## ASUS Rog Strix Scope II Wireless Gaming Keyboard

### Product Information

The package contents include

- Quick Start Guide (US)
- Instrukcja szybkiej instalacji (PL)
- Ghid de pornire rapid (RO)
- Snabbstartsguide (SV)
- Warranty Card
- NL Aan de slag
- PT:BR Iniciando
- Russian Quick Start Guide (RU)

The product features a Type-C connection and is compatible with Armoury Crate. More information can be found at <https://rog.asus.com>. The keyboard layout may vary depending on the model.

### Keyboard Features

The keyboard has both a top view and a rearview. The illustrations provided are for reference only and the actual product specifications may vary.

### Key Combinations

On-the-fly Macro Recording:

1. Step 1: Press Fn + Left-ALT to start recording
2. Step 2: Enter the keys to be recorded as a macro
3. Step 3: Press Fn + Left-ALT to end the recording
4. Step 4: Assign Macro Key Profile Switch by pressing Fn + 1 / 2 / 3 / 4 / 5 / 6\* (6 is the default)

## Light Effect Switch

- Fn + Right: Switch to the next light effect
- Fn + Left: Switch to the previous light effect

## Brightness Level

- Fn + Up: Increase brightness
- Fn + Down: Decrease brightness

## Factory Default

Press Fn + Esc and hold these two buttons until the LEDs blink green to restore the keyboard to factory default settings.

## Windows Lock

Press Fn + Windows key to lock the Windows key.

## F-Switch

Press Fn + INS to toggle between function keys and F1-F12 (default).

## Function Keys

The keyboard has several function keys:

- F1: Win + G – Open the Game Bar
- F2: Win + Alt + PrintScreen – Take a screenshot of your game
- F3: Win + Alt + G – Record the last 30 seconds
- F4: Win + Alt + R – Start or stop recording
- F5: Win + Alt + M – Start or stop microphone recording
- F6: Play/Pause
- F7: Previous track
- F8: Next track
- F9: Mute
- F10: Volume down
- F11: Volume up
- F12: Stealth key

## Multiwheel and Switch Function Button

Press the Switch function button to rotate between modes. Use the Multiwheel to adjust the settings for each function.

## Modes:

- Media Control
- Media Content
- Brightness Adjustment
- Customization (Reassignment in Armoury Crate)

Each mode has different settings that can be adjusted using the Multiwheel.

## Product Usage Instructions

1. Connect the keyboard using the Type-C connection.
2. Install Armoury Crate software from <https://rog.asus.com> for additional customization options.
3. Use the key combinations to perform various functions, such as macro recording, light effect switching, brightness adjustment, factory default restoration, Windows lock, and F-switch toggling.
4. Utilize the function keys for specific actions, including game bar opening, screenshot capturing, recording, playback control, volume adjustment, and more.
5. Press the Switch function button to switch between different modes and use the Multiwheel to adjust settings accordingly.

For safety guidelines, notices, and limitations of liability, please refer to the user manual provided with the product.

## Keyboard features

### Top view (US layout for reference)

#### Rearview

1. Switch function button
2. Multiwheel
3. Adjustable feet with 3 tilt positions
4. USB Type-C® port

## Getting started

1. Connect your keyboard to a PC with the bundled Type-C® cable.
2. Download and install the Armoury Crate software from <https://rog.asus.com>.
3. Follow the software instructions to update your keyboard's firmware.
4. Customize your keyboard using Armoury Crate.

## Key combinations

### Multiwheel and Switch function button

Press the Switch function button ( A ) to rotate between modes. You can then use the Multiwheel to adjust the settings for each function ( A,B, C,D ).

## Swapping the Spacebar

### Safety Guidelines

Keep the device away from liquid, humidity, or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). When the device exceeds the maximum temperature, unplug or switch off the device to let it cool down.

## Notices

### Limitation of Liability

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product. ASUS will only be responsible for or indemnify you for loss, damages, or claims based on contract, tort, or infringement under this Warranty Statement. This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible. UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

### Federal Communications Commission Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: This device may not cause harmful interference. This device must accept any interference received including interference that may cause undesired operation. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the manufacturer's instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION!** The use of shielded cables for connection of the monitor to the graphics card is required to assure compliance with FCC regulations. Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

### Simplified UKCA Declaration of Conformity

ASUSTek Computer Inc. hereby declares that this device is in compliance with the essential requirements and other relevant provisions of The Radio Equipment Regulations 2017 (S.I. 2017/1206). The full text of the UKCA declaration of conformity is available at <https://www.asus.com/support/>. ASUSTeK Computer Inc. hereby declares that this device is in compliance with the essential requirements and other relevant provisions of related Directives. Full text of EU declaration of conformity is available at: [www.asus.com/support](https://www.asus.com/support)
