## Standard Accessories

Make sure that you have all of the items shown below.

- Projector

- Remote control

- TV stick

- Quick start guide

- Power cord

- HDMI cord

- AV cord

The supplied accessories to different area may differ from those illustrated

## Quick Install

1. USB
2. HD 1
3. HD 2
4. AV IN

5. AUDIO OUT

6. TF

Please insert the TV stick into the card slot before power on.

## Quick Start

At the first time to boot up the projector, please put the batteries into RCU and make sure the TV Stick inserted into the Projector, and then get the RCU close to the projector, the TV Stick will be paired with the RCU automatically.

If pair failed please press “BACK”  and “HOME”  to start pairing manually and the blue LED on when accomplished.

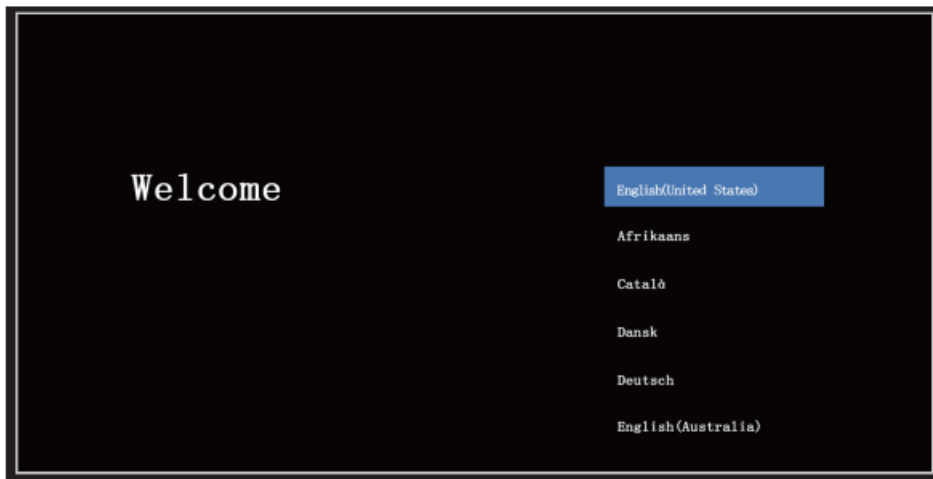

The projector will present TV Stick input as default after booting up, you may select other input source manually.

## Quick Setting

Select the TVSTICK language.

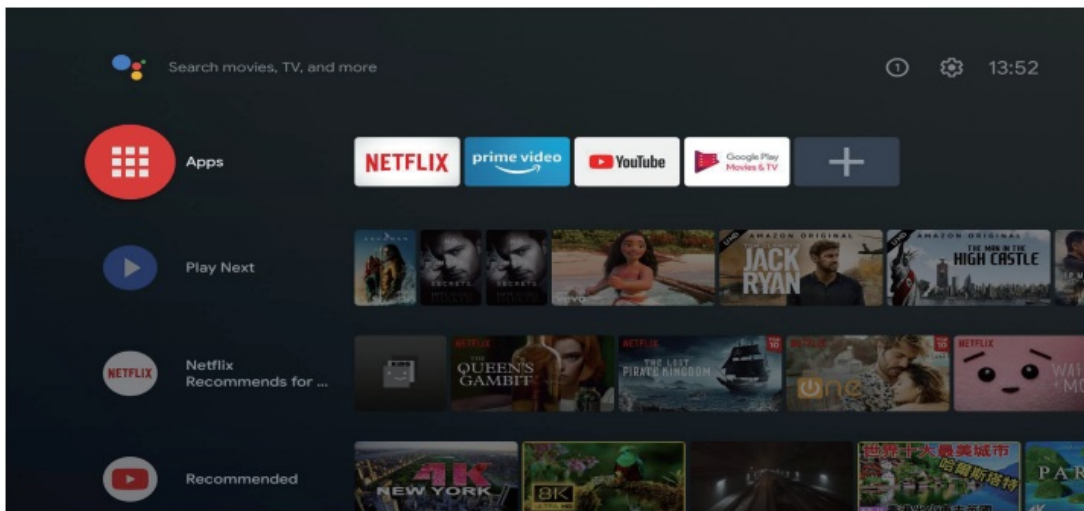

Set up your TV with an Android phone or tablet.  
Or set up step by step using remote control.

