blu Ionic Multi Stage Shower Filter

INTRODUCTION

Congratulations on purchasing your blu Ionic Shower Filter “ISF” – Wall Mount, a state-of-the-art multi-stage shower filter and hi-tech shower all in one. Our innovative water purification technology will effectively reduce harmful pollutants, solid impurities, save shower water and heating consumption, and will fill your shower environment with healthy negative ions. The blu Ionic Shower Filter “ISF”- Wall Mount will redefine the pleasures of your shower experience.

Main Functions:

- The Nano Molecular Cluster Refill Cartridge ‘NMC’ is a revolutionary water purification medium, using the latest in Nano-Technology, proven to be up-to 10 times more effective than KDF55 in water filtration. It is made from high grade nano-metal clusters that are highly permeable and efficiently removes harmful pollutants and is also highly effective in eliminating harmful shower-head and shower water bacteria such as E-coli, Legionella, Paratuberculosis, Staphylococcus and more.
- The Ionic Stainless Steel Spray Plate is the key source for generating healthy negative ions through its 244 circular perforations; it is made of the highest grade stainless steel SUS-304 which also helps to prevent limescale build-up thus minimizing shower head bacteria. Negative ions produce biochemical reactions that increase levels of the mood chemical serotonin, helping to alleviate depression, relieve stress, boost your

