4. Operating Instructions

The Bellemave Full Montessori Floor Bed is designed to provide a safe and independent sleeping environment for children.

Using Your Floor Bed:

- **Mattress Placement:** Place a standard full-size mattress directly onto the bed slats. Ensure the mattress fits snugly within the frame and guardrails. A box spring is not needed.
- **Montessori Design:** The low-to-ground design allows children to easily get in and out of bed independently, fostering autonomy.
- **Safety Guardrails:** The continuous guardrails provide a secure sleeping area, preventing accidental falls during sleep or play.
- **Creative Space:** The house-shaped roof frame can be used to hang lightweight decorations such as fairy lights or fabric canopies to create a personalized and cozy space. Ensure any decorations are securely attached and do not pose a choking or entanglement hazard.
