programs for various frozen treats.

5.1. Preparing Your Beverage

1. **Power On:** Touch the power icon on the LED screen to turn on the appliance.
2. **Fill Reservoir:** Pour your desired liquid ingredients (juice, soda, milk, cocktail mix, etc.) into the 1.8L mixing bowl. Do not exceed the maximum fill line.
3. **Select Program:** Choose one of the 7 automatic programs from the touch screen:
 - **Slush:** For classic frozen slush drinks.
 - **Milkshake:** For creamy, thick milkshakes.
 - **Frappé:** For coffee-based or similar blended iced drinks.
 - **Frozen Juice:** For fruit-based frozen beverages.
 - **Cold Drinks:** To simply chill beverages without freezing.
 - **Soft Ice:** For a softer, ice cream-like consistency.
 - **Spiked Slush:** For alcoholic frozen cocktails.

4. **Start Process:** Press the 'Start' button. The integrated compressor will begin cooling and mixing automatically. The process typically takes 15-60 minutes depending on the program and initial temperature of ingredients.
5. **Dispense:** Once the program is complete, place a glass under the dispensing tap and pull the tap handle to serve.

The 7 automatic programs offer versatility for various frozen beverages.

Maak thuis de perfecte slush

In slechts 15–60 minuten heerlijke ijskoude drankjes.

Easily create perfect slushies at home in 15-60 minutes.

5.2. Key Features

- **Integrated Compressor:** No pre-freezing or ice cubes are required. The machine automatically cools and mixes ingredients.
- **1.8L Capacity:** Ideal for preparing multiple servings for families, parties, or summer gatherings.
- **Temperature Retention:** Beverages remain perfectly cooled for up to 3 hours after preparation.
- **Convenient Dispensing Tap:** Designed for easy, mess-free serving.

Zelfkoelende technologie

Geen ijsblokjes nodig.
De machine koelt en mixt automatisch.

The self-cooling technology eliminates the need for ice cubes, automatically cooling and mixing.

Grote 1,8L capaciteit

Perfect voor feestjes,
familie en zomerse
dagen.

The large 1.8L capacity is perfect for parties, family, and summer days.

Handige tapkraan

Schenk eenvoudig
slushies zonder morsen.

The convenient tap allows for easy and mess-free dispensing of slushies.

Blijft tot 3 uur perfect gekoeld

Altijd de ideale temperatuur voor je drankje.

The machine keeps drinks perfectly cooled for up to 3 hours, maintaining the ideal temperature.

6. CLEANING AND MAINTENANCE

Regular cleaning ensures hygiene and extends the life of your appliance.

6.1. Auto-Cleaning Function

1. After use, empty any remaining liquid from the mixing bowl.
2. Fill the mixing bowl with clean water up to the maximum fill line.
3. Select the auto-cleaning program (refer to the LED screen icons).
4. Allow the program to run. This will rinse the internal components.
5. Once complete, drain the water through the dispensing tap.

6.2. Manual Cleaning

1. Unplug the appliance from the power outlet.
2. Disassemble the mixing bowl, lid, mixing paddle, and drip tray.
3. Wash these removable parts with warm, soapy water. Use a soft brush for hard-to-reach areas.
4. Rinse all parts thoroughly with clean water and dry completely before reassembly or storage.
5. Wipe the exterior of the main unit with a damp cloth. Do not use abrasive cleaners or immerse the main unit in water.

7. TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outlet fault.	Ensure power cord is securely plugged in. Test outlet with another device.
Beverage not freezing.	Incorrect program selected; ingredients too warm; too much liquid.	Select appropriate program. Use chilled ingredients. Do not exceed max fill line.
Mixing paddle not rotating.	Paddle incorrectly installed; obstruction.	Check paddle installation. Ensure no foreign objects are in the bowl.
Error code displayed.	Internal malfunction.	Unplug the appliance, wait 5 minutes, then plug it back in. If the error persists, contact customer support.
