M70 SERIES

FLUSH MOUNT CEILING MICROPHONE

- Architecturally discreet: less than 3" in diameter
- Optimized for maximum speech intelligibility
- Flexible, aimable capsule
- Offered in white and nickel
- Available in analog and Dante® versions

M55 SERIES

HANGING CEILING MICROPHONE

- Designed for taller ceiling applications with precision height trim
- Optimized for maximum speech intelligibility
- Available in analog and Dante versions
- Several pattern configurations
 - Cardioid
 - Hypercardioid
 - Omnidirectional
 - Shotgun

M3 SERIES

TRI-ELEMENT CEILING MICROPHONE

- Three independent microphones in one coherent assembly
- Larger effective coverage area
- Optimized for maximum speech intelligibility
- Flexible mounting options for drop ceiling or hard lid applications
- Offered in white and grey
- Available in analog and Dante versions

THE RIGHT CHOICE

Designing an AV-enabled conference room or classroom that truly delivers an in-person audio experience for all attendees starts with choosing the right microphones.

Audix offers a complete range of install microphones, enabling flexible and scalable designs that are easy to deploy and commission. Available in both analog and Dante/AES67 versions, Audix install microphones share a common voicing and are optimized for maximum speech intelligibility.

Need more coverage? Just add another microphone.

Designed, assembled and tested in the USA. Audix install microphones. The right choice.
