Polibi 48-inch Shoe Storage Bench Instruction Manual

MODEL: N715P474886M

1. Product Overview

This manual provides instructions for the assembly, operation, and maintenance of your Polibi 48-inch Shoe Storage Bench. This versatile furniture piece features a comfortable tufted seat, dual-layer storage, and three rattan drawers, designed for various spaces such as entryways, hallways, foyers, or stair landings.

Image 1.1: The Polibi Shoe Storage Bench in an entryway setting.

Key features include a thick cushioned seat with a classic button-tufted design, wood grain finish, and retro rattan drawers. The bench offers dual-layer storage with a hidden compartment under the gas lift top and three breathable rattan drawers for shoes and accessories.

Comfort & Classic Design

Button-tufted design

Wood grain pairs perfectly with rattan

Soft-close lid with dual gas springs

Available in 5 color options

Image 1.2: Details of the bench's comfort and classic design elements.

Its sturdy wooden frame ensures durability, supporting up to 330 lbs on the seat and 30 lbs per drawer. The silent drawer slides provide quiet operation.

Versatile Placement for Any Space

2. Setup and Assembly

Full assembly of the Polibi Shoe Storage Bench is required. Please ensure you have all components and tools before beginning. Detailed step-by-step instructions are included in the product packaging to guide you through the assembly process. Follow these instructions carefully to ensure proper construction and stability.

- Unpack all components and verify against the parts list provided in the assembly guide.
- Lay out all hardware and tools for easy access.
- Follow the numerical or alphabetical sequence of steps as outlined in the assembly manual.
- Ensure all screws and fasteners are tightened securely, but do not overtighten to avoid damaging the material.
- For the gas lift mechanism, follow specific instructions to ensure safe and smooth operation of the top lid.

SIZE: inch

If you encounter any difficulties during assembly, refer to the troubleshooting section or contact customer support.

3. Operating Instructions

The Polibi Shoe Storage Bench is designed for convenient storage and seating.

3.1. Using the Hidden Top Compartment

To access the hidden storage compartment, gently lift the cushioned seat. The gas lift mechanism will assist in opening and holding the lid securely in place. To close, gently push the lid down; the gas struts will ensure a safe, slow-close action, preventing sudden drops. This compartment is ideal for storing larger items, blankets, or seasonal accessories.

Multi-functional Storage

Dual-layer storage design

Image 3.2: Detail of the gas lift system for the soft-close lid.

3.2. Using the Rattan Drawers

The three rattan drawers are designed for easy access and ventilation, making them suitable for storing shoes, slippers, and smaller accessories. Pull the drawers gently to open. The silent slides ensure smooth and quiet operation. Push firmly to close completely.

Image 3.3: The rattan drawers fully extended.

4. Maintenance and Care

To ensure the longevity and appearance of your Polibi Shoe Storage Bench, follow these care guidelines:

- **Cleaning the Frame:** Wipe the wooden frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish. Dry immediately with a clean cloth.
- **Cushion Care:** Spot clean the tufted cushion with a mild fabric cleaner as needed. Test on an inconspicuous area first. Do not machine wash or tumble dry the cushion.
- **Rattan Drawers:** Dust the rattan surfaces regularly with a soft brush or cloth. For deeper cleaning, a slightly damp cloth can be used, followed by immediate drying.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or damage to the wood finish and fabric.
- **Avoid Excessive Moisture:** Protect the bench from spills and high humidity to prevent warping or damage to the materials.
- **Regular Checks:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.

5. Troubleshooting

If you encounter any issues with your shoe storage bench, refer to the following common problems and solutions:

- **Lid does not stay open or closes too quickly:**
Solution: Check the gas lift mechanisms. Ensure they are properly installed and not damaged. If the

issue persists, contact customer support for replacement parts.

- **Drawers are difficult to open or close:**
Solution: Verify that the drawer slides are correctly aligned and free of obstructions. Ensure no items inside the drawer are jamming the mechanism. Lubricate slides with a silicone-based lubricant if necessary. Check that the drawer is not overloaded beyond its 30 lb capacity.
- **Bench feels wobbly:**
Solution: Re-tighten all assembly screws. Ensure the bench is placed on a flat, even surface.
- **Unusual noises during operation:**
Solution: Inspect all moving parts for loose connections or foreign objects. Apply a small amount of lubricant to hinges or slides if squeaking occurs.

6. Specifications
