

Garvee PHK_34UT

Garvee 6-Drawer Dresser Instruction Manual

Model: PHK_34UT

INTRODUCTION

Thank you for choosing the Garvee 6-Drawer Dresser. This manual provides essential information for the safe assembly, proper use, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

Important Safety Information

- Always assemble the dresser on a soft, clean surface to prevent scratches.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- **Install the anti-tipping device immediately** to prevent serious injury from furniture tip-over. This device is crucial for household safety, especially with children.
- Do not allow children to climb on or play with the dresser.
- Distribute weight evenly in drawers to maintain stability.

Anti-Tipping Device

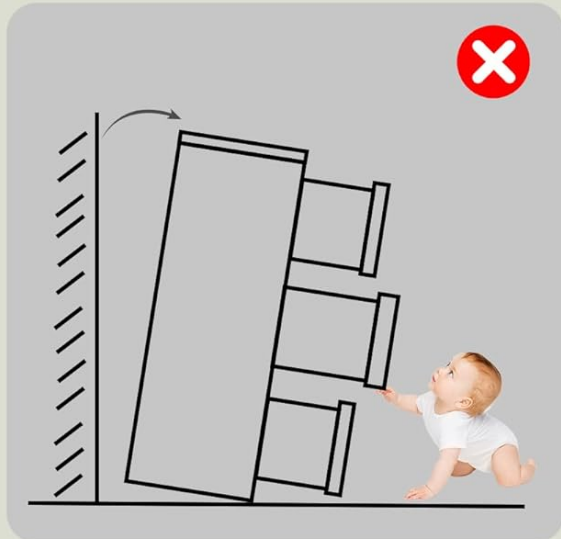

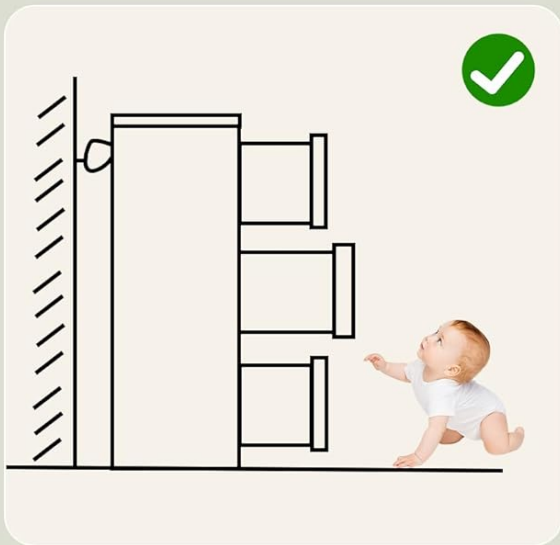

Image: Anti-Tipping Device Installation Guide. This image illustrates the correct method for securing the dresser to the wall using the provided anti-tipping device, showing a green checkmark for proper installation and a red cross for an unsecured dresser that could tip over, emphasizing child safety.

SETUP AND ASSEMBLY

The Garvee 6-Drawer Dresser is designed for straightforward assembly. Please follow the included detailed instructions and use all provided hardware. A power drill can expedite the process, but exercise caution to avoid overtightening screws.

Before You Begin:

1. Unpack all components and verify against the parts list in your assembly guide.

2. Ensure you have adequate space for assembly.
3. Gather necessary tools (e.g., screwdriver, hammer, optional power drill).

Assembly Steps:

Refer to the graphical assembly instructions provided in the packaging for step-by-step guidance. Key steps typically include:

- Assembling the main frame of the dresser.
- Installing drawer slides onto the frame.
- Assembling each of the six drawers.
- Inserting assembled drawers into the frame.
- **Crucially, install the anti-tipping device** to secure the dresser to a wall stud.

OPERATING INSTRUCTIONS

Your Garvee 6-Drawer Dresser offers ample storage and a smooth user experience. It is suitable for various rooms including bedrooms, living rooms, hallways, and entryways.

Drawer Usage:

- The drawers feature smooth-gliding metal slides for easy opening and closing.
- Each drawer measures approximately 22.2" L x 11.8" W x 8.7" H, providing substantial space for various items.
- To open a drawer, gently pull from the top or bottom edge of the drawer front. To close, push firmly until it is flush with the dresser frame.
- Avoid overloading drawers to ensure smooth operation and prevent damage to the slides or drawer structure.

Image: Dresser with Open Drawers Showing Storage. This image demonstrates the large storage capacity of the dresser, with multiple drawers open and filled with various items like folded clothes and small boxes.

Image: Ample Storage Space. This image highlights the internal structure of the dresser, with drawers removed to show the spacious compartments, suggesting organized storage for various household items.

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your Garvee dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the painted finish.
- **Spills:** Promptly wipe up any spills to prevent staining or water damage, especially on the engineered wood surfaces. The bottom base is designed to be waterproof and scratch-resistant.
- **Drawer Slides:** The metal drawer slides are designed for long-term use. If they become stiff, a small amount of silicone-based lubricant can be applied.

- **Sunlight:** Avoid placing the dresser in direct sunlight for extended periods, as this can cause fading or discoloration.
- **Stability:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Overloaded drawer, misaligned slides, or loose hardware.	Reduce drawer contents. Check that drawer slides are correctly installed and aligned. Ensure all screws on slides and drawer boxes are tight.
Dresser feels unstable or wobbly.	Uneven floor, loose assembly hardware, or anti-tipping device not installed.	Ensure the dresser is on a level surface. Re-tighten all assembly screws. Install the anti-tipping device immediately.
Difficulty during assembly.	Misinterpretation of instructions, missing parts, or incorrect orientation of components.	Carefully re-read the assembly instructions, paying close attention to diagrams. Verify all parts are present. If issues persist, contact customer support.
Drawers appear smaller than expected.	Perception vs. actual dimensions.	Refer to the product specifications for exact drawer dimensions (22.2" L x 11.8" W x 8.7" H) to manage storage expectations.

SPECIFICATIONS
