Web: **www.autel.com**

Thank you for purchasing this Autel tool. Our tools are manufactured to a high standard and — when used according to these instructions and properly maintained — will provide years of trouble-free performance.

Getting Started

IMPORTANT: Before operating or maintaining this unit, please read these instructions carefully, paying extra attention to the safety warnings and precautions. Failure to use this product properly may cause damage and/or personal injury and will void the product warranty.
1

- Press and hold the **Lock**/**Power** button to turn on the tablet.
- Connect the female adapter of the main cable to the tablet and tighten the captive screws.

2

- Scan the QR code above to visit our website at **pro.autel.com**.
- Create an Autel ID and register the product with its serial number and password.

3

- Connect the 16-pin male adapter of the main cable to the vehicle's DLC, which is generally located under the vehicle dashboard.

- Your tablet is now ready for use.

Please download the Maxi PC Suite software from www.autel.com > Support > Downloads > Autel Update Tools and install it on your computer.

Software Update

IMPORTANT: Make sure the tablet is connected to the Internet and has sufficient battery or is connected to a power source.

- Tap the **Update** application button from the Diagnostics Job Menu and the Update screen will display.
- Check for all available updates:

  a) if you want to update all the items, tap the **Update All** button;

  b) if you want to update one or some of the items, tap the **Update** button on the right column of the specific item(s).

- Tap **Pause** to suspend the updating process. Tap **Continue** to resume.
- When the updating process is completed, the software will be installed automatically. The previous version will be replaced.

Wireless Data Printing

Print via PC

IMPORTANT: Make sure the tablet is connected to the same network as the computer, either via Wi-Fi or LAN, and that the computer is connected to a printer.

1. Run the **MaxiSys Printer** on the computer. This was installed along with the installation of the **Maxi PC Suite** software.
2. Click **Test Print** to make sure the printer is working properly.
3. Tap **Print** on the toolbar of the tablet. A temporary document will be created and sent to the computer.

• If the **Auto Print** option in the MaxiSys Printer is selected, the MaxiSys Printer will print the received document automatically.

• If the **Auto Print** option is not selected, click **Open PDF File** to view all the temporary files. Select the file(s) you want to print and click **Print**.

Print via APP

If a Wi-Fi printer is available, please purchase a Wi-Fi printer APP and install it onto your tablet. To print a file, simply click on the **Print** button of a saved file on the tablet.
