 F5	Play/Pause	Play/Pause	Play/Pause		2.4 G Channel	2.4 G Channel	2.4 G Channel
 F6	Next Track	Next Track	Next Track		Bluetooth 1 Channel	Bluetooth 1 Channel	Bluetooth 1 Channel
 F7	Mute	Mute	Mute		Bluetooth 2 Channel	Bluetooth 2 Channel	Bluetooth 2 Channel
The above multimedia function keys are single keys by default; Fn lock status F1-F12 is achieved by pressing alone.							

## Keyboard Parameters

Working Voltage		Sleep Wake Up Current	
Switch on the Current		Shut Off the Current	
Charging Current		Battery Capacity	
Standby Current		The Charging Time	
Sleep Time		Sleep Current	
Working Current	Light all LED operating current $\leq 2.5\text{mA}$ , single finger tapping $\leq 1.5\text{mA}$		

### • Power-saving sleeping mode

When the keyboard does not have any operation instructions within 30 minutes, it will automatically enter sleep mode. When you need to use it, you only need to press any key , the keyboard will wake up and the keyboard can work normally.

## • Charging

When the battery power is low, the power indicator flashes red, the voltage is lower than 3.4V and the low battery indicator alarms, and the light flashes once every 2 seconds. At this time, please charge the keyboard:

1. **Step 1:** Connect the B end of the original USB cable to the keyboard charging port;
2. **Step 2:** Connect the A end of the USB cable to the power adapter or the USB interface of the computer;
3. **Step 3:** When charging, the charging indicator light turns red, and the green light turns green when fully charged

## Noted:

1. For longer battery life, charge the keyboard only when the keyboard power light is blinking.
2. The original power cord must be used for charging under working conditions. If other data cables are used to charge during work, garbled characters and functional failures may occur.

## Product Warranty Description

When users use Hangshi mechanical keyboard products, the after-sales service is strictly in accordance with the "Consumer Rights Protection Law of the People's Republic of China" and "Product Quality Law of the People's Republic of China" After -sales three-guarantee service is implemented, and the service content is as follows:

- Within 7 DAYS from the day after you sign for receipt, if this product is not damaged by human or performance failure, the product can be returned or replaced free of charge after the inspection of the world's after-sales service.
- Within 8 TO 30 days from the day after you sign for the receipt, if the product is damaged by non-human or performance failure, it will be confirmed by the after-sale service of the HANGSHI, and you can enjoy the replacement or repair service free of charge.
- Within 12 months from the day after you sign for the receipt, if this product is damaged or has performance failure, it will be tested and confirmed by HangSHI after-sales service, and you can enjoy free maintenance service.

## Non-Warranty Regulations

- Unauthorized Repair, Misuse, Crash, Negligence, Abuse, Fluid Ingress, Accident, Tear, Alteration.

## FCC

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning

the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.
