H2111705 Blink Doorbell Camera App

Getting Started with Blink is easy

1. Download the Blink Home Monitor app.
2. Remove the back cover from your Video Doorbell using the included tool and insert the batteries.
3. Add your Video Doorbell to your account in the Blink app.
4. Select wired or wire-free configuration in the app and follow the instructions to complete setup.

For setup, mounting and hardwire installation instructions, go to blinkforhome.com/setup or scan the QR code.

WARNING. Risk of electric shock. Do not directly connect your Video Doorbell to the electrical main.

Documents / Resources

 A small thumbnail image showing the first step of the Blink app setup process, titled 'Getting started with Blink is easy!'. It lists four steps: 1. Download the Blink Home Monitor app, 2. Remove the back cover from your video doorbell, 3. Add your video doorbell to your account, and 4. Select wired or wire-free configuration. A QR code is visible at the bottom right of the thumbnail.	blink H2111705 Blink Doorbell Camera App [pdf] Instructions H2111705, 2AF77-H2111705, 2AF77H2111705, H2111705, Blink Doorbell Camera App
