1 YEAR LIMITED WARRANTY

The AT&T brands are used under license. Any repair, replacement, or warranty service, and all questions about this product should be directed to Concept 101 LLC at **www.att.com/electronics** or call 1(888) 920-8680 from the USA or Canada. Concept 101 LLC warrants that the product will be free from defects in material, parts and workmanship for the period of one (1) year from date of purchase. Concept 101 LLC agrees that it will, at its option, replace the defective product with either a new or remanufactured product equivalent to your original purchase during the warranty period. Please be advised the returned product must carry the proof of purchase.

Exclusions and limitations

Concept 101 LLC does not warrant that the product will work properly in all environmental conditions, and makes no warranty and representation, either implied or expressed, with respect to the quality, performance, merchantability, or fitness for a particular purpose other than the purpose identified within this user's manual. Concept 101 LLC has made every effort to ensure that this user's manual is accurate and disclaims liability for any
inaccuracies or omissions that may have occurred. Information in this user's manual is subject to change without notice and does not represent a commitment on the part of Concept 101 LLC. Concept 101 LLC reserves the right to make improvements to this user's manual and/or to the products described in this user's manual at any time without notice.
If you find information in this quick start guide that is incorrect, misleading, or incomplete, please contact us through our website.

Important Safety Instructions

1. Always clean the unit using a dry cloth, do not use liquids or any cleaners.
2. Do not use attachments not recommended by the manufacturer.
3. The unit should not be used near water. For example: near a bathtub, washbowl, kitchen sink, laundry tub, swimming pool or in a wet basement.
4. The unit should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat.
5. Do not place the unit on an unstable table, stand, tripod, or bracket. This may result in serious personal injuries and damage to the unit.
6. If the unit is to be left unused for an extended period of time, such as a month or longer, the power cable should be unplugged from the unit to prevent damage or corrosion.
7. Do not place the wireless charging cover solely on the wireless charger. Doing so may overheat the charger and cause fire. It may result in damaging the device or may result in serious burns.

Compliance with FCC Regulations

The equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / television technician for assistance.
