FAQ

- **Q:** What kind of Windows accounts can I use for companionship?
- **A:** ATKey.Login delivers wide Windows compatibility. Users can companion with admin, local, on-premise AD, VM VM-based accounts. ATKey.Login also works in online and offline environments.
- **Q:** What kind of passkey can I register as an authenticator in ATKey?Login?
- **A:** ATKey.Login is an add-on for ATKey. You can only use ATKey as a passkey authenticator in ATKey.Login.
- **Q:** Is ATKey.Is login compatible with other passwordless login methods for PCs?
- **A:** ATKey.Login is built to enhance security and user convenience, and we understand that each user has unique preferences and requirements. If you are already satisfied with your current passwordless PC login solution, such as Azure AD, there's no need to invest in ATKey.Login.
