2. Setup and Assembly

This desk requires assembly. Please follow the detailed instructions provided in the separate assembly manual included with your product. Ensure all components are present before beginning assembly. A Phillips head screwdriver and a hammer may be required, in addition to any specialized tools provided.

- Review all parts and hardware against the packing list.
- Assemble on a soft, clean surface to prevent scratches.
- Tighten all fasteners securely, but do not overtighten.
- It is recommended to have two people for assembly, especially when lifting the desktop.

4. Maintenance and Care

To ensure the longevity and appearance of your Garvee Office Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.
- **Heat and Moisture:** Avoid placing hot items directly on the desktop. Use coasters or protective pads. Protect the desk from excessive moisture.
- **Sunlight:** Prolonged exposure to direct sunlight may cause fading or discoloration.
- **Hardware:** Periodically check and tighten all screws and fasteners to maintain stability.

5. Troubleshooting

If you encounter issues with your desk, consider the following common solutions:

- **Drawers not closing smoothly:** Ensure the ball bearing slide rails are clean and free of obstructions. Check that the drawer is correctly aligned on its tracks. If a drawer does not open fully, this is a design characteristic for standard drawers, while the file drawer should extend fully.
- **Desk wobbles:** Verify that all assembly screws are securely tightened. Ensure the desk is placed on a level surface. Adjustable feet (if present) can be used to stabilize the desk.
- **Charging station not working:** Confirm the desk's power cord is securely plugged into a functional wall outlet. Check if the devices being charged are compatible with the port specifications (voltage/amperage).
- **Scratches or minor damage:** For minor scratches, wood repair markers or touch-up kits matching the desk's finish may be used.
