## SETTING THE TIME

1. Pull the crown out to the 1st Click Position.
2. Turn the crown to set hour and minute hands.
3. After the time has been set, push the crown back to the Normal position.

\*24 Hour hand/disc moves linked with the center Hour and Minute hand.

## TO WIND UP THE MAINSPRING

The automatic winding watch can also be hand winded by turning the crown clockwise in the Normal position. Wind several times clockwise. It will start to move naturally.
