Baseus Heyo Camera Detector User Manual

Please read this user manual carefully before use and keep it for future reference.

## Product Specifications

- Material: ABS + PC
- Model No.: BS-HA016
- Colour: Black/White
- Input: 5V/0.1A
- Battery capacity: 60mAh
- Indicator: Low battery: quickly flashes red
- Charging: slowly flashes red
- Fully charged: stays green
- Cable: USB to Type-C charging cable 30cm

## Instructions

- Long-press to turn on/off, press to switch between level-1 (red light on) and level-2 (red light flashes)
- Look through the red light filter lens to scan the room for hidden cameras, if there is one, there will be a highly bright red dot reflecting.

## Precautions

1. Please don't look directly at the reflecting red light for too long.
2. Please don't use this product near fire sources or in high-temperature places, and keep it dry.
3. Please keep the product out of children's reach.

#### Declaration on hazardous substances and elements contained in electronic products

Part Description	Hazardous substances and elements					
	Lead (pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent chromium (Cr VI)	Polybrominated Biphenyls (PBB)	Polybrominated Biphenyl ethers (PBDE)
PCB	X	O	O	O	O	O
Plastic	O	O	O	O	O	O
Battery	O	O	O	O	O	O
Accessory	O	O	O	O	O	O

This form is compiled by SJ/T 11364.

**O:** It indicates that the content of the harmful substance in all homogeneous materials of the component is below the limit specified in the GB/T 26572 standard.

**X:** The content of harmful substances in at least one homogeneous material of this part exceeds the limit stipulated in the GB/T 26572 standard.

**Warm Tip:** The 5-year icon refers to the “effective life of environmental protection”, not the product quality assurance period. Electronic products all contain harmful substances such as lead, mercury and cadmium. Once they are overused, harmful substances may leak or mutate, cause pollution to the environment, or cause serious damage to people and property. The term “environmental protection use” means that all electronic products will be required to be used within this effective period. We will no longer be responsible for the quality of the products due to the safety risks that arise after the safe use period.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, under Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used by the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

It is hereby declared that this product model BS-HA016 of Shenzhen Times Innovation Technology Co., Ltd.,

complies with the provisions of Directive 2014/30/EU, Directive 2011/65/EU. The full text of the EC Declaration of Conformity can be found on the following website: [www.baseus.com](http://www.baseus.com)

This equipment complies with the provisions of Directive 2012/19/EU Directive 2006/66/EU. It is strictly forbidden to dispose of this equipment with ordinary trash; it must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.
