The CYCLE Pole L is a product manufactured by Bachmann GmbH. It is a mounting pole designed for installation

purposes.

Product Details

- Product Name: CYCLE Pole L
- Manufacturer: Bachmann GmbH
- Model Number: Not specified
- Revision: REV01
- Date: 10.01.2023
- Page: 2/2
- Company Address: Ernstthaldenstr. 33, 70565 Stuttgart, Germany
- Company Website: www.bachmann.com

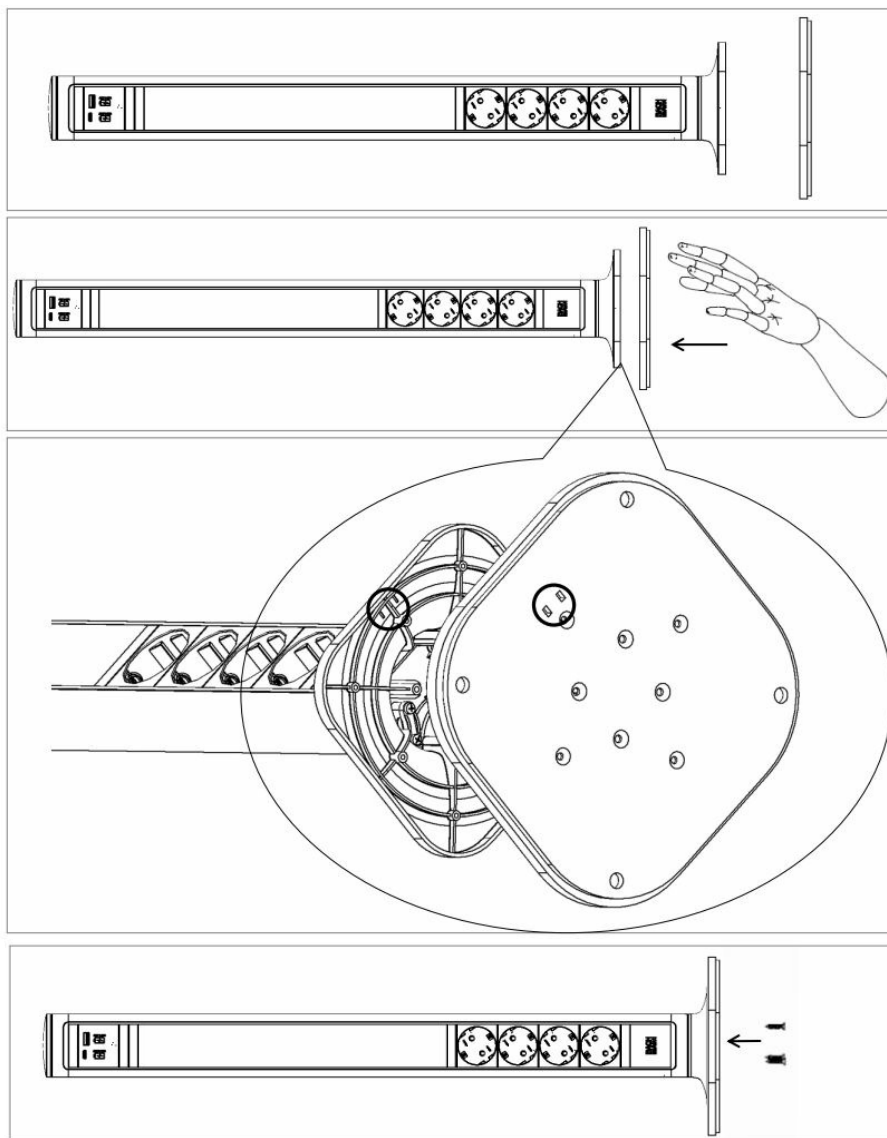

Product Usage Instructions

Please follow the steps below to mount the CYCLE Pole L:

