MAINTENANCE

Regular cleaning will help maintain the appearance and longevity of your desk.

- **Surfaces:** Wipe engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Metal Frame:** Clean the metal frame with a soft cloth and mild detergent if necessary. Dry immediately to prevent rust.
- **Fabric Drawers:** Spot clean fabric drawers with a mild fabric cleaner. Allow to air dry completely. Do not machine wash.
- **General Care:** Avoid placing hot items directly on the desk surface. Use coasters for drinks. Periodically check and tighten all screws and fasteners to ensure stability.

TROUBLESHOOTING

This section addresses common issues you might encounter with your SEDETA L Shaped Office Desk.

- **Drawers are difficult to open or close:**
 - Ensure the fabric drawers are correctly inserted and not overloaded.
 - Check that the drawer slides (if applicable) are properly aligned and free of obstructions.
 - Verify that all assembly screws for the drawer unit are tightened appropriately, but avoid overtightening, which can warp the frame.

 - Check that the power strip's on/off switch is in the 'on' position.
 - Ensure the desk's power cord is securely plugged into a functional wall outlet.
 - Verify that the LED light strip's connection to the power source is secure.
 - If using the app, ensure your device is properly paired and the app is updated.
- **Desk feels unstable or wobbly:**
 - Confirm that all assembly screws and fasteners are fully tightened.
