Specifications

Brand	August
Connectivity technology	Bluetooth
Colour	Black
Speaker type	Stereo
Item dimensions L x W x H	14.3 x 17.6 x 4.4 centimetres

Safety Guidelines

- **Do not disassemble** the device—this can be hazardous and void the warranty
- **Unplug before cleaning** to avoid an electric shock or damage.
- **Dispose of responsibly** in accordance with WEEE regulations—check local recycling guidelines
- **Use in appropriate conditions:** avoid extreme heat, moisture, or dust to prevent damage or malfunction.
- **Monitor volume levels** when using headphones—prolonged loud listening may risk hearing damage

Usage Tips

1. Charging & Battery

- Charge using the included USB-C cable. A full charge offers approx. 12hours of playback. Battery level is shown on the screen

2. Switching Modes

- Use buttons or a remote to toggle between CD, USB, AUX, and Bluetooth modes.
- Adjust EQ settings via the menu for bass, rock, jazz, etc.

3. Bluetooth Operation

- In receive mode, pair your phone/tablet to play music through SE15's speakers.
- In **transmit mode**, go to Settings → Bluetooth Transmission to stream CD/AUX/USB audio to Bluetooth headphones or speakers

4. Anti-Skip Feature

- Shock protection ensures smooth playback during movement (e.g., while walking or traveling)

5. Wall Mounting

- Use the included mounting clips to attach the unit securely; it can be slid in and out as needed

About this item

- Product Dimensions : 14.3 x 17.6 x 4.4 cm; 468 g
- Date First Available : 30 April 2025
- Manufacturer : August
- ASIN : B0DS23XWLL
- Item model number : SE15B

Product Description

The August SE15B All-in-One Home Audio Player

- Take control of your home audio every single day from the palm of your hand with this remote-controlled stereo speaker with CD player, MP3 player and Bluetooth all built-in.
- Enjoy authentic, high-bitrate CD audio or thousands of files from a USB stick, and even stream any music you can think of from Bluetooth devices like PC, phone and tablet.
- The Bluetooth connection goes both ways, so you can send or receive audio with SE15. Play your Spotify playlists out loud, or listen to CDs through Bluetooth speakers! The choice is yours with this flexible, adaptive home audio solution.

Modern CD Player Controls and Features

The inbuilt CD player of SE15 features repeat modes, shuffles, playlist repeat and A-B sequencing so you can enjoy your favourites exactly how you want. Make the most of that high-bitrate CD quality sound!

Anti-Skip and Shock for On-the-Go Use

With the rechargeable battery and anti-skip/shock protection, the SE15 can be used on-the-go as well as mounted at home. Enjoy your CDs, MP3 and Bluetooth audio wherever life takes you, keeping CDs safe even on trains or in cars.

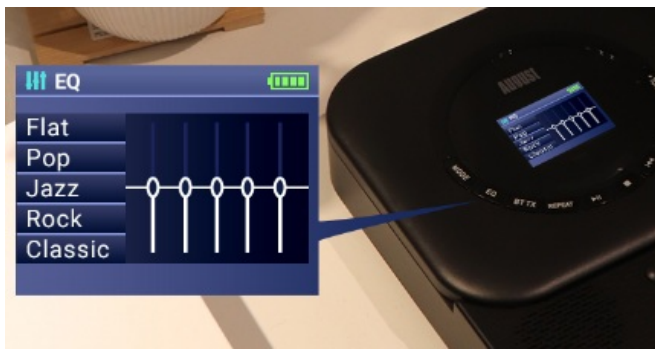

Full-Colour Intuitive LCD Screen

Navigate modes and menus easily with the remote control or buttons on the speaker, all showing easy-to-read information on the LCD screen. Check track names, Bluetooth connections, volumes and battery level on a bright, vibrant screen.

Stereo Speakers for Authentic CD Audio

Make the most of your CD collection with authentic audio from stereo speakers inbuilt into the SE15. Perfect for room-filling sound or on-the-go use. Use an AUX cable or Bluetooth transmission to connect an even more powerful speaker directly to SE15!

Hear your music in a whole new way

The customisable EQ allows you to create your ideal soundscape for home or travel with the full-range EQ controls. Choose from the 5 presets to balance the highs and lows to your liking, bringing out vocals or highlighting tones you never knew existed in your favourite songs.

Versatile Connectivity with Bluetooth and Wired

Receive Bluetooth audio to play from the SE15 speakers, or connect your phone directly via AUX! The adaptive connection options allow you to send and receive all your audio as simply as possible. Play phone calls, mobile games, videos and more all with a simple cable connection.

AUX In and Out for Private Audio

Whether at home or travelling by train, plane or bus, the SE15 can utilise wired or wireless earbuds and headphones for private listening. Simply pair or plug in your earphones to experience all the features of SE15 (CDs, MP3s, Bluetooth) through your own private earphones or headphones.

Compact and Lightweight Design

Easily slip it out from the mount to take SE15 on road trips or holidays. The size allows SE15 to fit snugly on shelves, desks, bedside tables and kitchen tops, or to be mounted

discreetly on a wall. The high versatility and authentic audio features don't make the SE15 cumbersome.

August International is a UK-based company leading research and development in consumer electronic products. Utilising the latest technology, advanced features, and seamless designs for an international audience. The home audio systems are designed for maximum versatility, with multiple connection options and support for media like CDs as well as modern streaming, combining the best of the old and new.

FAQS

1. Can I use both AUX In and Bluetooth transmit at the same time?

Yes—you can play from AUX or USB/CD and transmit that audio over Bluetooth. It supports both wired and wireless output options simultaneously.

2. What formats are supported from USB sticks?

The unit accepts up to 64GB FAT32 USB drives and plays MP3, WAV, APE, FLAC, AAC, and WMA files

3. How do I activate Bluetooth transmit mode?

Access the Settings menu and select “Bluetooth Transmission.” The main Bluetooth icon is for input mode (receiving audio)
