# Avision AM40A Conecte Printer Getting Started Instruction Manual

**Contents**

**Avision AM40A Conecte Printer Getting Started**

## Product Information

### Specifications

- **Product Name:** A4 MFP Network
- **Supported Languages:** English (EN), Traditional Chinese (TW), Simplified Chinese (ZH)

## Product Usage Instructions

### Connect the Network Cable and Power On

Connect the network cable to the A4 MFP Network device and plug in the power cable to a power source.

### Obtain IP Address

After powering on the device, it will automatically obtain an IP address. Note down the IP address (x.x.x.x) for future use.

### Set Date and Time

1. Access the System Settings menu.
2. Select the Date and Time option.
3. Set the desired date and time for the device.

### Set the SMTP Server

1. Access the Properties menu.
2. Select the Network SMTP option.
3. Configure the SMTP server settings according to your email provider's instructions.

## Create Your Address Book

1. Access the Address Book menu.
2. Select the Individual option.
3. Add a new contact by accessing the Properties menu and selecting Add New.

## Create Filing Profiles

1. Access the FTP/CIFS Setup File Destination menu.
2. Select the Properties option.
3. Add a new filing profile by selecting Add New.

## Place a Document:

Place the document to be scanned on the ADF (Automatic Document Feeder) or the Flatbed scanner.

## Send Your Document:

Send the document using the A4 MFP Network device by following these steps:

1. Select the desired document-sending method.
2. Follow the on-screen instructions to complete the document-sending process.

**Note:** For more detailed information and instructions, please refer to the manual provided in the CD.
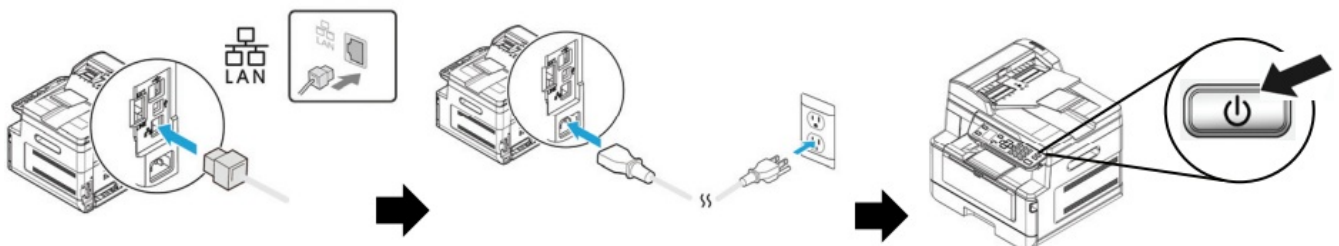

## FAQ (Frequently Asked Questions):

**Q: Where can I find the manual for the A4 MFP Network?**

**A:** The manual can be found on the CD provided with the product.
