Specifications:

- Brand: AXI
- Product Name: MANDY SANDBOX
- Material: Hemlock wood with FSC certification
- Finish: Water-based stain
- Warranty: 2-year warranty on accessories, 10-year warranty on the wood

Product Usage Instructions

1. Safety

AXI sandboxes are tested and approved in accordance with the EN71 toy standard, displaying the EN71 logo and the CE mark for compliance with safety regulations.

2. Material

The sandbox is constructed from Hemlock wood with FSC certification, providing natural resistance to wood rot and vermin. The wood is treated with a water-based stain for protection, ensuring it is safe for both humans and the environment.

3. Assembly

Refer to the assembly instructions provided in the manual for step-by-step guidance on setting up the MANDY SANDBOX. Ensure all parts are correctly connected and secured for stability.

4. Maintenance

Regularly inspect the sandbox for any signs of wear or damage. Clean the sandbox as needed with a mild soap solution and water. Reapply a water-based stain if necessary to maintain the wood's protection.

FAQ:

- **Q: What is the warranty coverage for the AXI sandbox?**

A: AXI offers a 2-year warranty on accessories and a 10-year warranty on the wood of the sandbox, subject to

proper use.

• **Q: Is the wood treatment safe for children?**

A: Yes, the water-based stain used on the sandbox is natural and non-toxic, making it safe for children and environmentally friendly.

• **Q: Can younger children play with the sandbox?**

A: The product is recommended for children above 36 months due to small parts present in the sandbox that may pose a choking hazard to younger children.

INTRODUCTION

Congratulations on your purchase of an AXI sandbox. AXI is committed to designing and manufacturing a robust and safe product. With this choice, you have purchased a product that you will enjoy for years to come.

SAFETY

AXI sandboxes are tested and approved in accordance with the EN71 toy standard and therefore bear the EN71 logo and the CE mark.

1. SAFETY INSTRUCTIONS:

- Do not allow children to play without (parental) supervision.
- For safety and stability, the AXI sandbox should be assembled in accordance with the instructions provided.

2. ASSEMBLY

- Assembly of the AXI sandbox should only be carried out by adults.

3. MATERIAL

AXI sandboxes are made of Hemlock with FSC certification. This type of wood has a natural defence against wood rot and vermin. For extra protection and finishing, the wood is treated with a water-based stain. This natural-based stain is not harmful to humans or the environment.

4. MAINTENANCE

- Check regularly for splinters or sharp parts and replace any component if necessary.
- Check regularly that all nuts are on the bolts and check screws and the strength of joints and/or fixings. If applicable, nuts should be tightened.
- Regular means at the start of and twice a month during the outdoor play season.
- Check the condition of the stain layer annually. For optimal durability, the AXI sandbox should be restained once a year. When doing so, use a water-based paint/stain on a natural basis.

5. CAUTION!

- AXI sandboxes are intended for private use. It is not permitted to rent out or use these sandboxes in public places such as schools and day-care centres. Rental or use in public places voids any warranty and liability.
- Wood is a natural product and is therefore subject to weathering, which may lead to warping and splitting. No warranty is provided for the consequences of weather influences that do not damage the construction or compromise safety.
- Should the product not reach you in good condition or if other problems arise, please contact your dealer or customer service where you purchased the product.

WARRANTY CERTIFICATE

Subject to proper use, AXI provides a 2-year warranty on accessories and a 10-year warranty on the wood.

AXI reserves the right not to grant a warranty if there is :

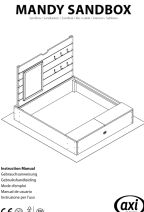

- the absence of an original proof of purchase;
- natural weather influences on the wood resulting in warping and splitting of the wood that do not negatively affect the construction of the AXI sandbox and where safety is not compromised.
- application for purposes other than those for which the AXI sandbox was developed;
- a method of assembly other than that prescribed in the manual
- improper execution of technical repairs;
- failure to follow the prescribed safety instructions
- using the AXI sandbox in public places such as schools and kindergartens;
- renting out the AXI sandbox to third parties;
- failure to regularly check and where necessary replace parts