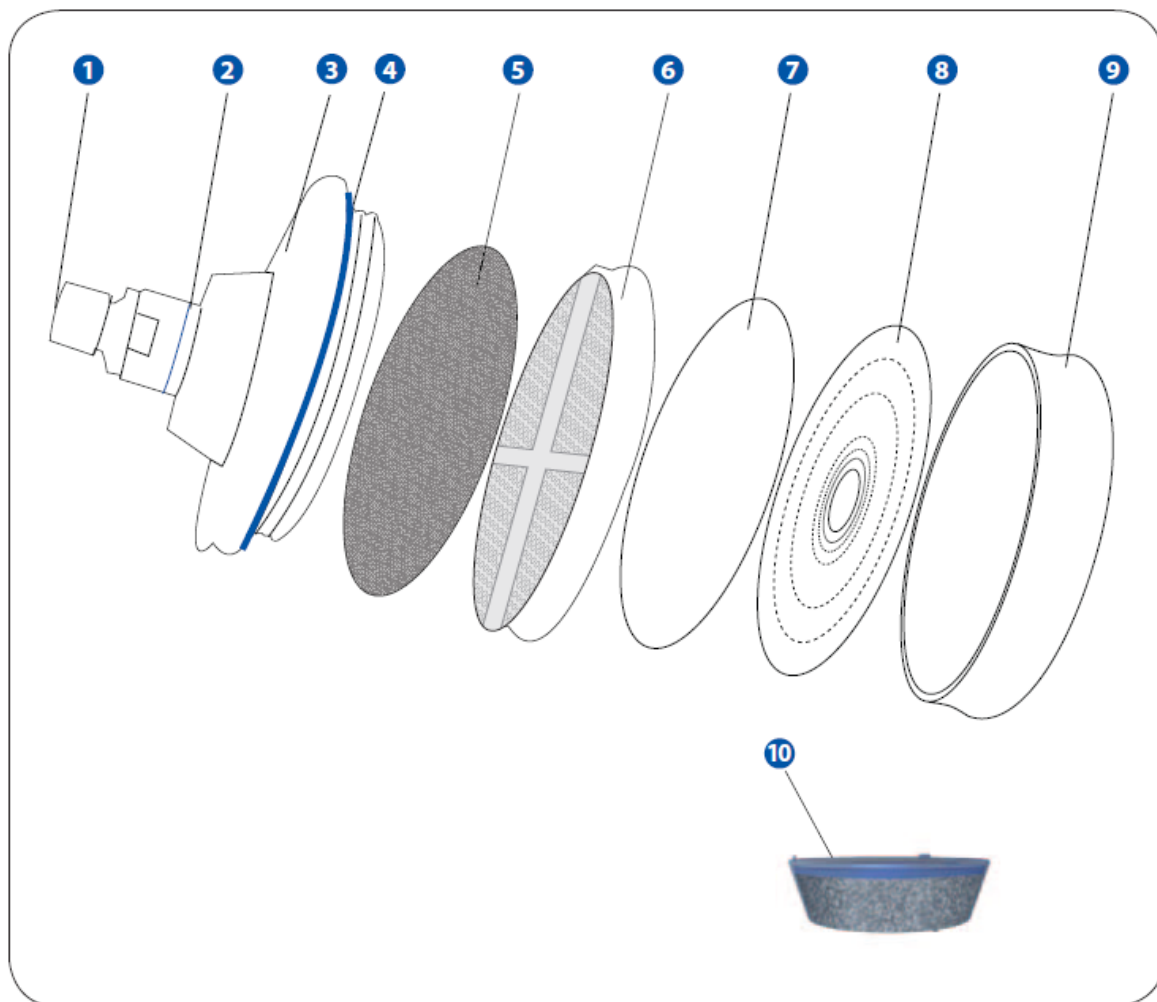

energy, thus increasing your overall well-being.

- The German Neoperl® Flow Controller regulates the water flow to comply with the highest international energy saving standards; it effectively reduces your water and heating consumption by up to 50% without compromising the shower water pressure and comfort whilst adopting simple but yet beneficial Green Practice: save water – save the world!

Main Advantages:

- Effectively ionizes and purifies your shower experience.
- Minimizes the shower head bacteria phenomena and has anti-limescale characteristics
- Easy to install and clean.
- Removes up to 99% of harmful pollutants and bacteria commonly found in unfiltered shower water.
- Minimizes hair loss and hair thinning.
- Super hydrates your skin.

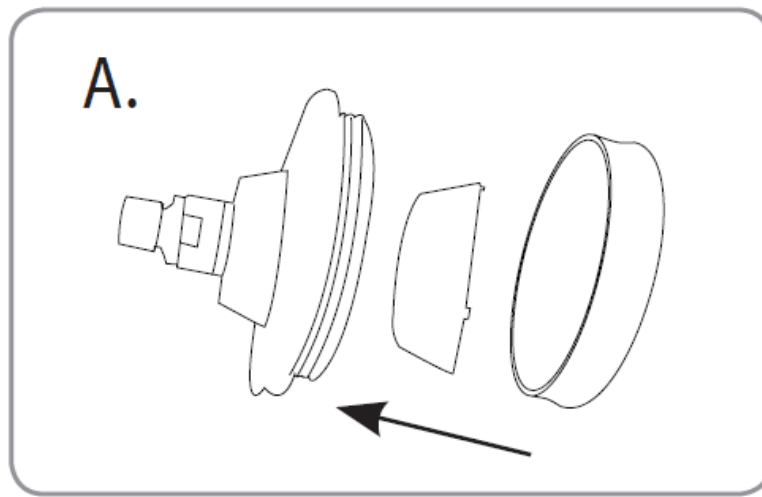

PRODUCT PARTS

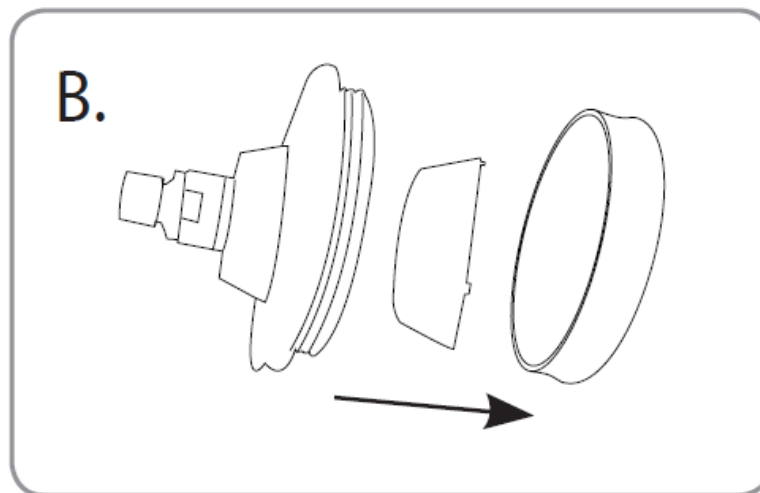

1. Tap Silicone Gasket
2. ISF – Wall Mount Neck Silicone Ring
3. ISF – Wall Mount Head Body
4. ISF – Wall Mount Décor Ring
5. Upper Stainless Steel Mesh
6. ISF – Wall Mount Chamber
7. O-Ring
8. ISF – Wall Mount Ionic Stainless Steel Spray Plate*
9. ISF – Wall Mount Head Cap
10. ISF – Wall Mount Nano Molecular Cluster “NMC” Refill Cartridge

