2. What's Included

Upon unboxing your Soudorv S50 Smartwatch, please verify that all components are present:

- Soudorv S50 Smartwatch (1 unit)
- Magnetic Charger (1 unit)
- User Manual (1 unit)

3. Setup Guide

3.1 Charging the Smartwatch

Before initial use, fully charge your Soudorv S50 Smartwatch. Connect the magnetic charger to the charging points on the back of the watch and plug the USB end into a power source. A full charge typically takes approximately 2 hours.

3.2 App Installation and Pairing

1. **Download the 'Da Fit' App:** Search for 'Da Fit' in your smartphone's app store (compatible with iOS 9.0+ and Android 9.0+).
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open the App:** Launch the 'Da Fit' app and follow the on-screen instructions to create an account or log in.
4. **Add Device:** Within the app, navigate to the 'Add Device' section. The app will search for available devices. Select 'Soudorv S50' from the list.
5. **Confirm Pairing:** A pairing request will appear on your smartwatch and smartphone. Confirm the pairing on both devices.

Once paired, the smartwatch will synchronize data with the app, and you can customize settings and view detailed information.

4. Operating Instructions

4.1 Basic Navigation

- **Touch Screen:** The 1.53-inch HD touch screen allows for intuitive navigation. Swipe left/right, up/down, and tap to select options.
- **Side Buttons:** Use the physical buttons on the side of the watch for quick access to functions or to return to the home screen.

4.2 Bluetooth Calls and Notifications

With Bluetooth 5.3 technology, you can manage calls and receive notifications directly on your wrist.

- **Making/Answering Calls:** Use the built-in microphone and HD speaker to make, answer, or reject calls. You can also sync your contacts to the watch.
- **Notifications:** Receive real-time alerts for messages from apps like Facebook, WhatsApp, Instagram, and Twitter. *Note: Message replies are not supported directly from the watch.*

notification support for various social media apps.

4.3 Health Monitoring

The Soudorv S50 provides continuous health tracking:

- **Heart Rate:** Monitors heart rate trends throughout the day.
- **Blood Oxygen:** Tracks blood oxygen levels.
- **Stress Levels:** Measures daily stress.
- **Sleep Tracking:** Analyzes sleep patterns, including deep sleep, light sleep, and awake time.
- **Menstrual Cycle:** Features a logging function for menstrual cycle prediction.

Disclaimer: This device is intended for general wellness and fitness purposes only and is not a medical device.

4.6 Customizable Watch Faces and Other Functions

- **Watch Faces:** Choose from over 100 customizable watch faces via the 'Da Fit' app or upload your own photos.
- **Additional Features:** Access practical functions such as timer, stopwatch, weather forecast, music control, and remote camera shutter.

5. Maintenance

- **Cleaning:** Wipe the watch and band regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Charging:** Ensure the charging contacts on the watch and charger are clean and dry before charging to prevent corrosion.
- **Water Resistance:** The watch is IP68 waterproof, suitable for daily use like hand washing and rain. Avoid prolonged submersion in hot water or exposure to high-pressure water.
- **Storage:** Store the smartwatch in a cool, dry place away from direct sunlight and extreme temperatures when not in use for extended periods.

6. Troubleshooting

- **Watch Not Turning On:** Ensure the watch is fully charged. Connect it to the magnetic charger for at least 30 minutes.
- **Cannot Pair with Phone:**
  - Ensure Bluetooth is enabled on your phone and the watch is discoverable.
  - Make sure the 'Da Fit' app is installed and running.
  - Restart both your phone and the smartwatch.
  - Check if the watch is already paired with another device. Disconnect if necessary.
- **Inaccurate Health Data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Keep the sensor clean.
- **Notifications Not Appearing:**
  - Verify notification permissions are granted to the 'Da Fit' app in your phone's settings.
  - Ensure the app is running in the background.
  - Check if 'Do Not Disturb' mode is active on either the watch or phone.
- **Short Battery Life:**
  - Reduce screen brightness.
  - Disable unnecessary features like continuous heart rate monitoring if not needed.
  - Ensure the watch is fully charged (2 hours for a full charge).
