- **Hardware Check:** Periodically (e.g., every 3-6 months) inspect all screws, bolts, and fasteners to ensure they are tight. Retighten as necessary to maintain stability.
- **Drawer Rails:** If drawers do not slide smoothly, clean the ball-bearing rails and apply a silicone-based lubricant if needed.
- **Wood Care:** Protect the wood finish from direct sunlight and extreme temperature changes to prevent warping or fading. Use coasters under drinks to avoid water marks.
