Virubi King Size Wood Platform Bed Instruction Manual

Model: N701P486556B

Brand: Virubi

INTRODUCTION

Thank you for choosing the Virubi King Size Wood Platform Bed. This manual provides essential information for the safe and correct assembly, use, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Two-Person Assembly:** It is highly recommended that two adults assemble this bed frame to prevent injury and ensure proper construction.
- **Keep Children Away:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 800 lbs (including mattress weight).
- **Secure All Fasteners:** Ensure all bolts, screws, and connectors are securely tightened before use. Periodically check and re-tighten as needed.
- **Level Surface:** Assemble and use the bed frame on a flat, level surface to ensure stability.
- **No Box Spring Needed:** This platform bed is designed for direct mattress placement. Do not use a box spring, as it may compromise stability and support.

PACKAGE CONTENTS

Before assembly, verify that all components and hardware are present. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

- Headboard components
- Footboard
- Side rails (2)
- Wood slats (10)
- Center support legs
- Hardware pack (bolts, washers, nuts, Allen wrench)
- Assembly instructions

SETUP (ASSEMBLY INSTRUCTIONS)

Follow these steps for a quick and hassle-free setup. All necessary tools are included.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components on a soft, clean surface to prevent scratches.
2. **Assemble the Headboard:** Attach the headboard panels and legs using the provided hardware. Ensure all connections are snug but do not overtighten initially.
3. **Attach Side Rails:** Connect the side rails to the assembled headboard and the footboard. Use the appropriate bolts and washers.
4. **Install Center Support:** Position and attach the center support beam(s) and legs to the bed frame. These are crucial for mattress stability.
5. **Place Wood Slats:** Lay the 10 wood slats across the side rails, ensuring even spacing. Secure them in place if your model includes pre-drilled holes or fasteners for slats.
6. **Final Tightening:** Once all components are in place, go back and securely tighten all bolts and screws. Do not overtighten.

OPERATING (USAGE)

The Virubi King Size Wood Platform Bed is designed for optimal mattress support without the need for a box spring.

- **Mattress Placement:** Carefully place your King size mattress directly onto the wood slats. Ensure the mattress is centered and fully supported by the frame.
- **Under-Bed Storage:** The frame provides 8.2 inches of clearance, offering convenient space for storing items such as seasonal clothing, shoes, or extra bedding.
- **Weight Distribution:** For longevity, distribute weight evenly across the bed surface. Avoid concentrating heavy loads on a single point.

MAINTENANCE

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts and screws. Re-tighten any loose fasteners to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent wood warping or damage.

TROUBLESHOOTING

- **Squeaking Noises:** If the bed frame squeaks, check all bolts and screws for tightness. Ensure the center support legs are firmly on the floor and properly aligned. Applying a small amount of furniture wax or silicone spray to joints can also help.
- **Instability/Wobbling:** Verify that the bed is on a level surface. Re-check all connections to ensure they are fully tightened. Ensure all support legs are making firm contact with the floor.
- **Slats Shifting:** If slats are shifting, ensure they are correctly seated in their designated positions. Some models may have anti-slip pads or fasteners for slats; ensure these are utilized.

SPECIFICATIONS

Model Number	N701P486556B
Size	King
Product Dimensions (L x W x H)	83.6" x 80.5" x 42"
Under-Bed Clearance	8.2 inches
Material	Engineered Wood, Wood
Weight Capacity	Up to 800 lbs
