Hantan HA008-1

Hantan HA008-1 Wireless CarPlay Adapter User Manual

Model: HA008-1 | Brand: Hantan

1. Introduction

The Hantan HA008-1 Wireless CarPlay Adapter converts your vehicle's wired CarPlay or Android Auto system into a wireless connection. This device offers 4-in-1 functionality, supporting Apple CarPlay, Android Auto, AirPlay, and Mirror Link. It is designed for ease of use, providing a stable and fast connection for navigation, music, calls, and screen mirroring.

Image: Overview of the Hantan Wireless CarPlay Adapter's 4-in-1 capabilities.

2. Product Features

- **4-in-1 Compatibility:** Integrates wireless Apple CarPlay, Android Auto, AirPlay, and Mirror Link. Compatible with iPhones (iOS 9+) and Android phones (Android 11+).
- **Fast Wireless Connection:** Utilizes Bluetooth 5.2 and dual-band (2.4GHz+5GHz) Wi-Fi for quick conversion from wired to wireless, with automatic reconnection.
- **Stable Performance:** Features innovative dual-ventilation cooling to prevent overheating and is rigorously tested for vibration resistance, ensuring a stable connection.
- **Screen Mirroring:** Supports AirPlay and Mirror Link for streaming apps and content to your car's display.*Note: For safety, streaming is enabled only when the vehicle is stationary.*
- **Compact Design:** Ultra-mini size with a durable nano-composite material construction, designed to blend seamlessly into your car's interior.

- **Plug & Play:** No complex setup or app installation required. Includes USB-A and USB-C adapters for broad compatibility.

3. Package Contents

- Hantan HA008-1 Wireless CarPlay Adapter
- USB-A to USB-C Adapter

4. Compatibility

This adapter is designed for vehicles equipped with factory-installed wired Apple CarPlay or Android Auto. It is compatible with approximately 98% of vehicles featuring these systems.

- **For Apple CarPlay:** Requires iPhone with iOS 9 or later.
- **For Android Auto:** Requires Android phone with Android 11 or later.

Important Note: This adapter is **not compatible** with vehicles that only have OEM wireless CarPlay/Android Auto. It converts *wired* systems to wireless.

5. Setup Instructions

Follow these steps to set up your Hantan Wireless CarPlay Adapter:

1. **Insert the Adapter:** Plug the Hantan Wireless CarPlay Adapter into your vehicle's USB port that supports wired CarPlay or Android Auto. Use the included USB-C adapter if your car has a USB-C port.
2. **Access Car's Infotainment:** On your car's infotainment system, navigate to the connectivity or CarPlay/Android Auto section.
3. **Enable Phone's Bluetooth & Wi-Fi:** On your mobile phone, ensure both Bluetooth and Wi-Fi are turned on.
4. **Pair with Phone:** Go to your phone's Bluetooth settings, search for the Bluetooth name displayed on your car's screen (or the adapter's default name), and tap to connect.
5. **Confirm Connection:** Follow any on-screen prompts on your car's display or phone to confirm the connection. Once paired, the adapter will automatically reconnect to your phone each time you start the car.

6. Operating Instructions

Once connected, your car's infotainment system will display the Apple CarPlay or Android Auto interface wirelessly.

- **Navigation:** Use your preferred navigation apps (e.g., Apple Maps, Google Maps, Waze) directly on your car's screen.
- **Music & Audio:** Stream music, podcasts, and audiobooks from your phone's apps.
- **Calls & Messages:** Make and receive calls, and send/receive messages using voice commands or the car's interface.
- **Voice Control:** Activate Siri (for Apple CarPlay) or Google Assistant (for Android Auto) using voice commands for hands-free operation.
- **Control Methods:** Maintain use of your car's original controls, including OEM knobs, steering wheel controls, and the touch screen.
- **Split Screen Display:** The adapter supports clear and visible split-screen functionality for multitasking.

7. Screen Mirroring (AirPlay & Mirror Link)

The Hantan adapter supports AirPlay for iPhones and Mirror Link for Android devices, allowing you to mirror your phone's screen onto your car's display.

- **Usage:** Ideal for watching videos, browsing photos, or using apps not natively supported by CarPlay/Android Auto.
- **Safety Precaution:** For your safety and to comply with driving regulations, screen mirroring functionality is only active when the vehicle is stationary (e.g., parked).
- **Compatibility Notes:**
  - Apple Screen Projection (AirPlay) requires iOS 18.0 or above on Apple phones.
  - Android screen mirroring: Google and Apple phones cannot be used for mirroring each other. Xiaomi phones cannot be controlled by each other. Other phones can be controlled by each other.

8. Maintenance

To ensure the longevity and optimal performance of your Hantan Wireless CarPlay Adapter:

- Keep the adapter clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the adapter to extreme temperatures, direct sunlight for prolonged periods, or moisture.
- Ensure the adapter is securely plugged into the USB port to prevent accidental disconnections.
- The adapter features dual-ventilation cooling; ensure its vents are not obstructed.

9. Troubleshooting

Problem	Possible Cause	Solution
Adapter does not connect or is not recognized.	◦ Incorrect USB port used. ◦ Phone's Bluetooth/Wi-Fi is off. ◦ Vehicle not compatible with wired CarPlay/Android Auto. ◦ Temporary software glitch.	◦ Ensure the adapter is plugged into the correct USB port that supports wired CarPlay/Android Auto. ◦ Verify Bluetooth and Wi-Fi are enabled on your phone. ◦ Confirm your vehicle has factory wired CarPlay/Android Auto. ◦ Restart your car's infotainment system and your phone. Re-pair the device.
Intermittent connection or audio dropouts.	◦ Loose connection. ◦ Interference. ◦ Outdated phone OS or car firmware.	◦ Ensure the adapter is firmly seated in the USB port. ◦ Avoid placing other wireless devices directly next to the adapter. ◦ Update your phone's operating system and check for any available updates for your car's infotainment system.
Screen mirroring not working or out of sync.	◦ Vehicle is in motion. ◦ Phone OS not meeting requirements. ◦ Specific phone model limitations.	◦ Ensure the vehicle is completely stationary. ◦ Verify your iPhone has iOS 18.0+ for AirPlay. ◦ Note that Google and Apple phones cannot mirror each other, and Xiaomi phones have specific limitations.
