## Standifurno H01-DR-N-1

# Standifurno Walnut 5-Drawer Dresser

**Model: H01-DR-N-1**

Dimensions: 15.4"D x 29.5"W x 46.3"H

## 1. Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- **Anti-Tipping Device:** This dresser is equipped with an anti-tilt mechanism to prevent tipping. It is crucial to install this device securely to a wall stud to ensure household safety, especially for children and elderly family members.
- **Weight Capacity:** The top surface can hold a maximum of 130 lbs. Each drawer can hold approximately 30 lbs. Do not exceed these weight limits.
- **Assembly:** Assembly should be performed by at least two adults. Ensure all parts are present and undamaged before beginning.
- **Placement:** Place the dresser on a level, stable surface.

## 2. Product Overview

The Standifurno Walnut 5-Drawer Dresser is designed for modern living spaces, offering ample storage and a sleek aesthetic.

- **Spacious Drawers:** Features five deep drawers for organizing clothing, accessories, books, and other items.
- **High-Quality Material:** Constructed from engineered wood with a durable, waterproof, and scratch-resistant finish for easy maintenance and longevity.
- **Wood Rounded Corners:** Thoughtfully designed with rounded corners to prevent accidental bumps and add a touch of elegance.
- **Smooth Slide Rails:** Drawers operate effortlessly on high-quality slide rails.
- **45° Angled Drawer Fronts:** Allows for easy and comfortable opening without external handles.

