

LUMENA MIST STAND

LUMENA MIST STAND Portable Humidifier User Manual

Model: MIST STAND

INTRODUCTION

Thank you for purchasing the LUMENA MIST STAND Portable Humidifier. This device is designed to provide comfortable humidification and ambient lighting for your personal space. Please read this manual thoroughly before use to ensure proper operation and maintenance. Keep this manual for future reference.

IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of electric shock, fire, or injury, always follow these basic safety precautions:

- Do not immerse the main unit in water or other liquids.
- Use only clean tap water or distilled water. Do not add essential oils, perfumes, or other chemicals to the water tank, as this may damage the unit and void the warranty.
- Keep the humidifier out of reach of children and pets.
- Place the humidifier on a stable, flat, and water-resistant surface.
- Do not block the mist outlet.
- Unplug the humidifier before cleaning, refilling, or when not in use for an extended period.
- Do not operate the humidifier if the power cord or plug is damaged, or if the unit has been dropped or damaged.
- Do not attempt to repair or disassemble the humidifier yourself. Contact customer support for assistance.
- Ensure the voltage of your power source matches the specifications of the humidifier.

PACKAGE CONTENTS

Verify that all items are present in the package:

- LUMENA MIST STAND Main Unit
- Cotton Filter (pre-installed, with spares)
- Mist Cap

- USB Type-C Cable
- User Manual

What's Included

- MIST STAND Main Unit
- Cotton Filter
- Mist Cap
- USB Type-C Cable
- User Manual

PRODUCT OVERVIEW

The LUMENA MIST STAND features a sleek design with intuitive controls and a large water tank for extended operation.

Image: Overview of the LUMENA MIST STAND, illustrating its key features such as wireless performance, dual functionality, powerful mist output, and quiet operation.

Components

- **Mist Outlet:** Where the mist is dispersed.
- **Power Button:** Controls power and mist modes.
- **Light Button:** Controls the mood light.
- **Water Tank:** Holds up to 1000ml of water.
- **Water-Level Sensor:** Automatically shuts off the unit when water is low.
- **USB-C Charging Port:** For recharging the internal battery.

SETUP

1. Charging the Humidifier

Before first use, fully charge the humidifier. Connect the provided USB Type-C cable to the charging port on the unit and to a compatible USB power adapter (not included). The charging indicator will show the charging status. A full charge takes approximately 3.5 hours.

Image: Illustration of the charging process and improved charging time of 3.5 hours for the LUMENA MIST STAND.

2. Filling the Water Tank

1. Gently twist and lift the top section of the humidifier to separate it from the water tank.
2. Fill the water tank with clean tap water or distilled water up to the maximum fill line (1000ml capacity, 850ml usable volume). Do not overfill.
3. Ensure the cotton filter is properly installed in the mist cap assembly.
4. Carefully place the top section back onto the water tank, aligning it correctly and twisting to secure.

OPERATING INSTRUCTIONS

Power On/Off and Mist Modes

- **First Press (Power Button):** Activates dual mist output. Both mist outlets will operate.
- **Second Press (Power Button):** Switches to single mist mode. One mist outlet will operate.
- **Third Press (Power Button):** Turns the humidifier off.

