2. **Frame Assembly:** Begin by assembling the main metal frame sections. Ensure all connections are aligned before partially tightening fasteners.
3. **Headboard Orientation:** The bookcase headboard can be assembled on either the left or right side of the bed frame to suit your desired corner configuration. Refer to the specific diagrams in the assembly guide for your chosen orientation.
4. **Install Slats:** Insert the metal crossbars into the U-shaped grooves on the bed frame. These are designed for easy assembly and even weight distribution.
5. **Attach Mattress Stoppers:** Secure the four mattress slide stoppers to the designated locations on the bed frame to prevent mattress movement.
6. **Install Charging Station:** Integrate the charging station unit into the designated slot on the headboard. Connect the power cable.
