Shortcut key	HOME page	Email	My computer	Open the page

2.4G Connection Method (plug and play, no driver required)

Step 1: Remove the USB receiver from the battery slot on the back of the mouse

Step 2: Plug the USB dongle into your computer host/laptop (mouse and keyboard)

Share a USB receiver)

Step 3: Put 1 AAA battery into the battery slot on the back of the keyboard and 1 AA battery into the battery slot on the back of the mouse.

Step 4: Power on the mouse to use

NOTE

If the keyboard does not work, please try the following:

1. Try different USB ports and make sure the USB receiver is plugged into the computer host/laptop.
2. Unplug the rest of the USB receiver on the computer host/laptop and plug it into the USB receiver on the back of the AULA Wireless Mouse.
3. The reason is that the other USB receiver may conflict with the AULA Wireless Keyboard Mouse causing it to not work.
