ONBRILL WC-101-WA-160

ONBRILL 63" Fluted Wine Bar Cabinet with LED Light Walnut

Model: WC-101-WA-160

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your ONBRILL 63" Fluted Wine Bar Cabinet. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Always assemble the cabinet on a soft, clean surface to prevent scratches.
- Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight capacity of 200 pounds for the top surface.
- Use the included wall-mounting kit to secure the cabinet to a wall for added stability and to prevent tipping.
- Keep small parts away from children during assembly.
- Exercise caution when handling electrical components (LED lights, charging ports). Ensure they are properly installed and connected to a suitable power source.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged:

- Cabinet Panels (numbered parts)
- Accessory Kit (screws, dowels, connectors)
- RGB LED Light Strip with Remote Control
- Wine Glass Holders
- 12-Slot Wine Rack
- Wall Fixer (anti-tip kit)
- User Manual (this document)

SETUP AND ASSEMBLY

The ONBRILL wine bar cabinet features numbered parts and a detailed installation manual for straightforward assembly. It is recommended to have two people for assembly, though it can be completed by one person with careful attention to the instructions.

Assembly Steps Overview:

1. Unpack all components and lay them out on a clean, soft surface. Verify all numbered parts and hardware are present.
2. Follow the step-by-step instructions provided in the included installation manual to connect the cabinet panels.
3. Install the wine glass holders and the 12-slot wine rack into their designated positions.
4. Attach the adjustable shelves, ensuring they are at your desired height.
5. Install the fluted sliding doors, ensuring they operate smoothly.
6. Connect the RGB LED light strip and charging station according to the electrical connection instructions.
7. Secure the cabinet to the wall using the provided wall-mounting kit to prevent accidental tipping.

OPERATING INSTRUCTIONS

LED Lighting System:

Your cabinet is equipped with an RGB LED light strip to enhance ambiance. Use the provided remote control to adjust colors and brightness. Ensure the LED strip is properly connected to a power source.

Storage Features:

- **Wine Rack:** The central compartment features a removable 12-slot wine rack designed to hold standard wine bottles.
- **Glass Holders:** Three tiers of wine glass holders are located above the wine rack, capable of holding up to 9 wine glasses.
- **Adjustable Shelves:** The side compartments include adjustable shelves with three height options, allowing customization for various items.
- **Sliding Tambour Doors:** The fluted tambour doors slide smoothly to conceal or reveal the side storage compartments.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the engineered wood finish.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the wood.
- **Stability:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Environment:** Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping or fading.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet feels wobbly or unstable.	Loose connections; uneven floor; wall-mounting kit not installed.	Ensure all screws are tightened. Adjust floor levelers if present. Install the wall-mounting kit as instructed.
Sliding doors do not move smoothly.	Obstruction in the track; misaligned installation.	Check for debris in the door tracks. Re-align doors if necessary, referring to assembly instructions.
LED lights are not working.	Power connection issue; remote control battery dead.	Verify the LED strip is securely plugged into a working power outlet. Check and replace the remote control battery if needed.
Charging ports are not functioning.	Power cord not plugged in; circuit overload.	Ensure the cabinet's main power cord is fully plugged into a functional wall outlet. Avoid overloading the outlets with high-power devices.

SPECIFICATIONS

- **Brand:** ONBRILL
- **Model Number:** WC-101-WA-160
- **Color:** Walnut
- **Material:** Engineered Wood
- **Product Dimensions (D x W x H):** 15.75" x 63" x 35.43"
