- Version: 1.0

Safety Instruction

1. Please read and follow all instructions.
2. Keep the apparatus away from water, except for outdoor products.
3. Clean only with a dry cloth.
4. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
5. Do not install near any heat sources such as radiators, heat registers, stoves or other apparatus (including amplifiers) that produce heat.
6. Use only attachments/accessories specified by the manufacturer.
7. Use only specified carts, stands, tripods, brackets, or tables.

Use caution to prevent tip-over when moving the cart/apparatus combination.

8. Avoid installing in confined spaces like bookcases.
9. Do not place near naked flame sources, such as lighted candles.
10. Operating temperature range 5° to 45°C (41° to 113°F).

Warning

- As with all small batteries, the batteries used with this product should be kept away from small children who still put things in their mouths. If they are swallowed, promptly call your local poison control center.
- Always remove battery if consumed or if product is to be left unused for a long time.
- Clean the battery contacts and also those of the device prior to battery installation.
- Replacement of a battery with an incorrect type that can defeat a safeguard! Replace only with the same or equivalent type.
- Replace all batteries of a set at the same time, ensure the batteries are installed correctly with the regard to polarity (+ and -).
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
- Attention should be drawn to the environmental aspects of battery disposal.
- Batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like.

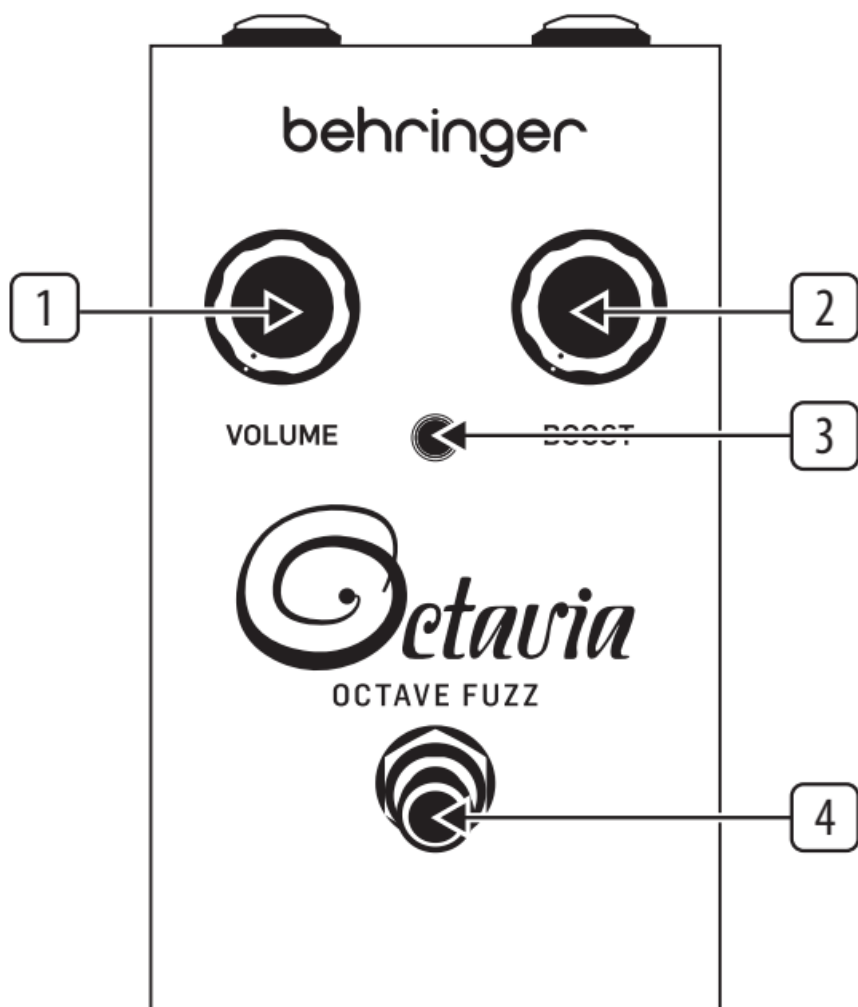

Hook-Up

OCTAVIA OCTAVE FUZZ Controls

Controls

1. **VOLUME** – Controls the output volume.
2. **BOOST** – Controls the amount of fuzz distortion.
3. **LED** – Lights when the effect is active.
4. **FOOTSWITCH** – Turns the effect on and off.
5. **INPUT INST.** – Plug your instrument into this jack using instrument cables with ¼" TS connectors.
6. **OUTPUT AMP** – Send the signal to other pedals or guitar amp via instrument cables with ¼" TS connectors.
7. **DC IN** – Connect a standard 9 V / 100 mA power supply to this jack. Power supply not included.

Battery Operation

OCTAVIA OCTAVE FUZZ can also be powered using a single 9 V battery. Loosen the rear screws until the backplate swings open, and install the battery by pressing the battery terminals into the battery clip. The SERIAL NUMBER is located at the bottom.

Specifications

Connectors

- Input 1 x 1/4" TS jack, unbalanced
- Impedance 200 kΩ , unbalance
- Output 1 x 1/4" TS jack, unbalanced
- Impedance 10 kΩ , unbalanced
- Power input Standard 9 V DC,
- center negative, 100 mA
- Battery option Internal 9 V battery connector
- Current consumption 10 mA

Physical/Weight

- Dimensions 70 x 80 x 140 mm (H x W x D) (2.8 x 3.2 x 5.6")
- Weight 0.52 kg (1.15 lbs)

OCTAVIA OCTAVE FUZZ

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However,

there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Important information

Changes or modifications to the equipment not expressly approved by Music Tribe can void the user's authority to use the equipment.

Hereby, Music Tribe declares that this product is in compliance with General Product Safety Regulation (EU) 2023/988, Directive 2014/30/EU, Directive 2011/65/EU and Amendment 2015/863/EU, Directive 2012/19/EU, Regulation 519/2012 REACH SVHC and Directive 1907/2006/EC. Full text of EU DoC is available at <https://community.musictribe.com/>

Correct disposal of this product: This symbol indicates that this product must not be disposed of with household waste, according to the WEEE Directive (2012/19/EU) and your national law. This product should be taken to a collection center licensed for the recycling of waste electrical and electronic equipment (EEE). The mishandling of this type of waste could have a possible negative impact on the environment and human health due to potentially hazardous substances that are generally associated with EEE. At the same time, your cooperation in the correct disposal of this product will contribute to the efficient use of natural resources. For more information about where you can take your waste equipment for recycling, please contact your local city office, or your household waste collection service.

Frequently Asked Questions

- **Q: Can I use the OCTAVIA OCTAVE FUZZ pedal with other instruments besides guitars?**

A: The OCTAVIA OCTAVE FUZZ pedal is primarily designed for use with guitars, but it can also be used with

other instruments like bass guitars or keyboards for experimental sounds.

- **Q: How do I adjust the octave up effect on the pedal?**

A: To adjust the octave up effect, use the dedicated control knob on the pedal. Turn the knob clockwise to increase the octave up effect and counterclockwise to decrease it.

- **Q: What power source does the OCTAVIA OCTAVE FUZZ pedal require?**

A: The pedal can be powered using a standard 9V DC power supply. Make sure to use a compatible power adapter to avoid any damage to the pedal.
