CARE AND MAINTENANCE

Velvet Fabric Care

The sofa is covered in high-quality 500GSM velvet fabric, which is soft, breathable, and durable. To maintain its appearance and longevity:

- **Regular Cleaning:** Vacuum regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain and damage the fabric pile. For stubborn stains, use a mild, water-free solvent or dry-cleaning product. Test on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa away from direct sun exposure or use curtains/blinds.
- **Pet-Friendly Design:** While the material is designed to resist wear from claws, regular grooming of pets and using protective covers can further extend the fabric's life.