INSTALLATION

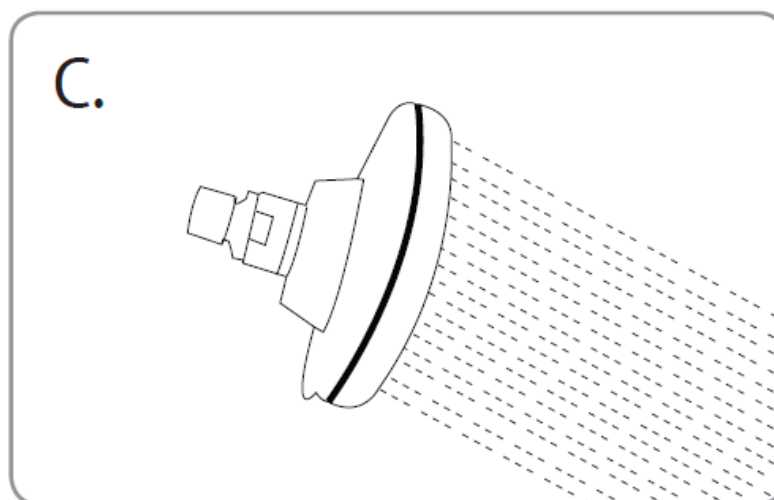

- A. Unscrew your blu Ionic Shower Filter “ISF” – Wall Mount. Insert the upper Refill Cartridge of your choice into the ISF Wall Mount Head.

- B. To change your Refill Cartridge: remove the Neoperl Flow Controller, push the Refill Cartridge out.

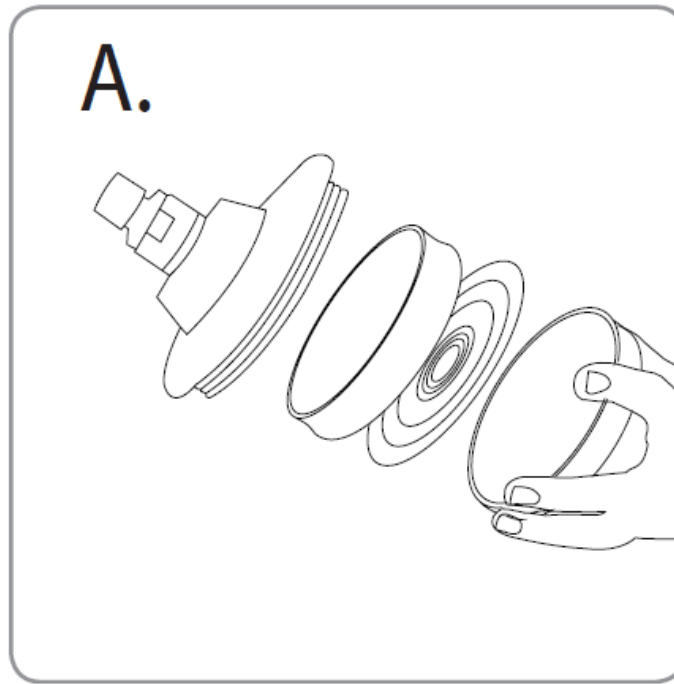

- C. Screw the Wall Mount Head Cap back onto the Wall Mount Head, and start enjoying your blu Ionic Shower Filter “ISF” – Wall Mount!