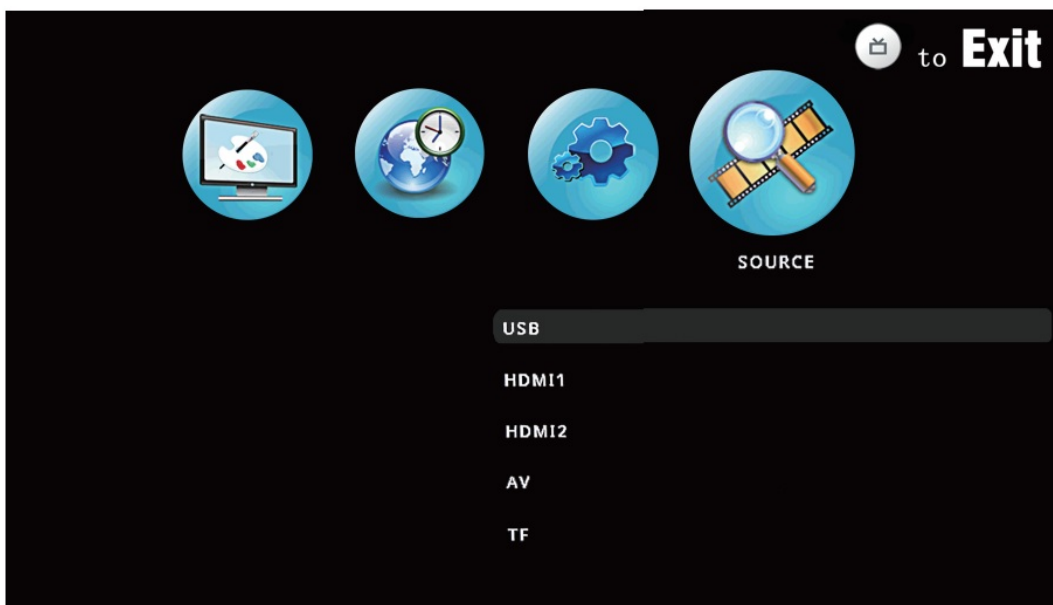

Press the Google Assistant button on your remote to talk to Google.

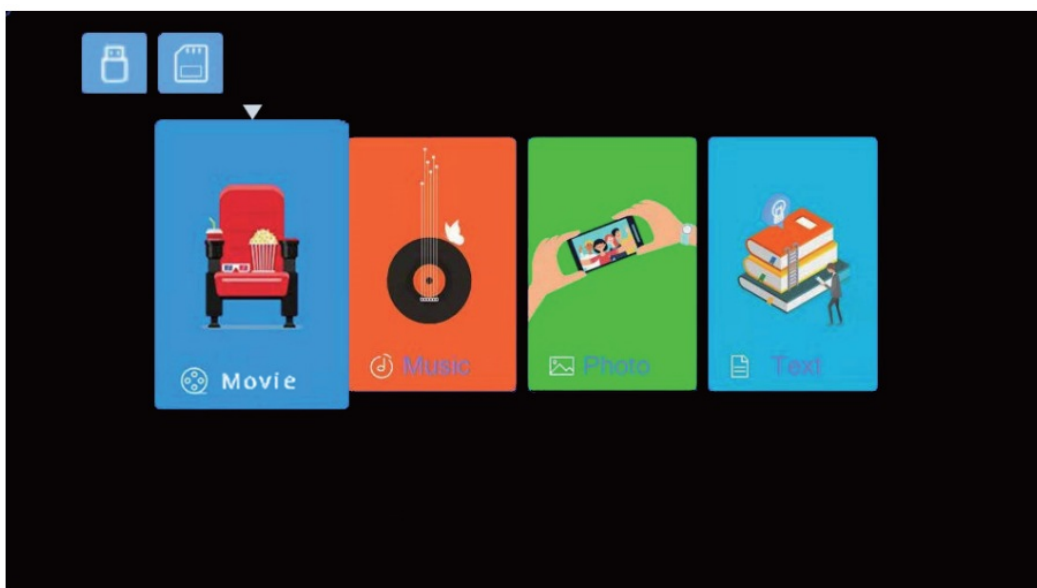

Get all apps and games from Google play.

When you want to make settings of the projector please press **"SOURCE"**  to enter projector setting mode and the **red LED** will blink once.

And then press **"SETTING"**  to make settings of projector, and press **"TV"**  to come back to TV stick mode.

---
