## Important Safety Instructions

Terminals marked with this symbol carry electrical current of sufficient magnitude to constitute risk of electric shock.

Use only high-quality professional speaker cables with 1/4" TS or twist-locking plugs pre-installed. All other installation or modification should be performed only by qualified personnel.

This symbol, wherever it appears, alerts you to the presence of uninsulated dangerous voltage inside the enclosure – voltage that may be sufficient to constitute a risk of shock.

This symbol, wherever it appears, alerts you to important operating and maintenance instructions in the accompanying literature. Please read the manual.

### Caution

To reduce the risk of electric shock, do not remove the top cover (or the rear section). No user serviceable parts inside. Refer servicing to qualified personnel.

### Caution

To reduce the risk of fire or electric shock, do not expose this appliance to rain and moisture. The apparatus shall not be exposed to dripping or splashing liquids and no objects filled with liquids, such as vases, shall be placed on

the apparatus.

### Caution

These service instructions are for use by qualified service personnel only. To reduce the risk of electric shock do not perform any servicing other than that contained in the operation instructions. Repairs have to be performed by qualified service personnel.

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Use only attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus.  
When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

13. Unplug this apparatus during lightning storms or when unused for long periods of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. The apparatus shall be connected to a MAINS socket outlet with a protective earthing connection.
16. Where the MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
17. Correct disposal of this product: This symbol indicates that this product must not be disposed of with household waste, according to the WEEE Directive (2012/19/EU) and your national law. This product should be taken to a collection center licensed for the recycling of waste electrical and electronic equipment (EEE). The mishandling of this type of waste could have a possible negative impact on the environment and human health due to potentially hazardous substances that are generally associated with EEE. At the same time, your cooperation in the correct disposal of this product will contribute to the efficient use of natural resources. For more information about where you can take your waste equipment for recycling, please contact your local city office,

or your household waste collection service.

18. Do not install in a confined space, such as a book case or similar unit.
19. Do not place naked flame sources, such as lighted candles, on the apparatus.
20. Please keep the environmental aspects of battery disposal in mind. Batteries must be disposed-of at a battery collection point.
21. This apparatus may be used in tropical and moderate climates up to 45°C.

## TRUTH B1030A Controls

### Step 2: Controls

## TRUTH B1030A Getting started

### Step 3: Getting started

1. Place the monitor speakers at head level, unobstructed and at equal distances to the left and right of your listening position.

2. Connect the included power cables to each monitor speaker. Connect the other end to a mains outlet properly configured for your particular model. DO NOT turn the power on yet! If possible, connect both monitor speakers and the mixing console to the same outlet to avoid ground loops.

3. Connect the audio source to the inputs of the monitor speakers.

If connecting to a mixer, the main XLR outputs from the mixer are preferable. You may also connect the audio outputs from a computer using an interface such as the UCA222.

4. Turn on your mixer, computer, or other audio source.

UCA222

5. Turn on the power to each speaker by flipping the power switch. This is located on the back panel. The ON LED will light up.

6. Adjust the INPUT TRIM knob on the back of each monitor to the center (0 dB) position.

7. Start playing your audio source and slowly increase the volume until you reach a comfortable listening level.

## Specifications

<b>Audio Inputs</b>	
XLR connector	balanced input
¼" TRS	balanced input
RCA	unbalanced input
Input impedance	10 kΩ
Input Trim	-6 dB to +6 dB
Max. input level	+22 dB
<b>Transducer</b>	
High-frequency driver	Ultra-high resolution 1" dome tweeter
Low-frequency driver	5 ¼" diameter Kevlar diaphragm
<b>Amplifier Output Power</b>	
<b>Low-frequency driver</b>	
RMS @ 0.1 % THD (sine wave)	35 W @ 4 Ω
Peak power	50 W @ 4 Ω
<b>High-frequency driver</b>	
RMS @ 0.1 % THD (sine wave)	15 W @ 4 Ω
Peak power	25 W @ 4 Ω
<b>Crossover</b>	

Type	Active
Crossover frequency	4.3 kHz
<b>System Specification</b>	
Frequency Response	50 Hz to 20 kHz
Sound pressure level	max. 110 dB SPL @ 1 m (pair)
<b>Frequency Band Allocation</b>	
Low frequency	
Room compensation	
High Frequency	
<b>Power Supply</b>	
<b>Fuse</b>	
100-240 V~, 50/60 Hz	T 1.6 A H 250 V
<b>Power consumption</b>	
100-240 V~, 50/60 Hz	Standard IEC connector
<b>Mains connection</b>	Standard IEC connector
<b>Dimensions</b>	
Dimensions (H x W x D)	11.3 x 7.8 x 11" 288 x 198 x 280 mm

Weight	12 lbs / 5.5 kg

**TRUTH B1030A**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

**Important information:**

Changes or modifications to the equipment not expressly approved by Music Tribe can void the user’s authority to

use the equipment.

Hereby, Music Tribe declares that this product is in compliance with Directive 2014/35/EU, Directive 2014/30/EU, Directive 2011/65/EU and Amendment 2015/863/ EU, Directive 2012/19/EU, Regulation 519/2012 REACH SVHC and Directive 1907/2006/EC.
