MXV TS08

MXV 80-inch Fireplace TV Stand User Manual

Model: TS08

1. Important Safety Information

Overheat Protection: This unit includes overheat protection. Do not place flammable materials near the fireplace.
Stability: Ensure stable placement of the TV stand to prevent tipping.
Assembly: Follow all assembly instructions carefully. Failure to do so may result in injury or damage to the product.
Certifications: The electric fireplace component is CSA, ETL, and UL-certified for safety.

2. Product Overview

The MXV 80-inch Fireplace TV Stand (Model TS08) is a media console designed to accommodate TVs up to 90 inches. It features an integrated 36-inch electric fireplace, adjustable LED lighting, and ample storage. The stand is constructed from P2-grade eco-friendly MDF and FSC-certified board with a high-gloss finish.
This unit combines contemporary design with functional features, including adjustable flame effects, temperature control, and convenient storage solutions.

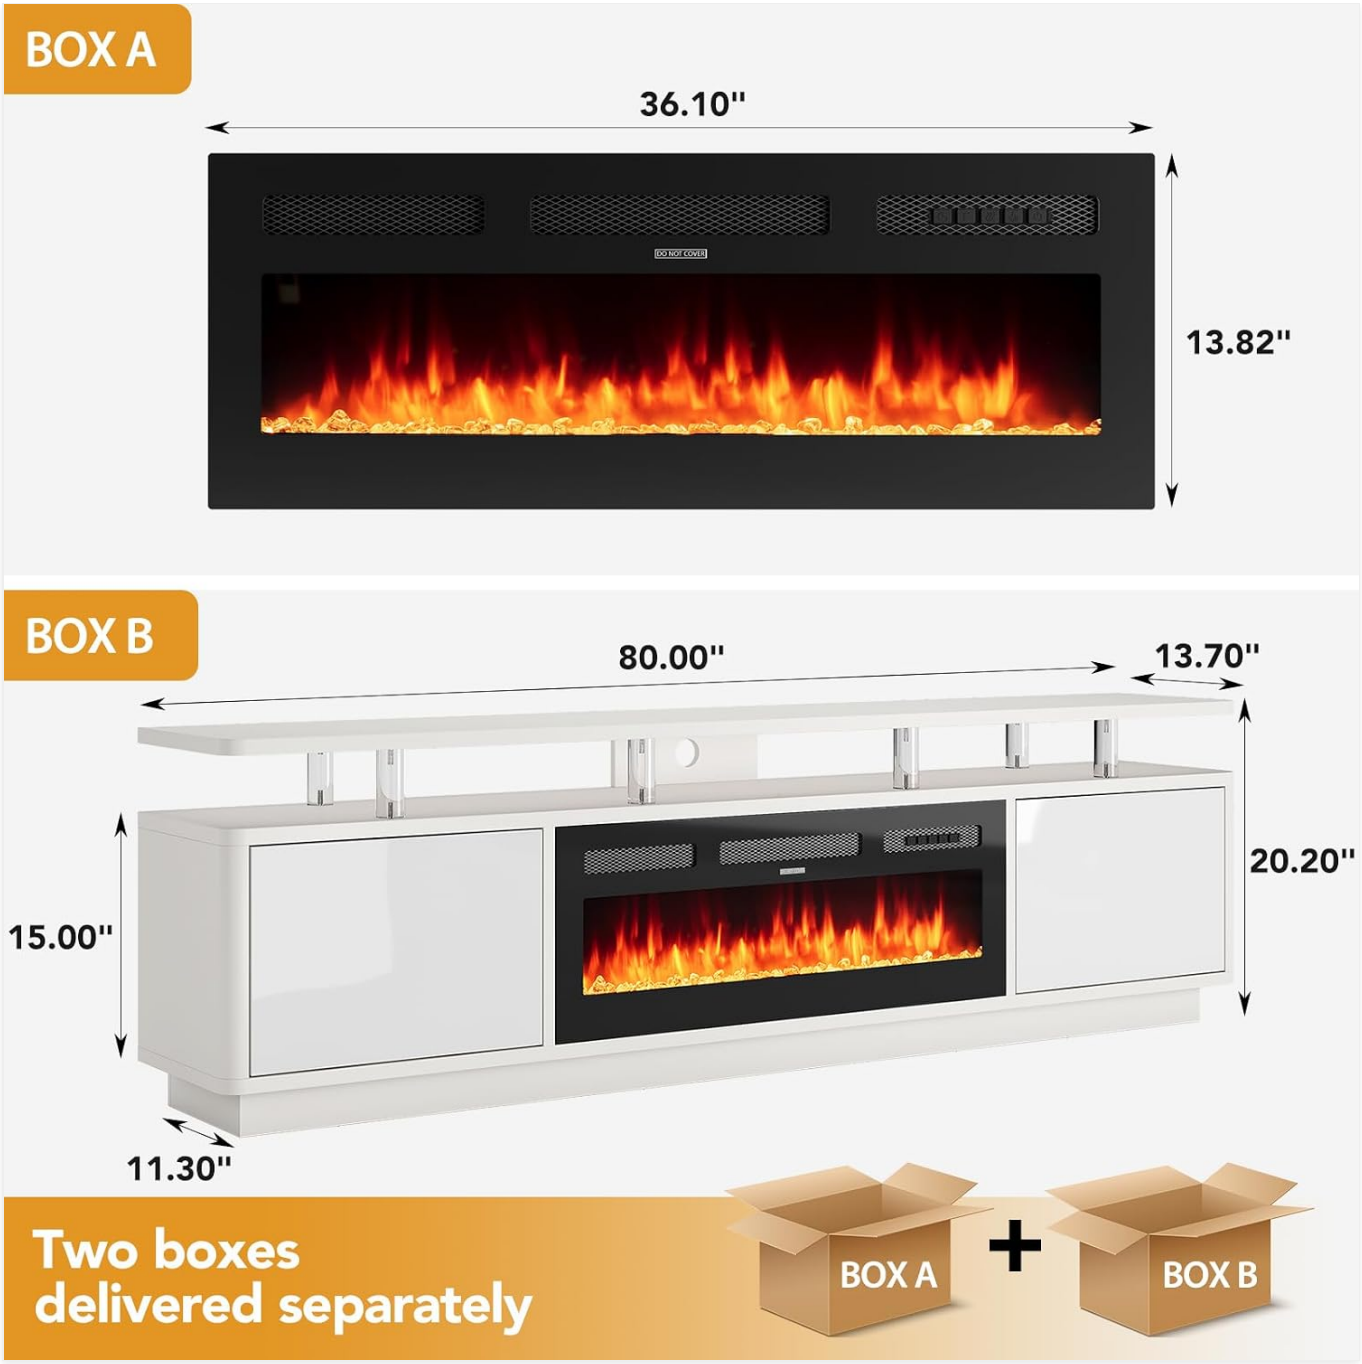

Figure 2.5: Detailed dimensions of the TV stand and the 36-inch electric fireplace insert. The product ships in two separate boxes.

3. Setup and Assembly

The MXV Fireplace TV Stand is designed for straightforward assembly. It ships in two separate packages, which may arrive at different times. Please ensure you have both boxes before beginning assembly.

3.1 Package Contents

Verify all parts are present by checking against the included parts list in the manual. The packages contain clearly numbered parts, pre-drilled holes, and an illustrated manual to guide you through the process.

3.2 Assembly Time

Assembly typically takes approximately 2 hours with 1 to 2 people.

3.3 Tools Required

Standard household tools (e.g., screwdriver, hammer) may be required. Refer to the assembly manual for a complete

list.

4. Operating Instructions

4.1 Electric Fireplace Operation

The integrated 36-inch electric fireplace provides warmth and ambiance.

- **Heating:** Features dual power modes (750W/1500W) and can heat areas up to 400 sq. ft.
- **Temperature Control:** Adjustable temperature settings from 60°F to 99°F.
- **Timer:** Includes a 0–8 hour timer for automatic shut-off.
- **Flame Effects:** Enjoy 3D realistic flame effects that can operate with or without heat. There are 12 flame colors and 5 brightness levels to choose from.
- **Remote Control:** All fireplace functions, including temperature, timer, flame colors, and brightness, can be adjusted using the included infrared remote control.

Figure 4.2: The fireplace operates with low noise, ensuring a quiet environment.

4.2 LED Mood Lighting

The TV stand features an independent RGB LED strip with 12 backlight colors to enhance your room's ambiance.