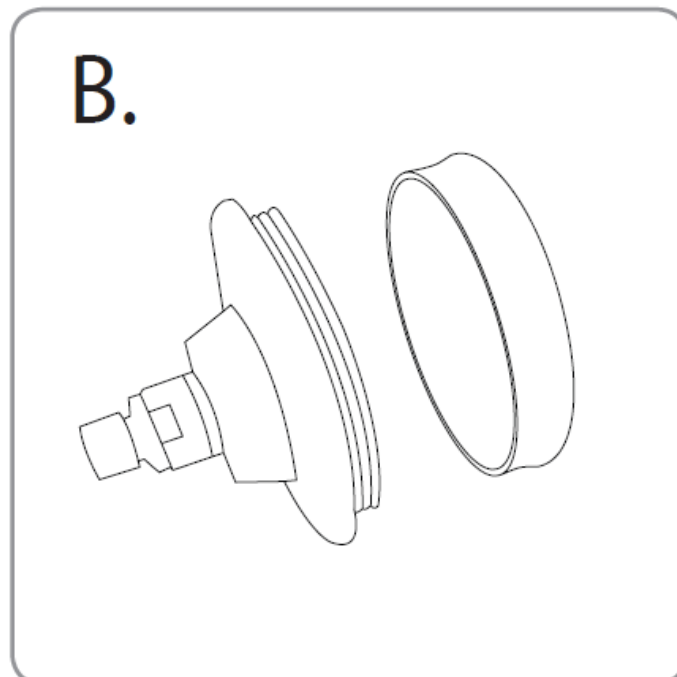

MAINTENANCE

- A. Unscrew the Wall Mount Head Cap from the Head Body. Remove the Chamber and

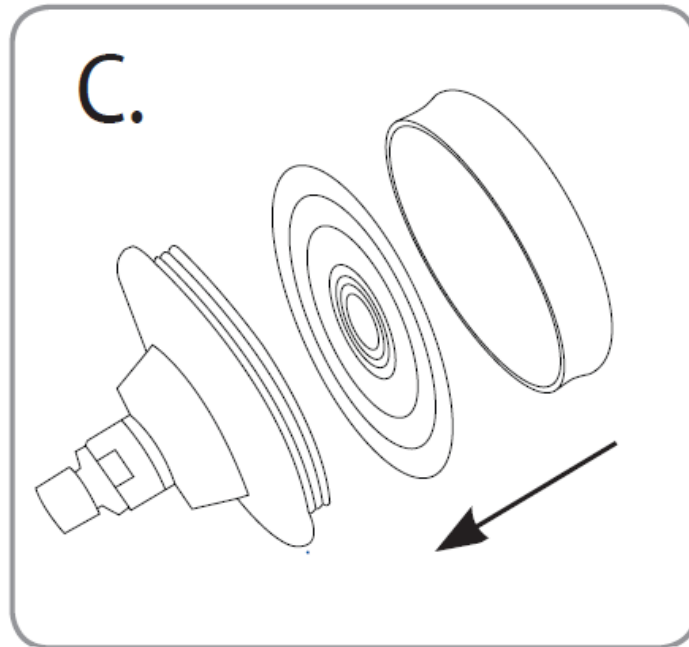

the Ionic Stainless Steel Spray Plate.

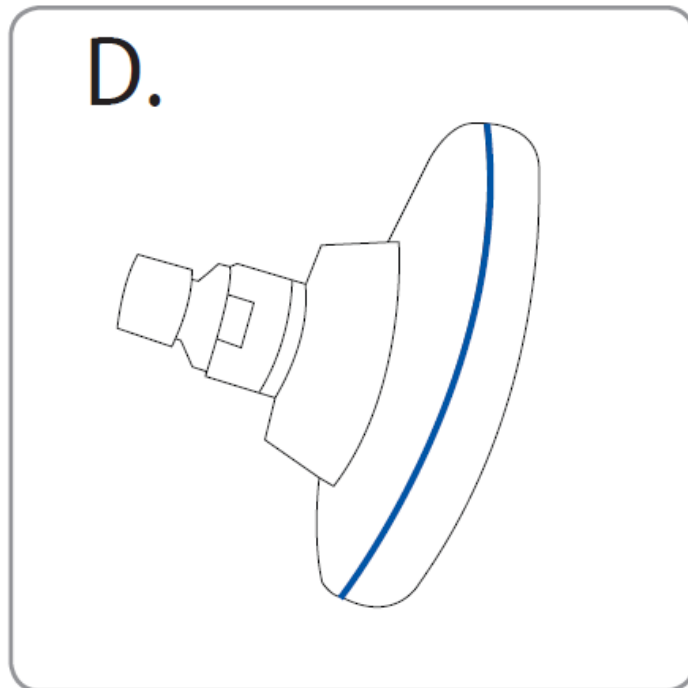

- B. Clean the Chamber thoroughly by brushing off all the impurities and soaking it in vinegar water.

- C. Once cleaned, refit the Upper Chamber back into the Wall Mount Head, followed by the Ionic Stainless Steel Spray Plate.

- D. Screw the Wall Mount Head Cap back on. Make sure there is no gap left between the Décor Ring and Wall Mount Head Body, ISF – Wall Mount is locked firmly.

PERIODIC MAINTENANCE & USAGE RECOMMENDATIONS

The blu Ionic Shower Filter “ISF” – Wall Mount goes a long way to redefining your shower pleasures, efficiently purifying and ionizing your shower experience in addition to saving you money on water and heating.

