beryko NFC A2433, Non NFC A2437 Smart Watch

# **Specifications**

• Model number: NFC A2433/ Non NFC A2437

• Bluetooth version: V5.2

• Bluetooth output power:

# **Product Usage Instructions**

# **Package Contents**

• The package includes the watch, charging base, and user manual.

### **About the Watch**

• The watch features an upper button to access the application list and a lower button for various functions. It also includes a heart rate sensor and charging contacts. If the watch doesn't turn on, charge it before trying again.

# **Pairing the Watch**

- 1. Download and install the Zepp app from Google Play Store or Apple App Store.
- 2. Register an account and log in to the app.
- 3. Follow the app's prompts to pair the watch correctly.

### **Notes**

- Use the latest version of the app for better performance.
- Ensure your mobile phone's operating system is Android 7.0, iOS 14.0, or above.

• Do not pair the watch directly via Bluetooth; use the app for pairing.

# **Charging the Watch**

- 1. Connect the charging base to a power source using a Type-C USB cable.
- 2. Place the watch correctly on the charging base for charging to begin.
- 3. Monitor the charging progress on the watch screen.

### **Notes**

• Always use the provided charging base and ensure it is dry before charging.

# Wearing the Watch

- 1. Wear the watch at least one finger's distance away from your wrist for accurate measurements.
- 2. During workouts, wear the watch tightly to prevent shaking.
- 3. Loosen the strap after workouts for comfort.
- 4. Ensure correct placement on your wrist for blood oxygen saturation measurements.

# **Package Contents**

### **About the Watch**

**Note:** If the watch cannot be turned on by pressing and holding the upper button, charge the watch and try again.

# **Pairing the Watch**

Zepp is a must-have app for this watch. It provides scientific sleep and workout guidance and personalized health services to help you start a healthy lifestyle.

- 1. Use your mobile phone to scan the QR code on the right side to download and install the app, or search for the app in the Google Play Store or Apple App Store and then download and install the latest version of the app.
- 2. Open the app, register an account and log in.
- 3. Pair the watch as prompted by the app.

# **Download Zepp App**

#### Notes:

- 1. For better user experience, please use the most recent version of the app.
- 2. The operating system needs to be Android 7.0, iOS 14.0, or above.
- 3. Do not pair the watch directly using your mobile phone's Bluetooth. Follow the steps in the app to pair your watch correctly.

# **Charging the Watch**

- 1. Use a Type-C USB cable to connect the charging base to a power adapter or computer. Ensure a secure connection for proper charging.
- 2. Put the watch into the charging base. Pay attention to the direction and position of with the charging base.
- 3. When charging starts, the watch screen displays the charging progress.

# Notes:

- 1. Please use the charging base that comes with the watch. Make sure that the charging base is dry before charging.
- 2. To ensure optimal charging efficiency, it is recommended to use a power adapter with a charging current of 1A or above.

# Wearing the Watch

- 1. In order to ensure the accuracy of heart rate, blood oxygen, and other measurements, please wear your watch at a distance of at least one
- 2. During workout, please wear it as tightly as possible to ensure that the watch does not shake. Wear your watch at a distance of at least one After workout, you can loosen the strap appropriately to ensure a comfortable wear experience.
- 3. When measuring blood oxygen saturation, wear the watch correctly. Avoid wearing the watch on the wrist joint, and keep your arm still throughout the measurement process.

**Note:** When affected by external factors (arm sag, arm sway, arm hair, tattoo, etc.), the measurement result may be inaccurate or the measurement may fail and provide no output.

# **Battery Safety**

- 1. This device is equipped with a built-in battery that cannot be removed or replaced. Do not disassemble or modify the battery by yourself.
- 2. Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- 3. Leaving a battery in an extremely high temperature surrounding environment can result in an explosion or the leakage of flammable liquid or gas.
- 4. A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
- 5. Do not use unauthorized or incompatible power adapters or data cables, which may damage the watch and accessories, or cause fire, explosion, or other hazards.

### Safety Notice

- 1. Do not allow children or pets to bite or swallow the product or its accessories, as this may cause injury.
- 2. Do not place this product under excessively high or low temperatures, which may cause the product to catch fire or explode.
- 3. Do not place this product near heat sources or open flame, such as ovens and electric heaters.
- 4. Some people may experience allergic skin reactions to plastics, leathers, fibers, and other materials, and symptoms such as redness, swelling, and inflammation will occur after long-term contact with this product's components. If you experience such symptoms, please discontinue use and consult your doctor.
- 5. Do not use unauthorized or incompatible power adapters or data cables, which may damage the watch and accessories, or cause fire, explosion, or other hazards.
- 6. The radio waves generated by this product may affect the normal operation of implanted medical devices or personal medical devices, such as pacemakers and hearing aids. If you use any such medical devices, consult the manufacturer for relevant usage restrictions.
- 7. Do not dispose of this device or its accessories as ordinary household waste. Please make sure you dispose of or recycle this device and its accessories in accordance with local laws and regulations.

# **Repair and Maintenance**

- 1. Avoid using detergents such as soap, hand sanitizer, bath foam, or lotion for cleaning to prevent chemical residues from irritating the skin, corroding the device, or degrading the water resistance of the device.
- 2. After wearing the device while bathing (for devices that support bathing), swimming (for devices that support swimming), or sweating, please promptly clean and dry the device.
- 3. The leather strap is not waterproof. Avoid getting the strap wet, as this may shorten its service life.
- 4. When using light-colored watch straps, avoid contact with dark clothing to prevent staining,
- 5. Do not wear your watch during snorkeling, hot showers, hot springs, saunas (steam rooms), diving, underwater diving, water skiing, and other activities involving high-speed water currents.
- 6. Do not place the device in direct sunlight for long periods. Excessively high or low ambient temperature may

cause device failure.

- 7. Handle with care during transportation. Keep the device dry and away from humidity
- 8. Do not wear the watch in MRI examinations and other highly magnetic environments. Otherwise, the watch may be damaged.