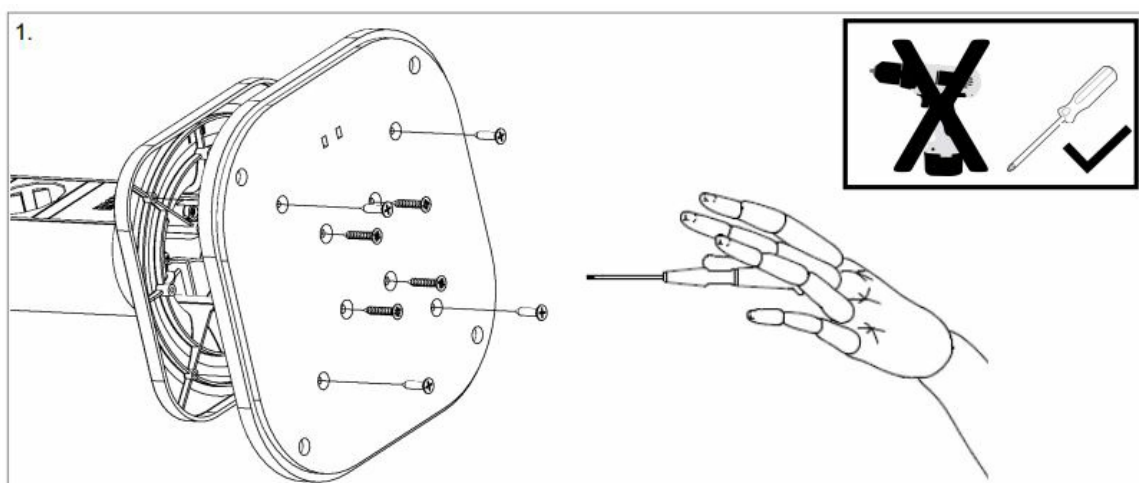

1. Refer to the user manual in your preferred language for detailed instructions.
2. Gather all the necessary tools and equipment required for installation.
3. Identify a suitable location for mounting the pole.
4. Ensure that the mounting surface is stable and capable of supporting the pole's weight.
5. Follow the provided step-by-step instructions for mounting the pole.
6. Ensure that all connections and fasteners are securely tightened.
7. Verify that the pole is properly aligned and leveled after installation.
8. Double-check all connections and make any necessary adjustments.
9. Test the stability of the mounted pole by applying gentle pressure.
10. If the pole is stable, proceed with any additional installation steps or connect any required devices.
11. If the pole is not stable, recheck the installation steps and make necessary corrections.

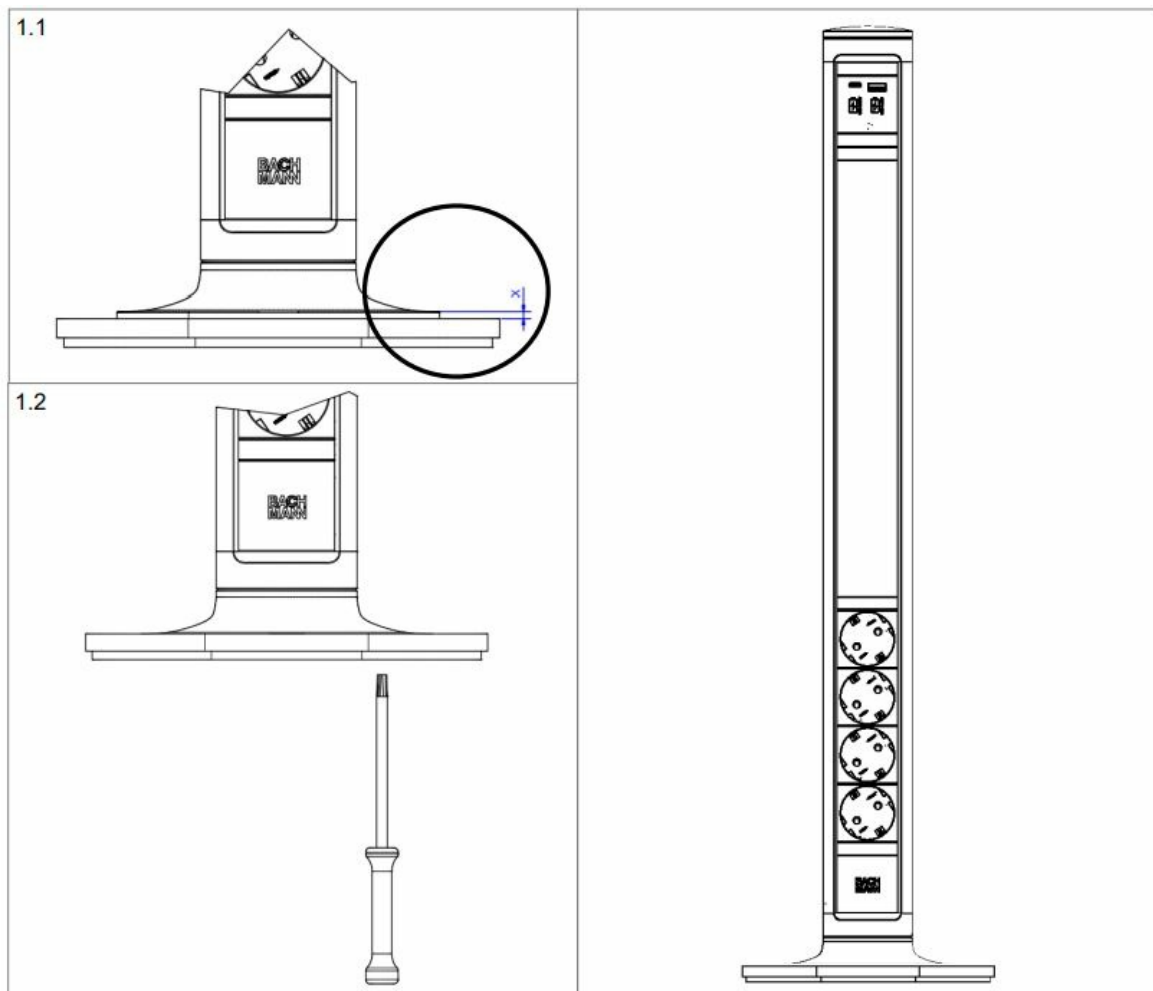

For more detailed instructions, refer to the Mounting Instructions section of the user manual provided.
