ONBRILL BSB-238-WA-152

ONBRILL 61" Sideboard Buffet Cabinet with Storage Walnut User Manual

MODEL: BSB-238-WA-152

Introduction

This manual provides instructions for the assembly, operation, and maintenance of your ONBRILL 61" Sideboard Buffet Cabinet. Please read these instructions carefully before assembly and use to ensure proper function and longevity of your product.

Product Features

- **Large Capacity:** This 61-inch wide buffet cabinet features four spacious cabinets with adjustable shelves, providing ample storage for dinnerware, kitchen essentials, or living room items.
- **Modern Design:** The cabinet boasts a sleek, handle-free silhouette with an integrated top-edge finger pull for a clean aesthetic. Its sculptural wave-textured front adds visual depth and modern elegance.
- **Versatile Style:** Designed to complement various decor styles, this credenza can function as a buffet in the dining room, a storage piece in an entryway, or a low-profile TV console in the living room.
- **Sturdy Construction:** Constructed from engineered wood (MDF) for durability, the cabinet includes soft-close hinges for smooth and silent door operation.
- **Easy Assembly:** The product features a snap-together design with clearly numbered parts and a visual, step-by-step guide for simplified assembly.

Ample Storage

with Adjustable Shelves

Setup and Assembly

Your ONBRILL Sideboard Buffet Cabinet is designed for straightforward assembly. It features a snap-together design with clearly numbered parts and a visual, step-by-step guide to facilitate a frustration-free build.

Tools Required: A Phillips head screwdriver is typically required for assembly. Ensure you have one readily available.

Please ensure all parts are present and undamaged before beginning assembly. Refer to the included assembly guide for detailed illustrations and instructions specific to your model.

Important Safety Notes:

- Assemble on a soft, clean surface (e.g., a carpet or blanket) to prevent scratches to the furniture and your floor.
- Do not overtighten screws, as this can damage the engineered wood material.
- Keep small parts and hardware away from children and pets.

- Ensure the cabinet is stable and level after assembly. If necessary, use furniture glides or shims to prevent wobbling.

Operating Instructions

The ONBRILL Sideboard Buffet Cabinet is designed for versatile storage and display in various rooms.

Adjustable Shelves: Each cabinet section features adjustable shelves. To adjust a shelf's height:

1. Empty the shelf of all contents.
2. Carefully lift and remove the shelf from its current position.
3. Reposition the shelf pins to the desired height within the pre-drilled holes.
4. Place the shelf back onto the pins, ensuring it is level and secure.

This feature allows you to customize the storage space to accommodate items of various sizes, from tall pitchers to smaller dinnerware or books.

Soft-Close Hinges: The cabinet doors are equipped with soft-close hinges for quiet and smooth operation. When closing the doors, simply push them gently, and the hinges will engage to close them softly without slamming.

Weight Capacity: Distribute weight evenly across shelves and the top surface. Avoid placing excessively heavy items on any single shelf or area to prevent damage or instability.

Maintenance

Proper care will help maintain the appearance and longevity of your ONBRILL sideboard.

Cleaning:

- Wipe surfaces with a soft, slightly damp cloth. Follow with a dry cloth to remove any moisture.
- Avoid abrasive cleaners, harsh chemicals, or solvents, as these can damage the finish of the engineered wood.
- For spills, wipe immediately with a dry cloth to prevent staining or water damage.

General Care:

- Avoid placing the cabinet in direct sunlight or near heat sources to prevent warping, fading, or cracking.
- Use coasters or placemats under hot or wet items placed on the top surface to protect the finish.
- Periodically check and tighten any loose hardware to ensure the cabinet remains sturdy and stable.
- When moving the cabinet, always lift it rather than dragging it to prevent damage to the base and legs.

Troubleshooting

This section addresses common issues you might encounter with your sideboard.

Wobbly Cabinet:

- **Solution:** Ensure all screws and fasteners are securely tightened. Check that the cabinet is placed on a level surface. If your floor is uneven, use furniture shims under the base to stabilize the cabinet.

Doors Not Aligning:

- **Solution:** The soft-close hinges are adjustable. Refer to the assembly guide for specific instructions on how to adjust the hinges to align the doors properly. An uneven cabinet base can also affect door alignment, so ensure the cabinet is level.

Scratches or Minor Dents:

- **Solution:** For minor scratches, furniture repair markers or wax crayons matching the walnut finish can be used to conceal them. For significant damage, please contact customer support for advice.

Missing or Damaged Parts:

- **Solution:** If you discover any missing or damaged parts upon opening the package, do not proceed with assembly. Contact ONBRILL customer support immediately for assistance.

Specifications

Feature	Detail
Brand	ONBRILL
Model Number	BSB-238-WA-152
Color	Walnut
Material	Engineered Wood
Product Dimensions (D x W x H)	15.75"D x 61.02"W x 27.17"H
