MOD-370-SADV Semi Auto Dual Column Bandsaw

 STABILITY	Twin-column vertical descent on ball bearing guides
 CONTROL	Simple and intuitive controls
 RESISTANCE	Reducer unit with hardened and ground gears
 EFFICIENCY	High working performances
 QUALITY	Top quality components
 RELIABILITY	Availability of spare parts or 20 years

Semiautomatic SA DV

Semiautomatic band saw machine with bow and vice movement at hydraulic control, automatic fast up/down bow movement controlled by feeler pin and cutting progress with infinitesimal adjustment. Twin-column vertical descent on ball bearing guides which grants high precision cutting and absolute reliability. Double safety button for cycle start and low voltage electrical system according to EC rules. The machine can be equipped with roller tracks and related accessories.

Cutting speed	40 – 80 m/min
Working surface height	830 mm
Blade motor	1,5 kW (V400)
Hydraulic pump motor	0,75 kW
Cooling pump motor	0,06 kW

= RAL 3002 – RAL 7022

Standard Accessories

Millimetre rule 0-500 mm with mechanical length stop<

Cleaning brush

Infeed roller

Optional Accessories

Mechanical bundle clamping device

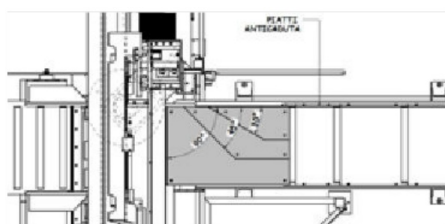

Hydraulic bundle clamping device

Frequency converter

(m/1' 20-100)

To connect the roller tracks to the machine are required connection plates on request

Cutting angle display

Dry cooling device

Adjustable vice pressure

Blade deflection control device