- **Color Options:** Choose from 12 distinct backlight colors.
- **Control:** The LED lights can be adjusted using the remote control.

Figure 4.3: The 12-color LED light strip provides customizable mood lighting.

Figure 4.4: Example of the TV stand with blue LED lighting and fireplace flames.

4.3 Storage and Cable Management

The TV stand offers various storage options and integrated cable management.

- **Side Cabinets:** Two side cabinets with sleek high-gloss doors provide enclosed storage.
- **Open Cubbies:** Central open cubbies are ideal for media devices, game consoles, or decorative items.
- **Adjustable Shelves:** The shelves within the cabinets are adjustable to accommodate items of various sizes.
- **Cable Management:** The back panel includes pre-drilled holes to route and organize cables, keeping your entertainment area tidy.

Figure 4.6: Interior view of a storage cabinet with an adjustable shelf.

Figure 4.7: Integrated cable management hole for organizing wires.

5. Maintenance

To ensure the longevity and appearance of your MXV Fireplace TV Stand, follow these maintenance guidelines:

- **Cleaning Surfaces:** Wipe the high-gloss surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Fireplace Vent:** Ensure the fireplace air intake and outlet vents are clear of obstructions to maintain proper airflow and prevent overheating.
- **Electrical Components:** Do not attempt to service the electrical components of the fireplace yourself. Refer to qualified service personnel if issues arise.

6. Troubleshooting

If you encounter any issues with your MXV Fireplace TV Stand, refer to the following common troubleshooting steps:

- **Fireplace Not Heating:**
  - Check if the unit is properly plugged into a functional power outlet.
  - Ensure the heating function is activated via the control panel or remote.
  - Verify that the temperature setting is higher than the ambient room temperature.
  - Check for any obstructions around the air vents.
- **Flames Not Visible/Working:**
  - Confirm the flame effect is turned on.
  - Adjust flame brightness settings.
- **LED Lights Not Working:**
  - Ensure the LED strip is properly connected.
  - Check if the LED lighting is activated via the remote control.
- **Remote Control Not Responding:**
  - Replace the batteries in the remote control.
  - Ensure there are no obstructions between the remote and the fireplace unit's receiver.
- **Overheat Protection Activated:**
  - If the unit shuts off unexpectedly, it may be due to overheat protection. Unplug the unit, allow it to cool for

15-20 minutes, and ensure vents are clear before restarting.

If problems persist after attempting these steps, please contact customer support.
