Black Shark FunCooler 3 Pro with RGB Light Global Version Fast Cooling Fan

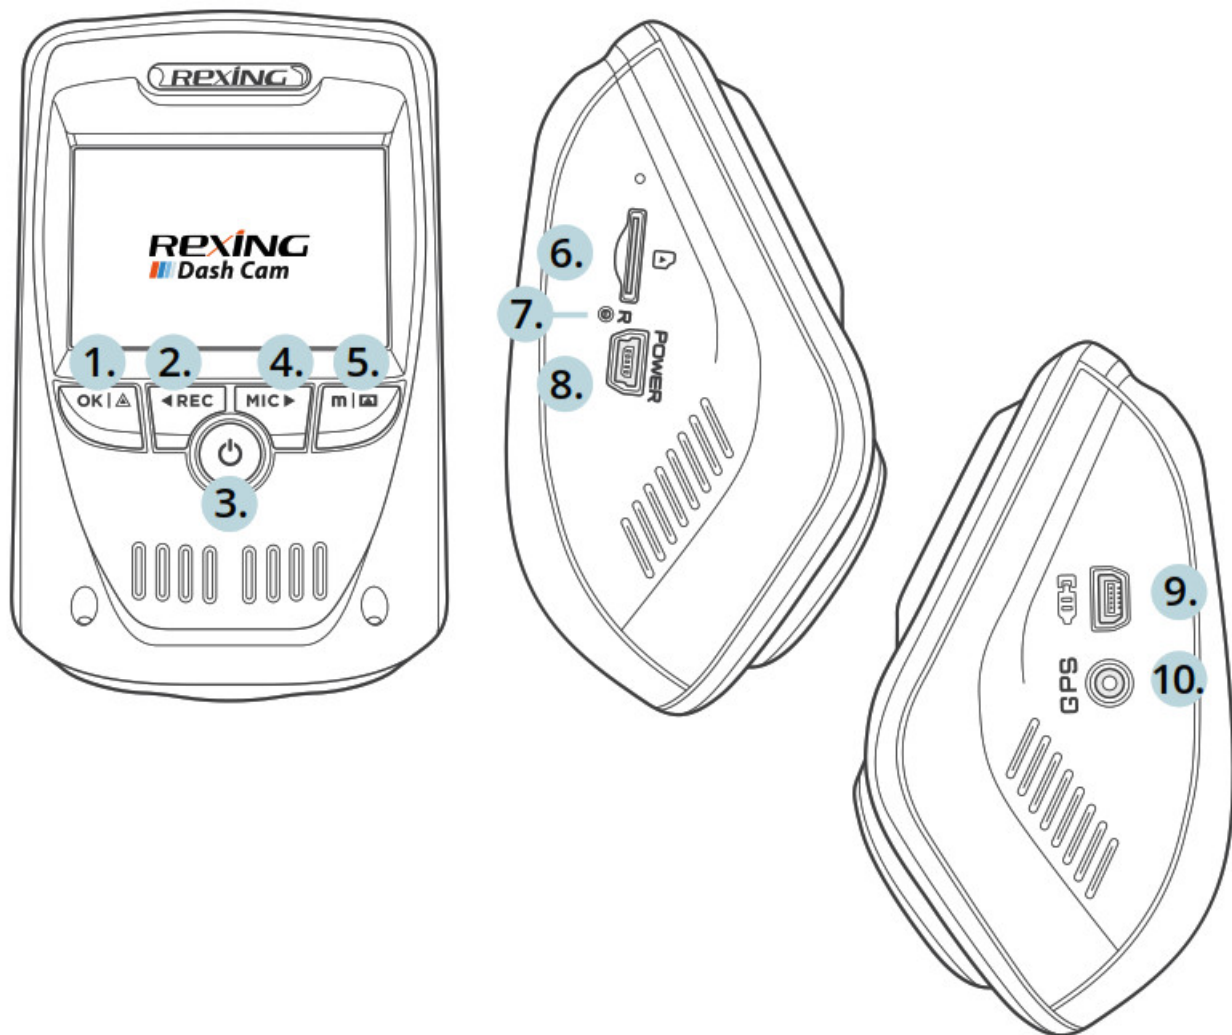

Black Shark FunCooler 3

Specifications

- **Product Name:** Black Shark FunCooler 3
- **Model:** BR32
- **Power port:** Type-C
- **Compatibility:** Phones of width between 69mm and 85mm
- **Contents:** Cooler x 1, User manual x 1

Device Layout

The Black Shark FunCooler 3 features the following components:

- Working indicator
- On/Off Switch
- Type-C power port

How to Use Your Cooler

1. **Step 1:** Prepare the Device

Before using the cooler, please remove the protective film from the bottom of the device.

2. **Step 2:** Attach the Cooler to Your Phone

Pull the side arms of the device to fit your phone and attach the device to the back of the phone. Make sure to keep it as close as possible to your phone.

Attach Cooler

3. **Step 3:** Connect the Adapter

1. Connect the adapter to the device through the Type-C port.
2. Ensure that the output power of the adapter is 5V 2A or higher.
3. **Note:** When the device is working, the temperature of the device decreases. As a result, warm and humid air may condense into water droplets and attach to the surface of the device. This is a normal occurrence.
4. **Important:** Please disconnect the adapter when you stop using this device.