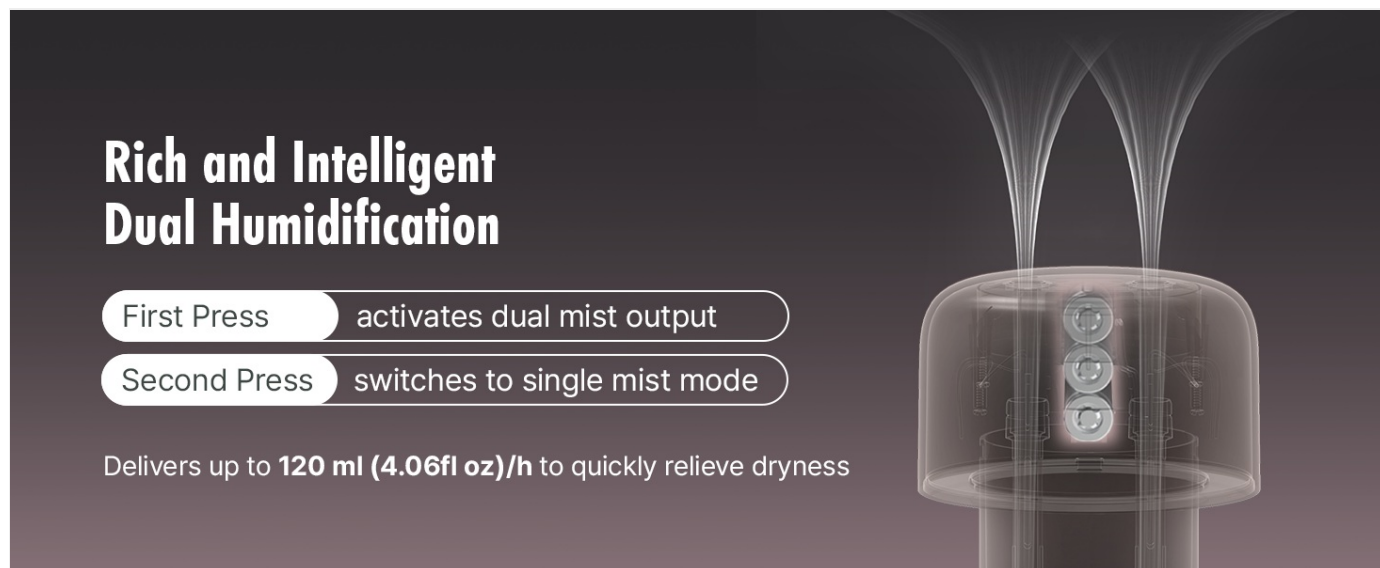

Image: Controls for mist output, showing how to switch between dual and single mist modes.

Mood Light Operation

- Press the **Light Button** to turn on the mood light.
- Press the **Light Button** repeatedly to cycle through the 3 available brightness levels.
- Press the **Light Button** a fourth time to turn the mood light off.

Auto Shut-Off Feature

The humidifier is equipped with a built-in water-level sensor. When the water level in the tank becomes too low, the unit will automatically shut off to prevent damage and ensure safe operation.

MAINTENANCE

Regular cleaning and maintenance are essential for optimal performance and hygiene.

1. Cleaning the Water Tank

- 1. Turn off and unplug the humidifier.
- 2. Separate the top section from the water tank.
- 3. Empty any remaining water from the tank.
- 4. Due to its wide-open design, the tank can be easily cleaned manually with a soft brush or cloth and mild detergent. Rinse thoroughly with clean water.
- 5. Wipe the exterior of the unit with a soft, damp cloth. Do not use abrasive cleaners.
- 6. Allow all parts to air dry completely before reassembling.

Image: The detachable components of the LUMENA MIST STAND, illustrating its easy-to-clean design.

2. Filter Replacement

The cotton filter should be replaced regularly (e.g., every 1-3 months, depending on usage and water quality) to maintain optimal mist output and prevent mineral buildup.

- 1. Turn off and unplug the humidifier.
- 2. Remove the top section and locate the filter housing within the mist cap assembly.
- 3. Carefully remove the old cotton filter.
- 4. Insert a new cotton filter, ensuring it is fully saturated with water before use.
- 5. Reassemble the humidifier.

3. Storage

When storing the humidifier for an extended period, ensure it is clean and dry. Use the provided mist cap to protect the nozzle from dust and damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
No mist output	Low water level Filter not saturated Unit not powered on	Refill water tank Ensure filter is fully wet Press power button
Weak mist output	Clogged filter Mineral buildup Low battery	Replace filter Clean the unit thoroughly Recharge the humidifier
Humidifier leaks	Tank not properly sealed Overfilled tank	Ensure top section is securely attached Do not exceed max fill line
Light not working	Light function off Low battery	Press light button Recharge the humidifier