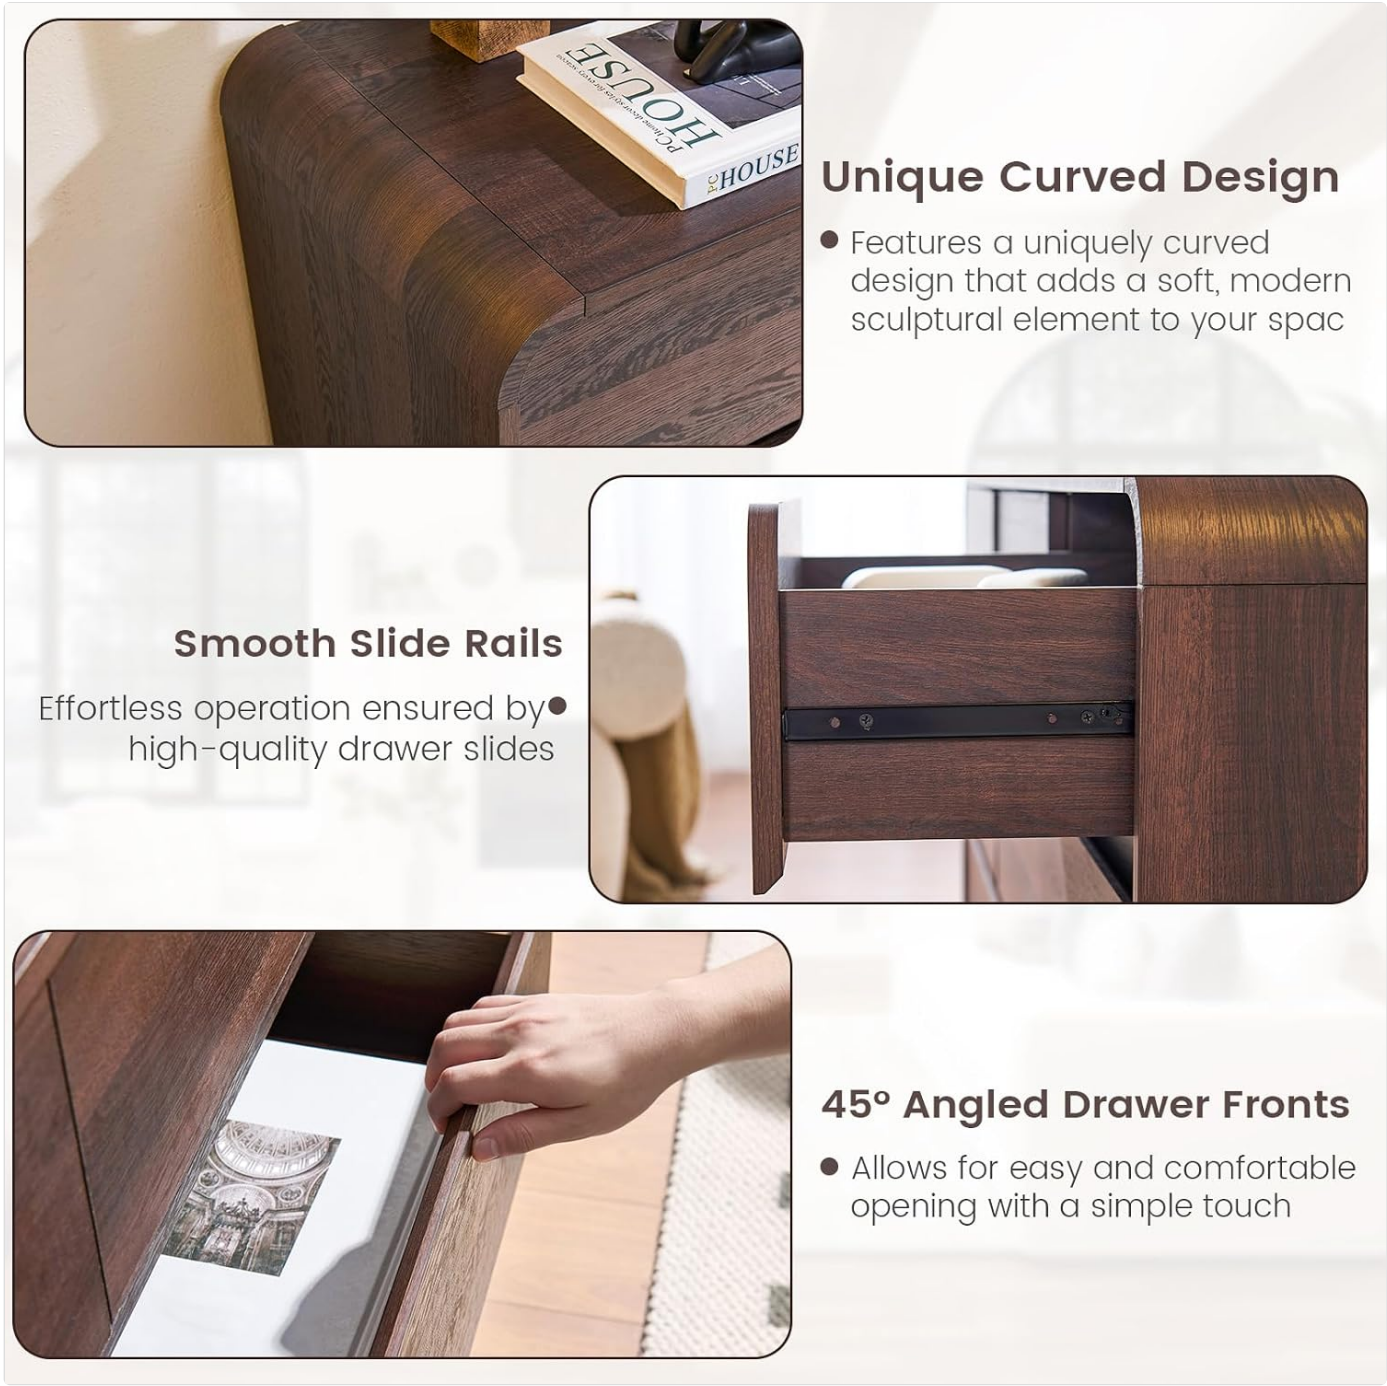

Image 3: Detailed views highlighting the unique curved design, smooth drawer slide rails, and the 45-degree angled drawer fronts for easy opening.

## 3. Assembly Instructions

Follow the detailed manual included in the packaging for step-by-step assembly. The process typically involves attaching the drawer slides, constructing the frame, and then assembling the drawers.

### 3.1. Drawer Slide Installation

Proper installation of the drawer slides is crucial for smooth operation. Ensure the mobile plastic parts are correctly positioned before attaching the rails.

### 3.2. Full Dresser Assembly

This video provides a comprehensive guide to assembling the entire 5-drawer dresser, from frame construction to final drawer insertion.

Your browser does not support the video tag.

Video 2: A detailed installation video for the Curved 5-Drawer Dresser, covering all major assembly steps.

For optimal assembly, it is recommended to use an electric screwdriver or drill, as noted by some users, to expedite the process.

## 4. Operating Instructions

Using your Standifurno dresser is straightforward:

- **Opening Drawers:** Gently pull the 45-degree angled top edge of each drawer front to open.
- **Closing Drawers:** Push the drawer firmly until it is fully closed and flush with the dresser frame.
- **Loading Drawers:** Distribute weight evenly within each drawer. Avoid overloading to ensure smooth operation and prevent damage to the drawer slides.

Image 4: Detailed dimensions of the dresser drawers, indicating their internal capacity.

## 5. Maintenance

To keep your dresser in excellent condition:

- **Cleaning:** Wipe spills and dust with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Protection:** Avoid placing hot items directly on the surface. Use coasters or protective pads as needed.
- **Inspection:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.

## 6. Troubleshooting

If you encounter issues during assembly or use, consider the following:

- **Missing Parts:** Carefully check all packaging materials. If parts are genuinely missing, contact customer support.
- **Misaligned Holes:** Double-check the orientation of the panels and ensure you are using the correct hardware for each step. Sometimes, a slight adjustment or re-orientation of a piece can resolve alignment issues.
- **Drawers Not Opening/Closing Smoothly:**
    a. Verify that the drawer slides are installed correctly and are not bent or obstructed. Refer to the 'Rail installation method' video.
    b. Ensure the drawers are not overloaded.
    c. Check that all screws securing the drawer slides to both the drawer and the dresser frame are tight.
- **Dresser Instability:** Ensure the anti-tipping device is properly installed and secured to a wall stud. Verify that the dresser is on a level surface.

## 7. Specifications