Please follow the recommended periodic maintenance instructions and tips below to get the best out of your blu Ionic Shower Filter “ISF” – Wall Mount:

1. On a monthly basis clean the following components by soaking them for 10 minutes

in vinegar water, use a soft brush to remove the stains and impurities then rinse thoroughly:

- Chamber including Stainless Steel Mesh filter
- Ionic Stainless Steel Spray Plate

Recommended: Replace every 10-12 Months (28,000 Liters)*

2. The 'NMC' Nano Molecular Cluster Refill Cartridge is one of the most effective mediums that will help effectively remove up to 99% of harmful pollutants. NMC is also highly effective in eliminating harmful shower-head and shower water bacteria such as E-coli, Legionella, Paratuberculosis, Staphylococcus and more.

Recommended: Replace after 70-100 showers*

Warning: Failure to use the supplied Neoperl Flow Controller may result in damage to the "ISF"- Wall Mount.

IMPORTANT SAFETY TIPS & INSTRUCTIONS

- Keep the Nano Molecular Cluster and Aromatherapy Gel Refill (optional) Cartridges in an upright position in a cool (below 25°C) dry place and always avoid its exposure to sunlight.
- Do not open the cap of the refill cartridges under any circumstance. Prior to usage, please remove the sticker "Peel off" on top of the Aromatherapy Gel Refill Cartridge.
- The disposal of used and empty refill cartridges should be done according to the local public regulations. The material does not contain any harmful substances for the environment.
- The Stainless Steel Mesh Inserts and the Ionic Stainless Steel Spray Plate are sharp objects, please handle with extreme caution using gloves or thick cloth.

FAQ

What are the effects of chlorine on the human body?

It can damage the hair and skin and can cause health complications. There is a wealth of facts from the world's leading scientific and medical institutions on the harm of chlorine.

How does the blu Ionic Shower Filter "ISF"- Wall Mount effectively remove chlorine?

The Nano Molecular Cluster Refill Cartridge 'NMC' is a revolutionary water purification medium using the latest in nanotechnology which is the most effective medium known in water filtration techniques to effectively remove soluble heavy

metals like Pb^{++} , Cd^{++} , Cr^{++} in addition to removing harmful chlorine.

What are the benefits of showering in ionized water?

Healthy negative ions increase our body's oxygen intake, there are numerous benefits to being surrounded by them including but not limited to improving mood, energy and vitality.

Is blu Ionic Shower Filter "ISF"- Wall Mount product safe?

The blu Ionic Shower Filter "ISF"- Wall Mount is safe and tested by TÜV and Eurofins. Disclaimer: The Aromatherapy Gel Refill Cartridges (optional) have passed the EU anti-allergenic test. Few people might still potentially experience an allergic reaction to these products. Please check the ingredients on the side of the packaging. If any allergic reactions develop during usage, discontinue usage immediately and consult a physician.

How does blu Ionic Shower Filter "ISF" - Wall Mount save water and energy?

The blu Ionic Shower Filter "ISF" - Wall Mount includes a Neoperl® Flow Controller that regulates the water flow to comply with the highest international energy savings.

Does it fit my shower?

Yes, it's a standard fitting.

How does it work?

We have a multi-stage filtration system removing 99% of harmful pollutants and we are tested and verified by Eurofins, TUV and SGS

Are you sure it helps in my hair? Does it work?

We have more than 250,000 customers who purchased it and find it very effective. Please see the ratings and reviews we have on Facebook, Google, Amazon, and more. Our Shower Filter is also tested by TUV and Eurofins. We also have a multi-stage filtration system that removes up to 99% of chlorine and other harmful chemicals from the water.

Do you use it?

Yes

What if it got broken?

We have 2 years' warranty for our products.

Where it's made- Made in China?

The product is Made in China by our own production facility.

How long does the filter last?

It will last up to 70-100 Showers depending on the duration of the shower and the quality of the water.

My whole villa has filtration can I still use it?

Yes, the best filtration system for a shower should be the showerhead. It's the last thing between your skin and the water. You might have a whole house filtration but sometimes, the piping's are not clean, this can make the filter useless.

Can I bring it to another country?

Yes, the shower is a standard fitting.

What is the difference of your product compared to others?

I don't know about other filters, but our Shower Filter is tested by TUV and Eurofins and is the preferred choice of most international luxury hotel brands. We also have a multi-stage filtration system that removes up to 99% of chlorine and other harmful chemicals from the water.

• **Q: Where can I buy spare parts for these products?**

A: They can be purchased through any blu® distribution channel in your country, please visit to our website for detailed information www.swissblu.com.