Declaration of Conformity

The Black Shark FunCooler 3 complies with all relevant standards and regulations.

For More Information

If you need more information or have any questions, please refer to the user manual or contact our customer support.

Frequently Asked Questions (FAQ)

1. Can the Black Shark FunCooler 3 be used with any phone?

The Black Shark FunCooler 3 is compatible with phones of width between 69mm and 85mm. Please ensure that your phone falls within this range.

2. What should I do if water droplets form on the device?

It is normal for water droplets to form on the device when it is working. Simply wipe them off with a clean cloth.

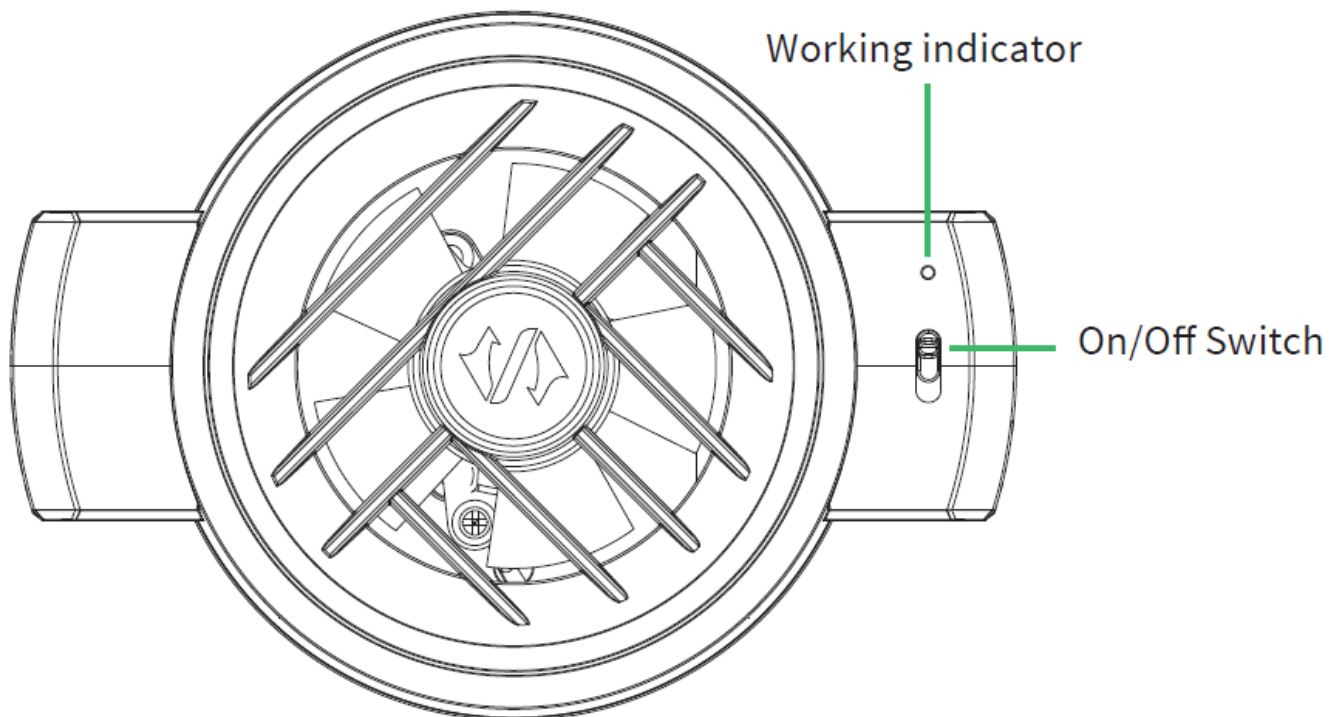

3. Can I leave the Black Shark FunCooler 3 connected to my phone all the time?

It is recommended to disconnect the adapter when you stop using the device to conserve power and prevent any potential damage.

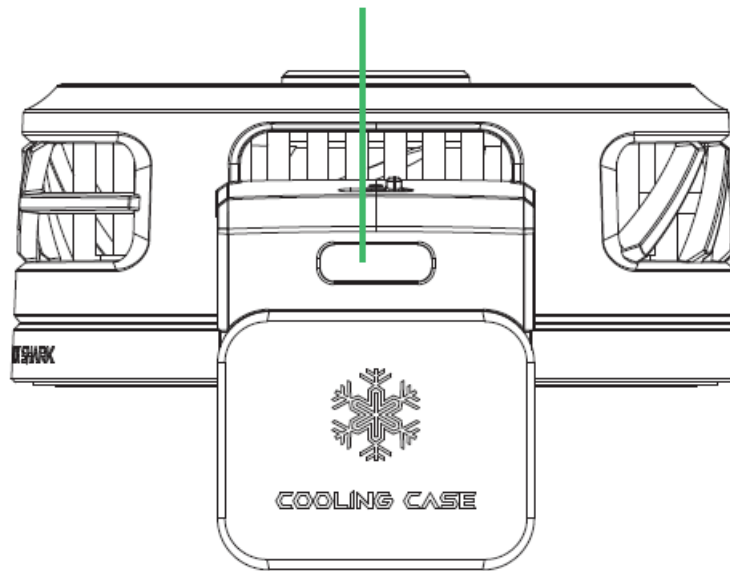

Black Shark FunCooler 3
