BTHFST Low Loft Bed Twin Size with Storage and LED Lights Instruction Manual

Model: B0H469HCD8

1. INTRODUCTION

Thank you for choosing the BTHFST Low Loft Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new loft bed. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

Your safety is paramount. Please adhere to the following safety guidelines:

- This twin size low loft bed features full-length surrounding guardrails for 360° protection. Ensure all guardrails are properly installed and secured before use.
- Two anti-tip kits are included. Securely anchor the bed to the wall using these kits to prevent tipping.
- The bed is built with a heavy-duty square metal structure. Regularly check all bolts and connections to ensure they remain tight.
- Only one person should occupy the top bunk at a time.
- Do not attach or hang items on any part of the bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, or jump ropes.
- Always use the provided slanted ladder for climbing to and from the top bunk. Do not jump on the bed.

5. SETUP AND ASSEMBLY

Assembly of the BTHFST Low Loft Bed requires careful attention to detail. Please follow the step-by-step instructions

provided in the separate Assembly Kit included with your purchase. Ensure all components are present before starting.

5.1. Before You Begin

- Unpack all components and verify against the parts list in the assembly manual.
- Clear a spacious area for assembly.
- Gather necessary tools (usually included in the assembly kit).
- It is recommended to have two adults for assembly.

5.2. Key Assembly Steps (Refer to detailed manual for full steps)

1. Assemble the main bed frame structure.
2. Attach the safety guardrails to all four sides.
3. Install the bed slats or support base.
4. Assemble and integrate the storage units (drawers and shelves) into the bed frame.
5. Attach the slanted ladder securely.
6. Install the RGB LED light strips according to the separate LED light instructions.
7. Secure the bed to the wall using the provided anti-tip kits.

6. OPERATING INSTRUCTIONS

6.1. RGB LED Lights

The integrated RGB LED lights offer various customization options:

- **Remote Control:** Use the included remote control to power on/off, change colors, adjust brightness, select dynamic modes, and set timing functions. Point the remote directly at the LED receiver.
- **Smartphone App Control:** Download the recommended app (details in the LED light instruction sheet) to control the lights via your smartphone. This typically allows for more precise color selection, music synchronization, and microphone modes.
- **Modes:** Explore over 60,000 colors, dynamic modes, music modes (lights react to sound), and microphone modes.

Image: The RGB LED lights can be controlled via a remote or a smartphone app, offering multiple color and dynamic modes.

6.2. Storage Drawers and Shelves

- The 14 fabric drawers are designed for lightweight items such as clothing, linens, and toys. Avoid overloading them.
- The 2 open shelves are suitable for displaying books, decorative items, or frequently accessed essentials.
- Ensure drawers are fully pushed in when not in use to prevent tripping hazards.

7. MAINTENANCE

Proper maintenance will extend the life and appearance of your loft bed:

- **Cleaning:** Wipe metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals. For fabric drawers, spot clean with a mild detergent and allow to air dry.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain stability.

- **LED Lights:** If LED lights malfunction, refer to the separate LED light instruction manual for troubleshooting or contact customer support.
- **Anti-Tip Kits:** Ensure the anti-tip kits remain securely fastened to the wall and the bed frame.

8. TROUBLESHOOTING

If you encounter issues with your BTHFST Low Loft Bed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable	Loose bolts or improper assembly. Anti-tip kit not installed or loose.	Check and tighten all bolts and screws. Ensure the anti-tip kit is correctly installed and secured to the wall. Review assembly instructions.
LED lights not working	Power connection issue. Remote control battery dead. LED strip damage.	Check power adapter connection. Replace remote control battery. Refer to the LED light manual for specific troubleshooting or contact customer support.
Drawers do not slide smoothly	Overloaded drawer. Obstruction in the drawer slot.	Reduce the weight in the drawer. Check for any items blocking the drawer's path.
Missing parts during assembly	Packaging error.	Contact BTHFST customer support with your purchase details and the specific missing parts.
