OPERATING INSTRUCTIONS

Fire Pit Table Operation

The 44-inch propane fire pit table is CSA certified, ensuring dependable and safe operation. It provides a heat output of up to 50,000 BTU.

- **Gas Tank:** Ensure a propane gas tank weighing less than 20 pounds is correctly installed. The gas tank is not provided with the set.
- **Ignition:** Use the pulse ignition system to light the fire pit. Follow the instructions on the control panel located on the side of the fire pit table.
- **Fire Glass:** The fire pit includes fire glass for aesthetic appeal and heat distribution.
- **Fire Pit Lid:** A lid is provided to cover the fire pit when not in use, protecting it from elements and converting it into a functional table surface.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Aoxun patio furniture set.

- **Cleaning:** Wipe the furniture frames with a damp cloth. For cushions, the covers are detachable and can be removed for washing. The durable fabric is suitable for spot cleaning with mild soap and water.
- **Cushion Care:** The detachable cushions can be folded for storage, effectively shielding them from dust and moisture when not in use. Anti-slip treatment ensures cushions remain securely in place.
- **Weather Protection:** While the handwoven rattan resists cracking, fading, and warping in sun, rain, and snow, and cushion covers are fade-resistant and water-repellent, it is recommended to cover the furniture during prolonged periods of harsh weather or when not in use to maximize longevity.
- **Frame Inspection:** Periodically check the sturdy metal frame for any signs of rust or damage. The frame is designed to be rust, crack, and corrosion resistant.

TROUBLESHOOTING

If you encounter any issues with your Aoxun patio furniture set, please refer to the following general troubleshooting tips:

- **Assembly Issues:** Double-check all connections and ensure screws are tightened according to the assembly instructions. If a part is missing or damaged, contact customer support.
- **Fire Pit Not Lighting:** Verify the gas tank is full and properly connected. Check for any obstructions in the gas line or ignition system. Ensure the pulse ignition battery (if applicable) is functional.
- **Stability Issues:** Ensure the furniture is placed on a level surface. Check all bolts and fasteners for tightness.
- **Cushion Slippage:** Ensure the anti-slip treatment on the cushions is clean and free of debris.
