ZARIMI X12-Ultra

ZARIMI Portable Cordless Car Vacuum

MODEL: X12-ULTRA INSTRUCTION MANUAL

Introduction

The ZARIMI X12-Ultra Portable Cordless Car Vacuum is a versatile 6-in-1 cleaning device designed for efficient dust, debris, and pet hair removal from various surfaces. Featuring a 50,000Pa high-power brushless motor, it offers strong suction for deep cleaning. Its compact and lightweight design, coupled with dual rechargeable batteries, provides up to 60 minutes of continuous operation, making it suitable for cars, homes, keyboards, and outdoor activities like inflating.

Setup

1. **Charge Batteries:** Before first use, fully charge both batteries using the provided charger. Insert the battery into the charger and plug it into a power outlet. The indicator light will show charging status.
2. **Install Battery:** Slide a charged battery into the base of the vacuum until it clicks securely into place.
3. **Attach Dust Container:** Ensure the dust container is securely twisted onto the main body of the vacuum.
4. **Select and Attach Nozzle:** Choose the appropriate nozzle for your cleaning task. Align the nozzle with the vacuum's intake/output port and push firmly to secure it.

them.

Operating Instructions

Power On/Off

Press the power button located on the handle to turn the vacuum on. Press it again to turn it off.

Using Different Modes and Nozzles

The ZARIMI X12-Ultra offers multiple functions and comes with various nozzles for different applications:

- **Vacuuming:** Attach the Flat Suction Nozzle for narrow gaps and crevices (e.g., car seats, keyboard) or the Multi-Surface Nozzle for broader areas (e.g., car floor, sofa).
- **Dust Removal (Blowing):** Attach the Long Blow Nozzle or Blow Nozzle Brush to the exhaust port to use the vacuum as an air duster for keyboards, car vents, or to ignite campfires.
- **Inflating:** Use the appropriate nozzle from the accessory kit with the exhaust port to inflate small items like balloons or air mattresses.
- **Vacuum Storage Bags:** Attach the Air Suction Nozzle to the exhaust port to remove air from vacuum storage bags.

Maintenance

Emptying the Dustbin

Regularly empty the dustbin to maintain optimal suction power. To empty, twist the dust collection cup counter-clockwise to detach it from the main unit. Dispose of the collected debris.

Cleaning the HEPA Filter

The HEPA filter should be cleaned periodically. After detaching the dustbin, carefully remove the HEPA filter. Rinse the filter under running water until clean. Ensure the filter is completely dry before reinserting it into the dustbin and reattaching the dustbin to the vacuum.

Troubleshooting

Problem	Possible Cause	Solution
Vacuum does not turn on	Battery not charged or improperly installed	Ensure battery is fully charged and securely inserted.
Low suction power	Dustbin full or filter clogged	Empty dustbin and clean/replace HEPA filter.
Unusual noise during operation	Obstruction in nozzle or intake	Turn off the vacuum and check for any blockages in the nozzle or intake port.
Short operating time	Battery not fully charged or aging battery	Ensure battery is fully charged. If issues persist, consider replacing the battery.

Specifications

Feature	Detail
Brand	ZARIMI
Model Name	X12-Ultra
Special Feature	Compact, Cordless, High Power, Lightweight, Portable
Filter Type	HEPA Filter
Power Source	Battery Powered (21 volts)
Capacity	240 ml
Recommended Uses	Car, Home, Keyboard, Pet Hair
Color	Black
Form Factor	Handheld
Included Components	Accessory Kit, 2 Batteries, Car Vacuum, 2 HEPA Filters, Storage Bag
Battery Life / Runtime	Up to 60 minutes (with dual batteries)
Item Weight	Approximately 1.9 pounds

Warranty and Support

12-Month Quality Guarantee

The ZARIMI X12-Ultra Portable Cordless Car Vacuum comes with a 12-month quality guarantee. This covers protection against any manufacturing defects and ensures instant support with no-return replacements for your convenience. ZARIMI is committed to continuous product improvements based on customer feedback.
