GYMAX GM2587

GYMAX Pool Basketball Hoop Instruction Manual

Model: GM2587

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are securely fastened before each use.
- Do not hang on the rim or backboard.
- Always fill the base with water or sand to ensure maximum stability.
- Supervise children during play.
- Do not use the hoop in strong winds or adverse weather conditions.

2. PRODUCT COMPONENTS

Verify that all parts are present before beginning assembly. Refer to the included user guide for a detailed parts list and diagrams.

- Shatterproof PC Backboard (32 inches)
- Powder-Coated Metal Frame
- Stainless Steel Pole
- Heavy-Duty Fillable Base with Wheels
- Basketball Rim and Net
- Assembly Hardware

3. SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the detailed instructions provided in the separate user guide included in the packaging. The general steps involve:

1. **Attach the Backboard:** Secure the shatterproof PC backboard to the metal frame using the provided

hardware.

2. **Assemble the Pole:** Connect the stainless steel pole sections.
3. **Mount the Backboard Assembly:** Attach the backboard and frame to the adjustable pole.
4. **Connect to Base:** Secure the pole assembly to the heavy-duty base.
5. **Fill the Base:** Fill the base with water (up to 57 lbs) or sand for optimal stability. Ensure the cap is securely closed.
6. **Attach the Rim and Net:** Fasten the basketball rim and net to the backboard.

Image: Heavy-Duty Base. This image highlights the stable base of the hoop, which can be filled with water (up to 57 lbs) or sand for added stability, and features a triangular support frame.

Product Dimensions

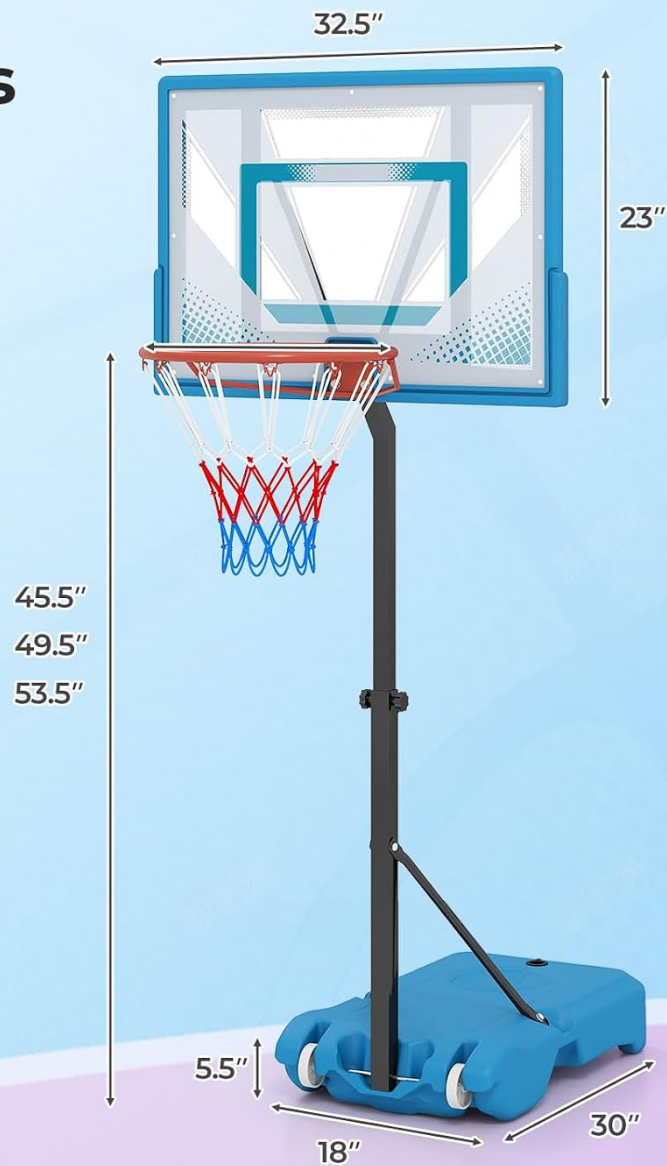

Image: Product Dimensions. This diagram provides key measurements of the basketball hoop, including its adjustable height range, 32.5-inch backboard width, and 30x18-inch base dimensions.

4. OPERATING INSTRUCTIONS

4.1 Adjusting Height

The GYMAX Pool Basketball Hoop features 3 adjustable height settings to accommodate various ages and skill levels. To adjust the height:

1. Loosen the adjustable knobs on the pole.
2. Carefully slide the upper pole section to the desired height (3.8 ft, 4.1 ft, or 4.4 ft).
3. Tighten the adjustable knobs securely to lock the height in place.

3-Level Adjustable Height

Image: 3-Level Adjustable Height. This image illustrates the adjustable height mechanism of the basketball hoop, allowing it to be set at 3.8 feet, 4.1 feet, or 4.4 feet using adjustable knobs on the pole.

4.2 Portability

The hoop is designed for easy mobility. It includes two integrated wheels on the base for smooth transport.

1. Ensure the base is filled for stability during movement.
2. Tilt the hoop slightly to engage the wheels.
3. Roll the hoop to your desired location.

Effortless to Move & Store

2 Smooth
Wheels

Image: Effortless to Move & Store. The image shows a person effortlessly rolling the basketball hoop across a patio, demonstrating its portability thanks to the two built-in smooth wheels on the base.

4.3 Usage Environment

This versatile basketball hoop is suitable for both indoor and outdoor use. Its rust-proof stainless steel construction and shatterproof backboard are designed to withstand various weather conditions.

4.4 Product Demonstration Video

Video: GYMAX Pool Basketball Hoop Series 2. This video showcases the GYMAX Pool Basketball Hoop in action, highlighting its adjustable height, stable base, and suitability for poolside play.

5. MAINTENANCE

Regular maintenance will extend the life of your basketball hoop.

- **Cleaning:** Wipe down the backboard, rim, and pole with a damp cloth and mild soap as needed. Rinse thoroughly with fresh water, especially after use near chlorinated pools.
- **Base Stability:** Periodically check the water or sand level in the base and refill if necessary to maintain stability.
- **Hardware Check:** Inspect all bolts and connections regularly to ensure they remain tight. Tighten any loose hardware.

- **Storage:** When not in use for extended periods, especially during off-season, store the hoop in a dry, protected area to prevent unnecessary wear.

6. TROUBLESHOOTING

If you encounter issues with your GYMAX Pool Basketball Hoop, consider the following common solutions:

- **Instability:** Ensure the base is completely filled with water or sand. Check that the base cap is sealed properly.
- **Wobbly Pole/Backboard:** Verify that all assembly bolts and adjustable knobs are securely tightened.
- **Difficulty Adjusting Height:** Loosen the adjustable knobs sufficiently before attempting to slide the pole. Ensure no debris is obstructing the pole mechanism.
- **Rusting:** While the frame is rust-resistant, prolonged exposure to harsh chemicals or saltwater without rinsing can cause issues. Clean and rinse regularly.

7. SPECIFICATIONS

Feature	Detail
Brand	GYMAX
Model Number	GM2587
Material	Metal, Polycarbonate (PC), Polyethylene (PE), Stainless Steel
Color	Blue+Black
Product Dimensions (D x W x H)	45"D x 32.5"W x 76.5"H
