- **Color:** Dark Gray
- **Number of Pieces:** 1
- **Finish Type:** Powder Coated
- **Included Components:** August Smart Lock Pro, August Connect Wi-Fi Bridge, DoorSense Sensor, 4 AA Batteries, Lock Adapter, Mounting Hardware
- **Controller Type:** Vera, Amazon Alexa, SmartThings
- **Item Weight:** 0.87 Pounds
- **Control Method:** Voice
- **Connectivity Protocol:** Wi-Fi, Z-Wave
- **Manufacturer:** August Home Inc

- **Part Number:** AUG-SL03-C02-G03
- **Item Weight:** 13.9 ounces
- **Product Dimensions:** 3.4 x 2.22 x 3.4 inches
- **Item model number:** AUG-SL03-C02-G03
- **Batteries:** 1 CR123A batteries required. (included)
- **Is Discontinued By Manufacturer:** No
- **Finish:** Powder Coated
- **Power Source:** Battery powered
- **Voltage:** 1.5 Volts
- **Installation Method:** Retrofit deadbolt lock
- **Item Package Quantity:** 1
- **Special Features:** Keyless, Auto Lock
- **Batteries Included?** Yes
- **Batteries Required?** Yes
- **Battery Cell Type:** Alkaline
- **Warranty Description:** 1-year manufacturer warranty

Compatibility and Connectivity

The August Smart Lock Connect Hub is designed to work seamlessly with popular smart home platforms and controllers, including Vera, Amazon Alexa, and SmartThings. Its connectivity protocols include Wi-Fi and Z-Wave, ensuring it can easily integrate into your existing smart home ecosystem.

Product Features

The August SL03-C02-G03 Smart Lock Connect Hub offers the following features:

- **Remote Control:** You can control and monitor your door from anywhere using the August app on your smartphone.
- **Activity Monitoring:** Always stay informed about who is coming and going from your home with real-time activity monitoring.
- **Compatibility:** This smart lock hub allows you to keep your existing lock and keys, making it easy to upgrade your door's security.
- **Auto-Lock:** The smart lock features an Auto-Lock function, ensuring your door is locked automatically after a specified period, providing added security and convenience.
- **Auto-Unlock:** With Auto-Unlock, the smart lock can automatically unlock when you approach the door, making it more convenient for you to enter your home.
- **Connectivity Options:** The August Smart Lock Connect Hub is compatible with various smart home platforms, including Vera, Amazon Alexa, and SmartThings, allowing you to integrate it into your existing smart home ecosystem.
- **Easy Installation:** Installation is straightforward, and it can be retrofitted to your existing deadbolt lock without the need for extensive modifications.
- **Power Source:** The smart lock is battery-powered, and it comes with 4 AA batteries included.
- **Connectivity Protocols:** It supports both Wi-Fi and Z-Wave connectivity protocols, providing flexibility in how you connect and control your smart lock.

- **DoorSense Sensor:** Included with the hub is the DoorSense Sensor, which helps you monitor the status of your door, ensuring it's properly closed and locked.

These features make the August SL03-C02-G03 Smart Lock Connect Hub a versatile and convenient addition to your home security system, offering remote access, automation, and compatibility with various smart home platforms.

Inside the Box

The package for the August SL03-C02-G03 Smart Lock Connect Hub includes the following components:

August Smart Lock Pro

Mounting Plate

3 Adapters

Adhesive Strip

What you need

Phillips Screwdriver

Installation

Before starting, we recommend confirming your deadbolt at **august.com/compatibility**
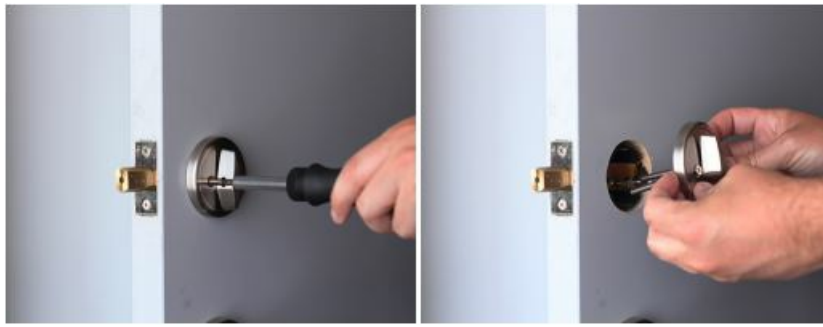

Prepare your existing deadbolt

Use the supplied adhesive strip to hold the keyed side of the lock in place.

Remove your existing thumb turn

Unscrew and remove the screws from your existing deadbolt thumbturn. If there is an additional back plate, remove that as well. Be sure to unlock your deadbolt before removing the thumbturn entirely.

Prepare the mounting plate

The included mounting plate has two adjustable screw holes that can be repositioned as needed. Remove the screws from the thumbturn and insert them into the front of the mounting plate.

Attach the mounting plate

Tighten the screws by hand until the mounting plate is secured against the door.

Choose your adapter

- Select your adapter from the Compatibility Chart above.
- If your lock brand is not in the chart, slide each adapter onto the tailpiece to find the right one. The correct adapter will have the small nub pointing up.

NOTE: The adapters can be placed in the mounting plate backward. So if the shape is correct, but it seems backward, try flipping the adapter around.

Attach the correct adapter

Place the correct adapter onto the tailpiece with the small nub pointing up.

Open the wing latches

Pull out both side wing latches to prepare for mounting.

Attach the August Smart Lock Pro

Slide the August Smart Lock Pro over the tailpiece and attach it to the mounting plate. Make sure the back of the lock is flush with the door. To secure the August Smart Lock Pro, clamp down both side wing latches to the mounting plate completely.

Remove the faceplate

Press down on the August logo located at the bottom of the face plate. Grab the top of the faceplate and remove it.

Remove the battery tab

While holding the batteries in place, remove the plastic battery isolation tab. Make sure that the battery is properly seated in its compartment.

Replace the faceplate

Place the faceplate back onto the August Smart Lock Pro, with the August logo at the bottom.

Install DoorSense™

DoorSense™ enables your lock to know when the door is open and closed. For instructions on installing DoorSense™, please visit the link below:
