Mounting instructions

Volt-free mounting and dismounting!

CASIA Universal Socket

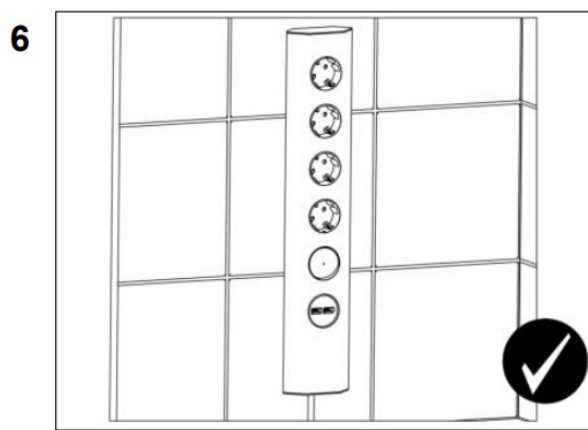

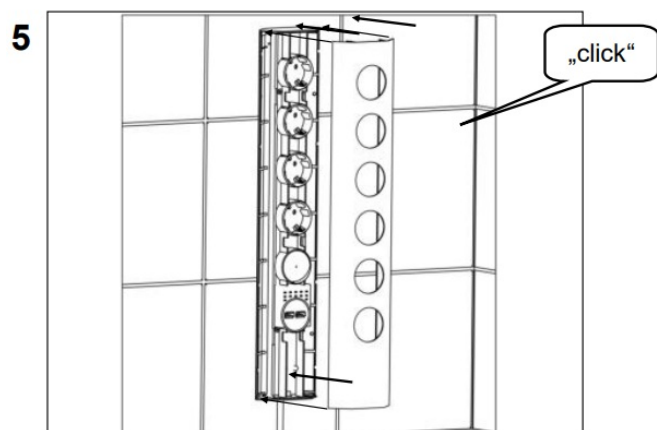

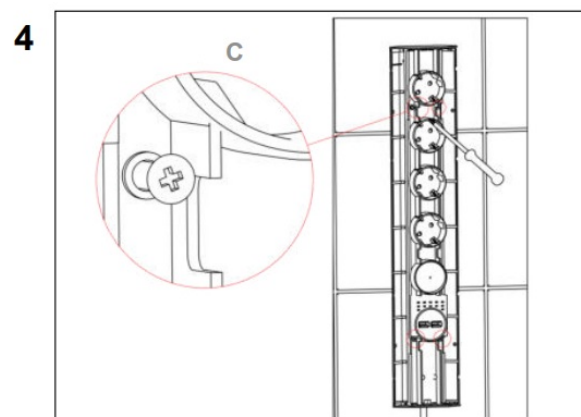

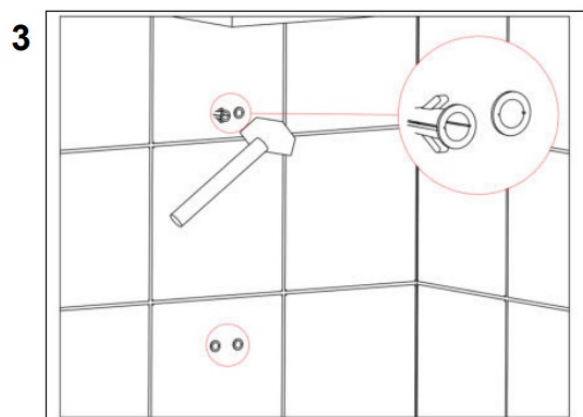

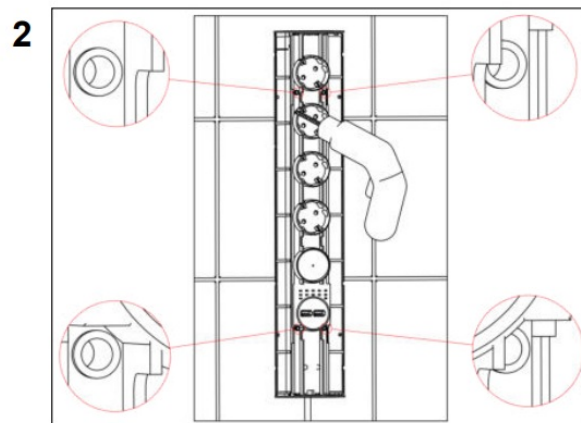

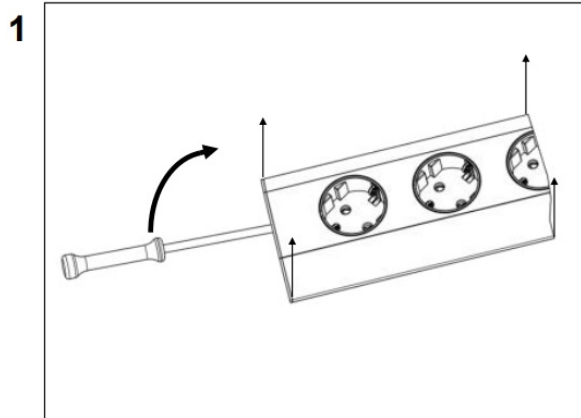

Please note!

Installation, connection and commissioning only done by a qualified person (according to IEC60050; IEC60364-5-52) with respective electrotechnical skills and experience! Inappropriate installation leads to:

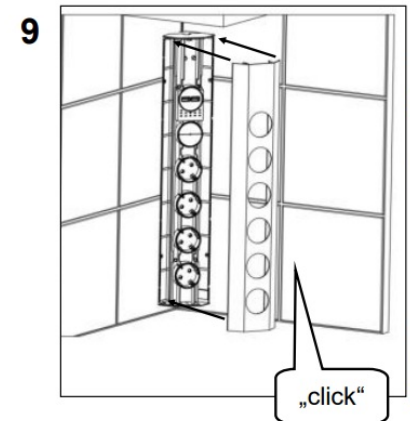

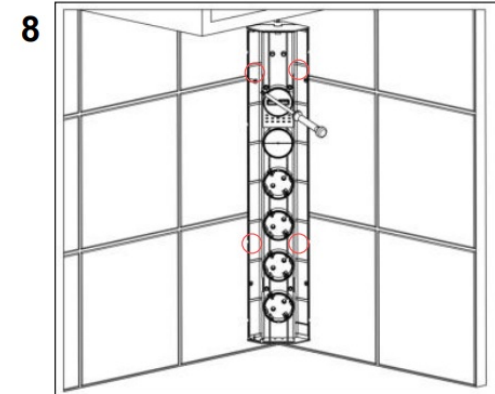

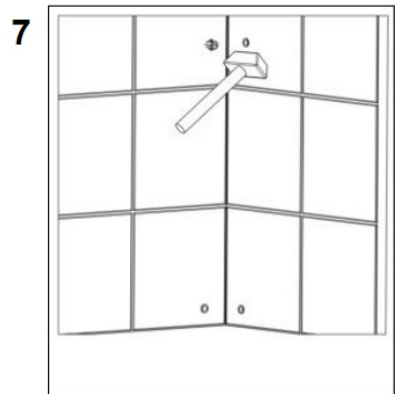

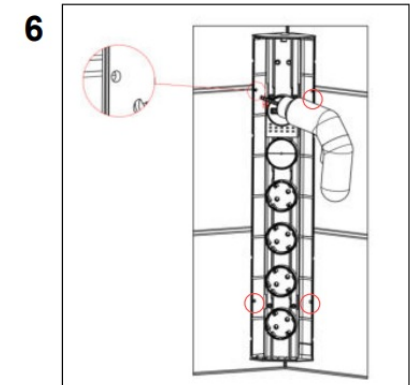

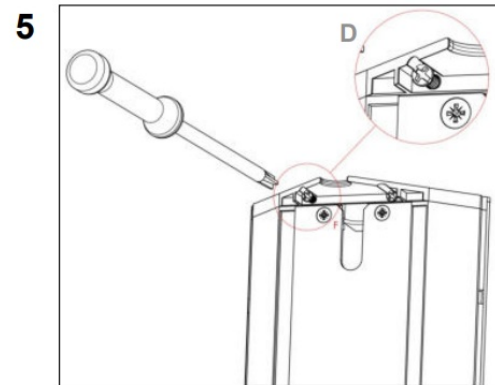

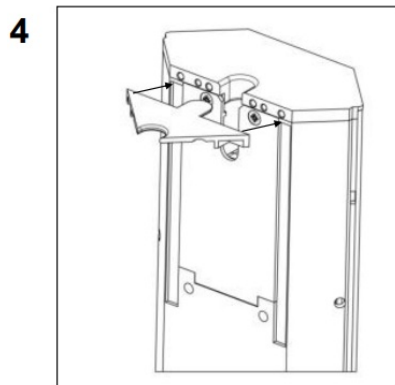

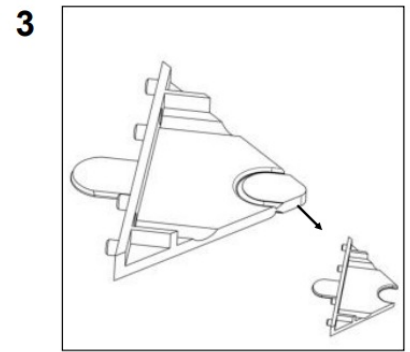

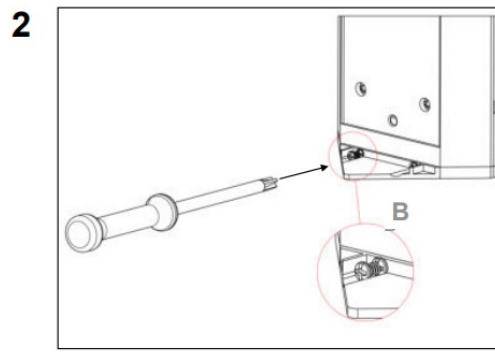

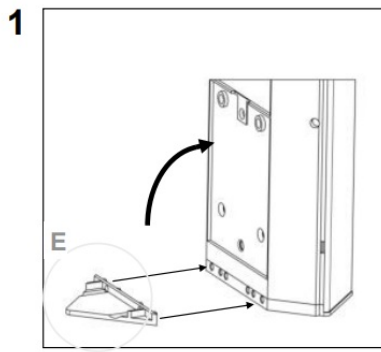

- danger to life
- danger to life of users of the electrical installation

With improper installation you risk heavy material damage e.g. through fire. In case of an unproperly installation, Bachmann can't be held liable in case of damage of persons and material assets.
