Operating Instructions

Adjusting the Backrest

The lounge chair features a 5-position adjustable backrest. To adjust, lift the backrest slightly and move it to your desired angle. The robust triangular lock system will firmly secure it in place. You can choose from various positions for napping, sunbathing, conversation, gaming, or reading.

- **Cleaning:** Wipe down with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners, which can damage the surface.
- **Storage:** While designed for outdoor use, storing the chair in a covered area during extreme weather conditions or prolonged periods of non-use can extend its lifespan.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight for optimal stability and safety.

Troubleshooting

- **Chair feels wobbly:** Ensure all assembly bolts and screws are fully tightened. Check that the chair is placed on a flat, even surface.
- **Backrest not locking:** Verify that the backrest is properly aligned with the triangular lock system. Adjust until it clicks securely into one of the five positions.
- **Difficulty moving with wheels:** Ensure the wheels are free of debris. If moving on uneven terrain, lift the front of the chair higher to clear obstacles.

- **Stains on surface:** Most stains can be removed with mild soap and water. For stubborn marks, a soft brush may be used gently.
