DP E161.CAN Display

Product Information

The DP E161.CAN is a display product that provides information on battery capacity, speed, support level, walk assistance, lighting system, and Bluetooth function. The display has three buttons: System On/Off, Up and Down. It also has a QR code label attached to the display cable which contains information for possible software updates.

Specifications

- Battery capacity indicator
- Speed indicator
- Support level indicator
- Walk assistance
- Indicator for lighting system
- Bluetooth indicator

Functional Overview

The DP E161.CAN display has three buttons: System On/Off, Up and Down. The System On/Off button turns the system on and off. The Up and Down buttons are used for selection of support levels.

Product Usage Instructions

Switching the System ON/OFF

To turn on the system, press and hold the System On/Off button for more than 2 seconds. To turn off the system, press and hold the System On/Off button again for more than 2 seconds.

Selection of Support Levels

After turning on the display, use the Up and Down buttons to select the desired support level.

Headlights / Backlighting

To activate the headlight and taillights, hold the System On/Off button for more than 2 seconds. Hold the System On/Off button again for more than 2 seconds to turn off the headlight and taillight. If the display is turned on in a dark environment, the display backlight/headlight will be turned on automatically. If the display backlight/headlight are turned off manually, they also need to be turned on manually afterwards.

Walk Assistance

The Walk Assistance function can be activated by pressing and holding the Up button for more than 2 seconds, and deactivated by pressing and holding the Down button for more than 2 seconds.

Battery Capacity Indication

The battery capacity is indicated on the display.

Bluetooth Function

The Bluetooth function can be used to connect the display to other Bluetooth-enabled devices.

Error Code Definition

The user manual provides a list of error codes and their definitions.

IMPORTANT NOTICE

- If the error information from the display cannot be corrected according to the instructions, please contact your retailer.
- The product is designed to be waterproof. It is highly recommended to avoid submerging the display under water.
- Do not clean the display with a steam jet, high-pressure cleaner or water hose.
- Please use this product with care.
- Do not use thinners or other solvents to clean the display. Such substances can damage the surfaces.
- Warranty is not included due to wear and normal use and aging.
